### THE SCRANTON TRIBUNE-WEDNESDAY, MARCH 23, 1898.

## WITCHCRAFT IN

10

**FAR-OFF ALASKA** Two Women Accused of the Crime at

Yakutat.

CLOSING OF ALL THE SALOONS

Liquor Seized at Fort Wrangel -- The Collector Determined to Enforce Prohibition Laws--Skaguny Trail Is Breaking Up Owing to the Mild Winter.

Seattle, Wash., March 22 .- The steamship Farrallon has arrived here from Alaska. She reports that all the saloons at Fort Wrangel had been closed and the liquor seized. The collector says he intends to enforce strictly the prohibition law. A number of "toughs" arrived from Dyea and Skaguay at Wrangel and several gun fights have taken place.

Vancouver, B. C., March 22 .- P. Carter, who has returned from the north, says that the American customs regulations at Skaguay and Dyea are working like a charm. Collector Ivey has returned to Alaska from Washington and is carrying out the treasury department's instructions of Feb. 2.

Mr. Carter says that Skaguay trail is breaking up owing to the early season and mild winter. The Dyea trall is no better. Klondikers are stuck at Sheep Camp. The electric tramway is not working. He thinks that the Stickeen river route is to be the best when the river is opened, which he expects to be about April 25. He advises Klondikers to remain in the cities of Scattle and Vancouver in order to be on the spot when the river boats are able to

proceed Wrangel at present has a population of 5,000.

Washington, March 22. - Secretary Pliss today made public an interesting letter from Governor John G. Brady, of Alaska, containing the observations made by him while on his annual trip of inspection to the various points on the coast. While passing up the Lynn canal, the governor says, the officers of the ship he was on saw a piece of wreekage, which was afterward ascertained to be part of the ill-fated steam-er Clara Nevada, of whose crew or passengers not one was left to tell the tale. Special attention, he says, should be paid to vessels navigating the Yu-

At Yakutat it was found that everything that had been reported to the navy department regarding the condition of affairs there was correct. The governor speaks of the practice of witchery which seems to exist to a considerable extent in that part of the country. He tells of a man and two women who were bound and tied for bewitching a man. On the ninth day the bound man was released, and as he had been given nothing to eat and but a few drinks of water he was in a shocking physical condition. The governor spent some time talking to these people, and after explaining the laws the United States, told them that in the future be would not deal leniently with those who practice witchcraft About a dozen miners were at Yakutat, wanting to proceed to the head of Disenchantment bay. Thence they were to cross over the glacier to the Olesek river, where they intended to prospect, and afterward proceed to the White river and get back to the St. Elias range of mountains.

PERILS OF AFFECTION. Few People Realize How Exhausting the Tender Sentiment Is-A Physician's Good Advice. "There is no way by which people exhaust themselves, or kill themselves so quickly as by exercising the affec-This striking remark was made by one of the best physicians in America. He was a man who had studied deeply,

observed keenly, and knew men and women thoroughly. Continuing, he said: "Sentiment is a grand, a lovely thing, and the world cannot live without it,

but the exercise of the sentiments in-variably exhausts. People may not feel it, but it is true nevertheless. A man or a woman wears out, breaks down, and then wonders at the cause. There should be no occasion for wonder. I

have explained the cause." "If the men and women of the nine teenth century do not feed the forces that produce sentiments, affections, feelings, they are certain to break down, to become exhausted, and to die before their time. Do not tell me these things are theories, for they are solemn facts.

"You ask me what I would do," he continued. "I answer: Begin to feed these forces; feed them constantly; feed them with the best and most scientific discovery you can secure. If

you ask me what is the best, I unhesitatingly say it is that grand preparation which has been so long before the people and is so popular, Warner's Safe Cure. I know that it possesses powers known to no other discovery, and I know that thousands of men and women cannot live without it today. If

you will stop and think, or ask your friends, you will see that what I say is correct, and I believe be led to try it at once if you have not already done The facts stated by the doctor and

the advice he gives are sound. It is absolutely true that many men and women are enabled to live and enjoy life entirely through the power which this great remedy gives them, and there are thousands of others who need to follow in the same path.

