DOLE IS STILL HOPEFUL

He Thinks That Hawaiian Annexation Will Be Secured.

San Francisco, March 15 .- Advices from Honoldiu say that President Dole arrived there on March 4. He said that the Maine disaster absorbed attention in Washington prior to his departure, but that he believed that when that was quieted down Hawaiian annexation would be paramount in congress. "When I was in Washington," said Mr. Dole, "I met many friends of Hawall. They feel confident that annexdoubt whether the treaty would secure the required sixty votes in the senate. still it was the concensus of opinion that a joint resolution would carry in both houses. Mr. Roberts IO.15 a. m., week days, for Hazleton, Pottsville, Reading, Norristown, and Philadelphia; and for Sun-bury, Harrisburg, Philadelphia, is nearly 96 years of age, and is one of the prominent Quakers of the Indi-ana Yearly meeting. His wife has been dead for a dozen years. It appears that his great desire was to have young girls for his companions, and he has purchased presents of all sorts for misses. His son certified that in six years his father had expended about \$10,000, and at least \$15,000 of this amount was used to buy dresses, jewelry, furniture, flowers, etc., for his

young women friends. The venerable Jonathan had a mania for having his picture taken with his young friends, and numerous specineps were in the court room as evidence. The children ray that if allowed to continue his money spending decided that the defendant is of unsound mind, and will appoint a guardian for him without delay.

A Minister's Trials.

This narrative from a minister is of greatest value to those whose nerves are unstrung, health shattered or otherwise ailing. It is particularly appropriate in this age of active, nervous, endless labor.

We are living too fast. "Fast as light-ning," expresses it, for we talk by elec-tricity, cook by electricity, travel by electricity and so on. Its a hurry, hurry, hurry from the cradic

Its a hurry, hurry, hurry from the cradle to the grave.

We crowd too much; crowd our work, crowd our sating, crowd our pleasure, crowd our sleeping.

A "breaking down of the nervous system" is the way of expressing the result. It means a depleting of the nerves induced by prolonged strain; overtaxing of the nervous system; a product of overhurry and bustle.

It affects all people in all walks of life. It baffles physicians of all schools.

No one knows the horrors of such a condition better than Rev. J. N. Mc-Gready, of Elkton, Mich. For years he labored faithfully and well. He was progressive and aggressive; a leader among men, a deep thinker and a hard worker.

In his zeal, he overworked; overtaxed

In his zeal, he overworked; overtaxed his mental and physical strength. The outlook was dark, with health shattered and recovery apparently hopeless. Many means for a cure were tried, with-

out receiving benefit.
Finally he took Dr. Williams' Pink Pills for Pale People and was restored to health.

He says:

"In April, 1896, the physicians said I must stop preaching or die.

"I had overtaxed myself and was suffering from a complete breaking down of my nervous system and a persistent stomach trouble.

"Several physicians treated me, but no permanent benefit was derived. "Four times I was stricken with nervous prostration; twice with gastritis.
"These attacks would throw me into

consumed and I left no better. I his discouraged me.

"My wife urged me to try the pills some more, feeling that my life depended upon the result.

"I continued to take them.

"Since then, and it has been several months, I have enjoyed life.

"Have preached all summer and held revival meetings for lifteen weeks.

standing this test remarkably well.

"Every Sabbath I preach three times and now think I am good for another twenty years, if the Lord wills."

To add weight to his words, Rev. Mc-Cready made affidavit before J. D. Brookes,

Notary Public.

Dr. Williams' Pink Pills for Pale People exert a powerful influence in restoring wasted nerve power and in purifying and enriching the blood. Druggists consider them the most effective remedy which

New York March 15.-The movement of

Prices partly responded to the London initiative but did not fall fully to the London parity. A furious buying movement quickly developed which lifted the level of the whole market strongly above last night's close. The buying was most conspicuous in the local and industrial specialities but there was no lack of strength to the railway list, either, the demand for the Grangers being especially heavy. Heavy realizing met the advance and wiped out a large part of it before the first hour had expired. This was the mest active period of the day's trading. There then ensued a slow and laborious recovery which developed higher prices than the first spurt. And yet this second advance also was wiped out in practically all cases except some of the spe-cialties and the day shows not losses in most of the standard stocks extending to a point or over in some cases. Thus al-most the extreme range of the market was traversed four times during the day. There was very little in the news to ex-plain these conflicting movements and Wall street opinion of the political outlook was on the surface less apprehen-
