DEDICATION OF PECKVILLE CHURCH

It Will Be the Worshipping Place of the Presbyterians of That Town.

IMPRESSIVE CEREMONIES

Several of the Presbyterian Clergymen of This City Participated in the Exercises in Connection with Dedication -- Edifice Is Free from Debt .- The Dedication of It Was Delayed Until All the Financial Encumbrances Were Removed.

The dedication of the First Presbyterian church at Peckville was celebrated last evening and despite the unfavorable weather was a delightful occasion and was largely attended. The pretty edifice was lavishly decorated with potted plants under the direction of a committee of which Mrs. Jerome Lillibridge was chairman.

The congregation felt a commendable pride in the service, as it was unique in the respect of having no collection The church was completed three years ago, but respecting an earnestly expressed wish of a much honored member, the late Ambrose Brundage, the dedicatory service was delayed until the society was free from

An incident in connection with this will interest and touch the hearts of residents of this city is that the last fifty dollars which wiped out the mortgage was given by William T. Smith, who yesterday was laid away forever from the sight of those who loved him. Although the money was not subscribed, his intention simply having been mentioned with regard to the matter, yesterday before the burial a check was received from the estate, thus clearing the indebtedness.

A programme of exceeding excellence was prepared and with the exception of two unavoidable changes was carried out. Rev. Dr James McLeod was unable to be present and owing to the sad intelligence of his son's serious illness, Rev. Dr. S. C. Logan was also

The exercises opened with the doxology, sung by choir and congregation, followed by prayer by Rev. George E. Guild, of the Providence Presbyterian church. Rev. B. F. Hammond, of Olyphant, read the scripture lesson. The music under direction of W. W. Watkins, H. W. Peck choirmaster, was of a high order and a number of beauti-ful selections were rendered. DR. LANSING'S SERMON.

Rev. Dr. Isaac J. Lansing, of the Green Ridge Presbyterian church, delivered a brilliant sermon, and the pastor, Rev. Dr. S. H. Moon gave a valuable and most interesting address. Dr. Moon has occupied the pulpit but a short time, but has already had marvelous success in his work and his address was awaited with much eagerness. It was largely historical and related to the incidents connected with the project of erecting an edifice which at first was proposed to be a chapel. Later it was realized that the people were willing to make great sacrifices to build a church, and accordingly plans were made by Architect Duckworth for the existing structure, the cost of which with the lot was \$7,000.

Dr. Moon spoke of Mr. Brundage's desire, reiterated before his death, that the church should not be dedicated until all debt was removed and doubted not that the glorified spirit of the ansent brother rejoiced in the consummation of this hope. He then gave a series of figures flustrating the energy and sincerity of the people, who small in numbers, had succeeded in their aim with such rapidity. The Ladies' Aid society had in various ways secured The Young People's society organized June 6, 1894, had raised \$990.97 A debt of \$1,700 remaining, had just been met, the last amount received be-

ing \$50 pledged by W. T. Smith. Dr. Moon considered this a remarkable showing for these hard times, or for any times. He then said:

"It was found necessary in transacting the business to give a new note one month ago, but reduced to \$950. With the aid of subscriptions actually paid in and last of all the grant from the board of church erection the note was paid this morning to the bank in We devoutly praise our Father The Lord has also crowned the efforts with great spiritual blessing in largely increasing the congregation. Sunday school and prayer meeting attendance and in the addition of 17 persons to the church with the prospect of considerable addition at the communion next Sunday.

A REMARKABLE SHOWING. "The spectacle of a church numbering at the last report only 53 members. removing in two years such a comparatively large indebtedness deserves to be recorded among the heroic annals of the Presbytery of Lackawanna.

The church edifice, beautiful for situation and the pride of the whole town is ready to be dedicated to the service of the True God, an offering on the part of a loyal and loving people to their God and Savior Jesus Christ, to Whom with the Father and Holy Spirit be all the praise and glory forever more. Amen.

Rev. Dr. C. E. Robinson of the Second Presbyterian church, Scranton, made the closing prayer.

OLYPHANT.