### SIMOVITCH IS INSANE.

### Man Brought Back from Kansas City Sent to an Asylum.

AlexanderSimovitch, the North Scranton man who was arrested at Kansas City and brought back to this city on March 15, to answer a trumped up charge of burglary preferred by one of his neighbors, Powell Petroski, is in-

Petroski was Simovitch's bondsman in a case of assault and battery with intent to kill and when the accused left the city for New Mexico, Petroski fearing he would have to pay the amount of the bail bond trumped up the charge of burglary and had Simovitch arrested at Eansas City and brought back here. Then Petroski withdrew from the reognizance and had Simovitch committed to the county jail. Since his committment Smovitch has shown unmistakable evidence that his mind is breaking down. He has refused to eat and has done many eccentric things. He was examined Monday by Jail Physician Donne, who pronounced him insane. Yesterday court made an order for the removal of Simovitch from the county jail to the insane department of the poor farm.

A similar order was made in the case of Michael Majinsky, who is serving a term of imprisonment for malicious mischief. He tried to wreck a Delaware and Hudson passenger train at Peck-

**MR. ROCHE MAKES** A SERIOUS CHARGE

[Concluded from Page 6.]

by the calling of the roll on the passage of the ordinance. He started to speak but said he would wait until his name was reached.

ALLEGATION REPEATED. When his name was called Mr. Roche epeated his allegation against Mr. Torrey "who put the money in his pocket." Mp. Roche specified his charge by saying Mr. Torrey drew \$2,-000 salary when he was legally entitled to only \$1,500, the former amount hav-

ing been provided in the appropriations and not by special ordinance. Mr. Roche said the Republican members knew it was illegal and were a party to

Democrats and Republicans allke had nany individual measures to consider under the various heads of business but they seemed anxious to prevent any further outburst and adjourned, a few voting negatively.

On a tie vote early in the session Mr. Kearney's motion was lost to take from committee the ordinance awarding damages to Peter Lynett for property injured by water on West Market street.

City Engineer Phillip's estimate of \$50,000 for paving Lackawanna avenue from the bridge to Washington avenue and the latter to New York street was received and filed. The following letter from the city

engineer was referred to the city solicitor for action:

The contractors (Thornton & Co.) for the construction of the Farber court latral sewer is unnecessarily delaying the work on said contract, and in fact they have done no work since the 25th day of February. On March 9 I addressed a letter to the contractors, notifying them that the work was being unnecessarily delayed and to proceed with the said work within ten days or I would be com-pelled to notify councils of the delay, as per specifications.

Up to date no move has been made to proceed with the work and I desire instructions from your honorable bodies as to how I should proceed to have this work

DRIVING PARK BRIDGE.

An important communication from Street Commissioner Dunning was received in reference to the Driving Park oridge. He wrote that of the \$1,000 appropriated in 1897 for a new wooden bridge only \$396 remained, the balance having been re-appropriated for other purposes. He had spent \$50 for repairs, but \$500 would be required for a new wooden structure. An iron bridge was needed, however, and if funds were not forthcoming the present unsafe structure would be closed.

A concurrent resolution was received from the lower branch directing the city controller not to sign any warrants in favor of Thornton & Co. for work on the Farber court sewer until abor claims had been paid. Mr. Finn thought the resolution should not pass, as assignments to the amount of \$300 had been made as long ago as last December in favor of a Scranton bank for money loaned. Mr. Roche's motion prevailed that the matter be referred to the city solicitor for disposition, no action to take place meanwhile prejudicial to labor claims.

