# A School Girl's Nerves.

This record is of especial value to parents. It's a message from a loving mother dedicated to the mothers of growing girls. A trateful narrative of the utmost interest and import.

It is important that the nerves are carefully guarded. Mothers who have your daughters of school age should watch the health more carefully than their studie The proper development of their bod

is of first importance. After the confinement of the school room, plenty of out-door exercise should be taken. It is better that children nev learn their a, b, c's, than that by over study they lose their health. All this is self-evident. Everyone ac-

mits it everyone knows it, but everyone does not know how to build the health up when once broken down, even the best The following method of Mrs. Stephen

Barnes, whose post office address is Burney, Ind., if rightly applied, may save ney, Ind., if rightly applied, may save your daughter.

When her daughter Lucy was at that critical girlhood age of twelve years she grew weak and nervous.

"Previously she had been a bright. healthy young girl," says Mrs. Barnes, "She was diligent and progressive in her studies.

"It became necessary, however, for her to leave school.

"She was overtaxed mentally and physically.
"Her nerves were at such a tension that the least noise irritated her.
"She had continual twitching in the

arms and lower limbs and symptoms of Sc. Vitus' dance.
"Her blood was out of order she was thin and pale, almost lifeless. In three

months she lost twenty-three pounds.

"We did everything possible for her, and she had the best of medical treatment.

"Several skilled physicians attended her, but no benefit was apparent.

"A family friend visiting us, told how her daughter had been similarly affected, but cured by Dr. Williams' Pink Pills for Pale People.

"She urged us to try the pills, and we

"She urged us to try the pills, and we finally consented.

"We have always rejoiced that we did.

"The pills helped Lucy at once, and after taking eight boxes she was entirely cured.

"She is now in perfect health, strong, weighs ten pounds more than ever before, and her cheeks are full of color.

"Two years of schooling were missed on account of ill health, but now she can gratify her ambition to study and become

gratify her ambition to study and become an educated woman."

The reason that Dr. Williams' Pink Pills for Pale People were helpful in the above case, is that they are composed of vegetable remedies which act directly on the impure blood, the foundation of disease.

As the blood rushes through all parts of the body, the conveyer of good or bad health, it is necessary that it should be pure, rich and red.

Dr. Williams' Pink Pills build up the blood by supplying its life giving elements which nourishes the various organs, stimulating them to activity in the performance of their functions and thus drives disease from the system.

disease from the system.

The pills are in universal demand and sold by all druggists.

# THE MARKETS.

Wall Street Review.

New York, March 29.-Wall street awoke this morning to a realization that it had been duped. Speculators consequently were a somewhat rueful aspect in all but that select inner circle which reaped the profits from the well organized plan to precipitate a bear panic. It was very noticeable that those who were loudest yesterday in the proclamation of the settlement alleged to have been arrived at between the United States and Spain were no longer active bidders for stocks and securities, although they parted with large holdings at the high level yesterday. The market today was without material support and prices promptly dropped off from about 1 per cent. to upwards of 2 per cent. They did not rise much above the opening prices except in a few cases at any time during the day and the list at the close showed net declines of between 1 and 2 points in the large majority of important stocks.