A special meeting of the borough council was held last night. President O'Brien stated that one of the objects of the meeting was to take some action in regard to erecting a stable for the hose company's horses. After some discussion, it was referred to the finance committee to give the contract to the lowest bidder. The secretary was authorized to advertise the lumber in the old electric plant for sale. A com-

munication was read from the Game vell Fire Alarm Telegraph company stating when payments are to be made and the amount of interest to be paid. ome of the members stated that the system was not working properly and vished to have the company notified before paying any bills. A petition signed by about one hundred citizens of the Second ward in the section known as the "flats," was presented asking the council to secure at least 250 feet of hose for the new hose company which was recently organized. Their request was granted. Enough hose will be secured from the Excelsior Hose com-pany, also a cart which will be used ntil the new organization purchases one of their own. A bill from John Murray for \$62 was paid. Burgess Mc-Nulty stated that he had been served with a writ from Mr. John valsh of Dunmore street, who claims damages from the borough caused by the road eing cut down near his property. The ommittee on pavement reported that he proposed improvement of Lackavanna street was approved of by a majority of the property owners and a statement was read giving the frontage of each one. The borough attor-ney will be notified to draw up a pave Secretary Dolphin stated ordinance. that he had not received all the books from ex-Secretary Schubmehl, and that those he did receive were in bad condition, and no record of the borough

THE PROBLEM SOLVED

the Test in Various Forms of Dyspepsia.

indigestion or dyspepsia while a very common trouble, has for some time been looked upon by able physicians as a serious thing, and that no time should be lost in treating it properly at the start, because recent researches have shown that the most serious, fatal and incurable diseases have their origin in simple dyspensia or indigestion.

Diabetes is simply one form of indigestion, the sugar and starchy food not being assimilated by the digestive organs. In Bright's disease the albumen is not properly assimilated.

While consumption and dyspepsia are twin diseases, and it is beyond question that dyspepsia makes a fertile soil for the seeds of consumption. But the trouble has been to find a

remedy that could be depended upon

to cure dyspepsia, as it is notoriously obstinate and difficult to cure. This has been the question which has puzzled physicians and dyspeptics alike, until the question was solved three years ago by the appearance of new dyspepsia cure in the medical world known as Stuart's Dyspepsia

certain, reliable cure for every form of stomach trouble. Physicians, however, would not ac ept such statements without first giving the new remedy many tests and

l'ablets, which it was claimed was as

carefully observing results. For three years the remedy has been thoroughly tested in every section of the country and with surprising and satisfactory results.

Stuart's Dyspepsia Tablets can be onestly claimed to be a specific, a radical lasting cure for indigestion in the various forms of acid dyspepsia or sour stomach, gas or wind on stomach, too much bile, undue fullness air pressure after eating and similar symptoms resulting from disordered digestion. Stuart's Dyspepsia Tablets were not placed before the public until this three years' onal left no doubt as to their value and they have recently been placed to the trade and can be ound on sale at all druggists at the nominal price of 50 cents per package. No extravagant claims are made for he remedy. It will not cure rheumatism, pneumonia, typhoid fever nor anything but just what it is claimed to cure and that is every form of stom-

ach trouble. No dieting is necessary, good whole some food and plenty of it and you may rest assured that Stuart's Dyspepsia Tablets will digest it.

Druggists claim for it that it is a pleasure to recommend it to dyspeptics, because it gives such universal satisfaction.

NO CAUSE FOR ALARM.

Councils Can Pass an Appropriation Ordinance in Short Order.

It has been said that some of the city officials fear the veto of the appropriations ordinance will work hardship for them as they expect to have to work three of four months without pay. There is, however, no cause for alarm. The new councils can pass an appropriations ordinance in two weeks and undoubtedly will do it inside of three, even if it has to go over the mayor's head.

It would be unwise on the part of the incoming officials to change a single detail of the ordinance which was vetoed because of an alleged technical defect. The quickest and easiest way out of this difficulty is to give the ordinance the necessary readings just as it stands and by having the chairman of councils certify to those readings the mayor cannot gracefully refuse to approve the work. Then all the city's help will get the