Mr. Sanderson introduced a resolu-tion directing the city clerk to notify the board of control that after April 1 the city will cease to pay for light and heat in the rooms occupied by the board, and providing that the present character of the students and places a facilities of light and heat shall be great temptation in the way of the young

Clark, of Alderman Kelly's patent medicine on the market claims office, of the Eighteenth ward, was to be a cure for dyspepsia, as well a committed to the county jail yesterday a score of other troubles, when in fac as Dr. Werthier says, there is but on afternoon genuine dyspepsia cure which is pe Clarks alleged victim was Mrs. Mary

Barieswitz. Her story was as follows: She was standing in the court house corridor with the five-dollar bill in her pure pepsin (free from animal matter hand and waiting to pay some costs in a case when Clark took the money from her hand and went unstairs. She went to Alderman Howe's office and obtained a warrant for Clark's arrest.

Clark was arrested by Constable Cole. At the hearing Clark's only defense was a denial. In default of \$500 ball he was committed to jail. Mrs. Barieswitz claims that she had had no dealings and no conversation with Clark. She says he walked to where she was standing and took her money and dis-

Addicted to the Tobacco Habit. **Resolutions** Adopted.

The regular meeting of the Central Woman's Christian Temperance Union was held yesterday afternoon in the cooms in the Williams building, Washington avenue and Linden street, Mrs.

C. D. Simpson presiding. Mrs. Roberts read the scripture lesson from St. John, 8th chapter and made some comments thereon. Mrs. Pease reported the successful organization of a Loyal Legion in connection with the Puritan Congregational church at Providence. It comprises forty members and more are expected to join. It is also proposed to organize a Woman's Christian Temperance Union at Providence in which it is proposed to admit gentlemen as honorary members. A meeting for this purpose will be held in the Puritan Congregational church on the

20th of April for this purpose The following memorial to the Scranton Board of School Control was unanimously adopted:

Whereas, There are hundreds of thou-ands of dollars and, much time and effort expended in this state every year. n text books, and in teaching the evil effects of tobacco on the human system.

Whereas, This law is being constantly violated and set at naught by those who sell cigarettes to the youth of our city, and realizing that example is much more potent than precept; therefore we hereprotest against the use of tobacco the teachers of our public schools, 55 and believing such use by these teachers counteracts the teachings of the text the amount of \$25.00 was accepted and books and is detrimental to the moral ordered paid. ### NEW COMET IS DISCOVERED.

### Professor Perrine at Lick Observa-

tory Sights Another. Cambridge, Mass., March 22 .- A telegram has been received at the Harvard College observatory from Professor Schaeberle at Lick observatory, stating that Professor Perrine has just discovered a bright comet.

Its position March 20 (0 h. 53 minutes 52 seconds, Greenwich mean time, was as follows. Right ascension 21 hours 18 minutes 46.8 seconds; declination north 16 degrees 43 minutes 23 seconds; daily motion in right ascension 3 hours 44 seconds; daily motion in declination 1 degree 1 minute.

The comet is 2 minutes in diameter of the seventh magnitude, has strong central condensation and a tail 1 degree long.

### BATTLE WITH FLOATING LOGS.

#### Raftsmen's Desperate Fight for Life in a Swollen Stream.

Williamsport, Pa., March 22 .- A rise of eleven feet in the West branch is rapidly filling the Eusquehanna boom with logs, and nearly the 150,000.000 feet expected this season will come in on this rise.

During the darkness of last night, while the logs were running thick, two Sinnemahoning men, who had come down on a raft, were unable to make a landing, and were in unminent danger of going over Queen's Run dam, above Lock Haven. In their terror they plunged into the swollen stream and swam for the shore, battling with the logs as they went. The raft was saved from destruction by Lockport rivermen.

## **GOT \$2200 ON BOGUS INQUESTS.**

### Former Coroner Sent to Prison for Malieasance in Office.

New York, March 22 -For having collected while in office \$2,200 for bogus inquests which he had recorded, ex-Coroner Edward B. Coombs, of Kings County, was sentenced today to one year and seven months' imprisonment in the penitentlary and also to pay a fine of \$1,000.

Later Judge Hirschberger granted a certificate of reasonable doubt, the order being returnable on March 28,

othy skin, itching, scaly scalp, dry, thin, and ng hair, and baby blemiahes prevented by OUTICUMA BOAP, the most effective skin purify. ing and beautifying soup in the world. as well as toilet, bath, and nursery.

several months ago. Some tim after his confinement it was discovered that he was suffering from softening of the brain. His condition is now such as to make it necessary to remove him to an insane asylum.

