### CARBONDALE.

IThe Carbondale correspondence of The Tribune has been placed in the hands of Mr. C. R. Muen. Salem avenue and Church street, to whom news items may he addressed. All complaints as to irregular delivery, etc., should be made to W. J. Roberts, news agent.]

#### GOING TO WAR.

#### Two Carbondalians Enger to Spill Spanish Gore.

The first residents of this city to voluteer their services to the government in the present war crisis and have been accepted, are John Walsh. South Church street, and Robert Kelly, of South Main street. The men received a telegram from naval department officials yesterday to report for duty at 3 o'clock this afternoon Messes. Waish and Kelly passed the examination for entering the navy about one year ago, and the former was employed in the Brooklyn navy yard for some time. When it became evident to the men that there is to be war, they volunteered their services, and were promptly accepted.

There has been much talk in the city of organizing an emergency regiment, home guards, etc., to be ready in case of necessity, but Messrs. Walsh and Kelly are the first Carbondalians to back up their patriotism by going where their services will be needed

Although Messrs, Walsh and Kelly are the first men to offer themselves for active service, Peter A. Larkin, of Brooklyn street, who is a student at the Plaltimore College of Physicians and Surgeons, has the distinction of being the first to offer his services to the government. The class, at the college, of which Mr. Larkin is a member, have offered their services in the capacity of surgeons in the event of war. Mr. Larkin has not yet heard whether their Mr. Hawkins' brother John left here offer has been accepted.

#### QUIETLY WEDDED.

A very quiet wedding occurred Wedresday evening when Miss Julia A., daughter of Mr. and Mrs. Michael Bell, if Spring street, and William W. Hedden, of Lincoln avenue, were made performed at the Baptist parsonage at 8 o'elock by Rev. T. E. Jepson. Miss trouble and Frederick Hauenstein attended the

mployes of the Gravity railroad. It is great improvement on the wheelbarow for the use of the watchmen on the Gravity road for wheeling ashes. The improvement consists in the wheel beng set back in the box further than that of the old machines thus enabling the operator to wheel larger quantities with more case. By the wheel being in the centre of the box the load is thrown more on the wheel and less on the arms. Balob Haley, watchman at No. 1, is the lucky one to have the first machine and says he does not want to part with it again. Many others along he line are waiting patiently for one. It is expected that the company will sclopt them for scheral use along their line. Mr. Chapman is today receiving congratulations over his invention by every one who sees it.

### TAYLOR NEWS.

#### Early Morning Fire .- Councilman Powell Reconsiders -- Personal and Other News.

This town was thrown into a state of Bergen Browe, next Sunday. reat excitement at an early hour yesterday morning, when fire broke out in the three-story brick building occupied by Hannick & Moore, liquor dealers, of Main street, and which is the property of the former gentleman. The fire originated in the basement and gained considerable headway, and but for the prompt arrival of the Taylor Hose compuny no doubt a great portion of the main street buildings would have been destroyed. The interior of the first floor and basement is a total wreck from fire and water. How the fire originated is as yet a mystery.
