CAMERON'S ANNOUNCEMENT. It Created a Laugh, but Did Not Em-

barrass Buchanan. From the Washington Star.

Colonel John O. Winship, of Cleve land, was in town the fore part of the week. He called upor his old friend and former chum, Speaker Reed, and they together related many incidents of their early life in Maule.

Meeting Mrs. Hannibal Hamlin at the Shoreham." said Colonel Winship. recalls the last time that I saw her distinguished husband. During the Elaine campaign, in 1884, Hamlin made few speeches in Ohio, and when he came to Cleveland. I invited him cut to my home. He was in a pleasant mood and told a number of funny stories. One of them, which I recall now, I tell in his own words, as nearly

as possible. In 1852, when I was a Democrat, said Hamhn. "I was announced to address a Democratic meeting with James Buchanan at Lancaster, Pa. Simon Cameron presided. The meeting was held in a large auditorium, from which all the seats had been removed. The hall was packed to the door by men standing up. There was a perfect

"I was the first speaker and for an hour or more held the undivided at-tention of the big audience. It seems that while I was speaking several persons in the back part of the hall had suffered the loss of their pockethooks. The sergeaut of police, who was in the announce that there were pickpeckets in the ball and that the people should be on their guard and protect them-

selves. 'Cameron, of course, intended making the announcement at the close of my speech, but in the applause that followed he forgot it. When quiet was to the cemetery. It is in the form of restored, he introduced Buchanan to a Maltese cross, the material being the audience as their distinguished fellow-citizen. Buchanan got up, and, surveying the crowd of his old neigh-

bors, began; "I assure you, my fellow-citizens, that it is indeed a pleasure to return to my old home and meet you again. I like to look into the honest faces of ESTATE OF MORGAN BOWEN, LATE the people of Lancaster. A more nonest people does not exist than in this

dear old county-' Cameron just at this point thought of what he had forgotten, and, inter- | Munich glass. Funding Ruchanan, said:

of police to state that several persons magnificence of the mausoleum itself. in the audience have had their pecketsoks stolen, and to ask you to be on the alert to intercept the guilty ones." 'Of course, there was great faugher, but Buchanan passed it off casually and protecded with his speech."

GENSONLY COMMON THINGS.

It may surprise some people to know stances are composed of the commonest things. Thus, a diamond is only carnon, or ordinary charcoal free from unpurities. Again, the ruby is composed mainly of alumina, a substance which will be found is almost any kind of clay. Crystallized alumina is scientifically known as corundum, and the gens compressor are traditionally subject. hand within this designation are some-

THE MACKAY MAUSOLEUM. Is the Most Costly and Remarkable

Tomb in America. San Francisco Examiner.

John W. Mackay, the California millionaire, is building at Greenwood cemetery the most costly and remarkable mausoleum in America. The cost has been estimated at \$400,000. The mausoleum will be heated and lighted by ectricity. It will have the finest mosales and art works. A jeweled altar will be erected at which a requiem mass will be sung every day in the presence of the Mackay family or other worshippers. This magnificence is in memory of John W. Mackay, jr., the son, who was accidentally killed in Paris two or three years ago.

It is said that never before has electric heat and light been introduced into a mausoleum-the resting place of ball, worked his way through to the the dead. The Mackay mausoleum stage and whispered to Cameron to has been in process of building for about nine months, and although the work on it has been pushed, it is not expected that it will be completed much within a year. The tomb will be, it is said, the most artistic known. The location is on an eminence not far from the Ninth avenue entrance Hallowell granite from the Maine quarries. Surmounting it will be a clossal granite cross.

The height of the structure is 40 feet 8 inches and its ground dimensions 35 feet 8 inches on each side. The dome and floor are of mosaic from Venice. Many kinds of narble are used in the interior work. There will be four herole bronze groups by a Munich artist for the four wings. The doors will of bronze and the windows of plain

The plans for the use of electricity "I am requested by the sergeant are on a scale commensurate with the To supply this feature of equipment will involve a princely expenditure, for aside from the practical work it entall the best efforts of artists and architects will be employed to utilize the light in producing an effect arristic and in consanance with the surroundings.

> none of the wires among the massive granite preciects. There will be no blinding glare from swinging globes. Visitors will be conscious only of a subdued light shedding a soft but distinct radiance upon the scene and of a are traditionally subject.

It is the purpose to creet an altar

Poople who enter the tomb will see

THE MARKETS.

Wall Street Review. New York, April 2.—News having an important bearing on the all-absorbligious services there. A priest will important bearing on the all-absorb-be assigned to say a requiem mass ing question of this country's reladaily in the tomb, which is erected tions with Spain was exceedingly scarce today as congress was not in session. The absence of developments left the situation much as it was when May. trading ceased yesterday afternoon. and when all classes of security owners were offering stocks for sale on July the presumption that war with Spain was inevitable. Yet prices show net gains today extending to over a point in many cases and the extreme recovcries from the lowest show variations which compare favorably with the violent changes of last Monday and Wednesday. The market was exceedingly feverish and erratic during the two hours' session, in spite of the paucity of news, varying sentiments being

fed by surmises rather than news. Total sales were 277,800 shares. Furnished by WILLIAM LINN ALLEN & CO., stock brokers, Mears building, rooms 795-796. Open- High- Low- Clos-Am. Sug. Re'g Co ..1134 J154 1125

Chicago Grain Market.

Chicago, April 2 .- War news instead of weakening the wheat market was today decisively a bull factor. The result was the advance of 12c. a bushel which marked the close. Apparently this was due to the belief that war is unavoidable and the cause of withdrawal of all offer-ings of wheat by Leiter, a sharp advance at Liverpool and a greatly increased demand from Great Britain. There was a general cover movement by ports. Wheat opened almost at call prices, July starting at 82% as 35% c., against yesterday's closing price of 82% as 30c., and coming up in a short time to 844c.
