JUDGE WOFFORD

Most Distinguished Member Missouri Bench Highly Values

Paine's Celery Compound

Judge Wofford is one of the ablest criminal lawyers in the state of Missouri. He has been on the bench in Jackson county, of which Kansas City is the seat, for the past six years. Judge Wofford is not one of those Democrats of the Southwest. There is no better or more widely known man in that section of the country.

When the ablest physicians and the best informed pharmacists not only prescribe and recommend but themselves use and find health in Paine's celery compound, when thousands of men and women in every walk of life, from the humblest to the most famous and honored, voluntarily go out of their way to tell others the great good Paine's celery compound has done them, the present great demand for the remedy is not to be wondered at.

Paine's celery compound, the best of all nerve invigorators and blood purifiers, will do more to bring back health and strength, especially now, as spring comes on, than any amount of attention to the health later on, when work drops from nerveless hands, and there is no alternative but to give up altogether.

Paine's celery compound cures diseases due to nervous weakness or to a bad state of the blood. It is the one real spring remedy known today that never fails to benefit. Get Paine's celery compound and only Paine's celery compound, if you wish to be well.