SERVANT GIRLS ON A STRIKE.

### Domestics of Topeka Demand More **Privileges for Their Callers.**

Topeka, Kan., March 22 .- The servant girls of this town have begun a war, which they say will not end until the women employers shall accord to them all the rights and privileges due them. They are demanding that in the future the young men who call upon them shall be permitted to enter at the front door, and not through the kitchen from the back yard. The domestics further demand that the dining room, if not the back parlor, shall be set apart for them to use in entertaining their friends.

The threatened strike is a popular movement among the young women who work for a living, and it promises to shake society in the capital city from center to circumferance.

FRENCH FLEET IN CUBAN CRISIS.

### The European Republic Has Grea Interests at Work.

London, March 22 .- The St. James Gazette this afternoon, commenting upon the mobilization of the French fleet, says: "If the trouble between Spain and the United States should become acute it would precipitate issues of great moment for France." It is suggested by the paper that the

nobilization may be connected with the Spanish question. Berlin, March 22 .- The Berlin Tage-

latt says that France wishes to act as arbiter and settle the American-Spanish question peaceably,

#### Mrs. Cornell, of Youngstown, fo **Board of Education Member.**

Youngstown, Ohio, March 22 .- The vomen of this city will take part in the city election April 4. A citizens' union ticket has been nominated, for which candidates from the republican and democratic tickets were selected, and the ticket also bears the name of Mrs. Mary Cornell, widow of Dr. George Cornell, for member of the board of ducation from the second ward. Mrs. Cornell is a member of the Woman's Christian Temperance Union. and the women will conduct a vigorous campaign in her behalf.

DUE TO TRADING STAMPS.

### Heart Disease Followed a Grocer' Worry Over Them.

Wilmington, Del., March 22.-It is stated tonight that Deputy Coroner Chandler will give a certificate of death from heart disease in the case of Gro cer John A. Light, who was found dead in his bathroom yesterday, the place being filled with gas,

Mr. Light recently sold his business declaring that be could not afford to give trading stamps, and they would ruin him. He worried much over the stamps, and this gave rise to the re-port of suicide; but the family deny

stopped if the board does not provide for their payment.

The annual ordinance levying general and special taxes was received and referred for printing. It provides that the 1898 "tax is hereby levied on all persons, occupations, real, personal and mixed property" as follows: For general expenses 10 mills; for interest on

\$85,000, 4 per cent., 1886 bonds and a sinking fund for their liquidation, .53 mills; for interest on \$75,000, 4 per cent., 1890 bonds and a sinking fund for their liquidation, .36 mills; for interest on \$90,000, 4½ per cent., 1891 bonds and a sinking fund for their liquidation, .36 mills; for interest on \$144,000, 41/2 per cent., 1893 bonds and a sinking fund for their liquidation, .53 mills; for interest on \$250,000 415 per cent.,1894 bonds and a sinking fund for their liquida- tion will be part of the programme tion, 1.02 mills

STREET CLEANING ORDINANCE. To the ordinance providing for cleaning paved streets by contract, Mr. Sanderson offered two amendments, one of which was defeated. One amendment provided that the street commissioner may except streets or avenues that property owners may desire to keep clean under arrangements similar to the present method whereby the city bears part of the expense. Mr. Fellows' motion to table the amendment was carried by a vote of 15 to 5, Messrs. Thomas, Williams, Chittenden, Lan-

sing and Sanderson voting negatively, Mr. Sanderson's amendment that the successful bidder furnish a bond of \$5,000 was adopted. An amendment was offered by Mr. Wagner and adopted providing that the

award of cleaning contracts by the street commissioner be "with the approval of select and common council." Common council also met in special session and was occupied for a long period in listening to the minutes of two previous meetings and passing ordinances on third reading.

It was expected that the viaduct resolution would be reported, but its friends were disappointed. At a recent meeting of the committee convened at
