MONEY WANTED IN ALL OF THE WARDS

Deluge of Expenditure Measures Are Offered in Councils.

ALL ON ACCOUNT OF A SURPLUS FUND OF \$14,000 PROM 1807-ORDI-NANCE GIVING THE NEW TELE-PHONE COMPANY A FRANCHISE GETS A GOOD AND RAPID START. CHANGE THE MONSEY AVENUE SEWER CONTRACT.

An ordinance giving the new Lacka wanna Telephone company a franchise to use the city's streets for its poles and wires was introduced in select council last night. With some opposition the measure was hurried in and out of the committee and passed one reading

Each branch of councils was in session, select council in regular and common council in adjourned session. Be-cause of the city controller's recent ommunication that a surplus fund of \$14,900 was available for general purposes an avalanche of ordinances providing for an expenditure of the money developed in each branch. In addition, an ordinance, supplementary to the approved 1898 apprepriation measure was introduced.

When the order of new ordinances and resolutions was reached in select council. Mr. O'Boyle introduced the telephone franchise measure.

Mr. Finn's motion that the ordinance be referred to the judiciary committee and reported forthwith met with an amendment by Mr. Melvin that the measure take its regular course. President Chittenden ruled that the first motion had precedence as it involved a procedure contrary to regular rule. The motion was adopted by a vote of 16 to 2, President Chittenden not voting. REPORTED FAVORABLY.

The ordinance was reported favorably by Mr. Sanderson, the chairman of the committee, who first received from Mr. Finn an assurance that no attempt would be made to pass the ordinance

on more than one reading last night.

When the measure was called up or first reading by Mr. Finn, the privilege of the floor was granted Attorney George S. Horn. He announced that the paid-in capital of the company had recently been increased to \$100,000 that 600 subscribers had been secured, 100 more than was provided in the ordinance, and that the rate for service would be much lower than charged by other companies. The rate would be \$24 per year for house telephones and \$33 or less for business telephones. The rate would be uniform and not affected by the number of calls. Arrangements had been started, he said, for subscribers up and down the valley and for connection at Carbondale and Hazleton with other circuits.

The ordinance passed first reading by a vote of 13 to 5, President Chittenden and Mr. Ross not voting. The division was as follows:

Ayes-Messrs, Finn, Kearney, Thomas James, Roche, Robinson, Shea, Sander on, Schroeder, Lansing, O'Boyle, Coyne McAndrew, Nays-Messrs, Williams, Melvin, Me-Cann, Fellows and Frable,

At the opening of the session and when President Chittenden was preparing to open the sealed proposals to clean the city's payed streets by con tract, Mr. Roche aroused the interest of the members by the request that the proposals be left unopened. He remarked that the proposals had beer made upon specifications that were in complete and misleading. He then received permission to read the follow ing typewritten statement which, he said, had been handed him previous to the meeting:

READ A STATEMENT.

The specifications are faulty massauch as Bank street, from Spruce to Lindon one-half of which is paved with asphalt, and Railroad alley, from Adams avenue to Cliff street, are entirely omitted from the schedule of streets to be cleaned, as is also Lackawanna avenue, from Adams avenue to Jefferson, both of which are payed with cebble, Schedule "B," which is to be cleaned three times per week, on Tuesday, Thurs-

day and Saturdays, 1921 blocks, included the South Side, central city, Green Ridge and Hyde Park. If this schedule is complied with the contractor must employ a very large force of men and teams which he could only work half time, a there is not enough work in schedules of and D to keep them employed for the balance of the week.

This would entail an expense upon the centractor which in justice he should no be called upon to bear and would give the

A motion by Mr. Roche then prevail ed that the bids and specifications be referred to the streets and bridges committees and the street commis sioner for adjustment, the blds to be opened by the latter. Mayor Bailey's nomination

Thomas P. Collins to be substitute police patrolman to fill the vacancy caused by the temporary retirement of Chief of Police Robling, who is with the Thirteenth regiment was confirmed. Collins resides at 820 South Main avenue. He is a brother-in-law of Select Councilman James (Republican), of the Sixth ward. The new patrolman has been driver boss at the Dodge mine. He is 37 years old, is 5 feet and 7 inches in heighth, weighs 200 pounds and is married.

A communication from City Con trolled Robinson suggesting that \$5,000 of the surplus fund be appropriated for incidentals and judgment and that \$3,200 of the latter be set aside for damages incurred in opening Price

street, was received and filed. From the city engineer was received a statement showing the milage of un paved streets in each ward. The wards and mileage were as follows: First 20.89; Second, 14.23; Third, 6.55; Fourth Fifth, 8.15; Sixth, 5.68; Seventh 2; Eighth, 1.27; Ninth, 5.77; Tenth, 6.69; Eleventh, 3.96; Twelfth, 3.45; Thir teenth, 11.08; Fourteenth, 2.71; Fifteenth 7.35; Sixteenth, 2.48; Seven-7.37; Eighteenth, 1.10; Nine teenth, 8.33; Twentieth, 12.70; Twenty-

first, 7.93; total 145.42. An ordinance providing for the appropriation of the surplus fund of \$13,-916.71 was introduced by Mr. Sander son. A motion by Mr. Lansing that it be referred to the estimates committee and reported forthwith was lost on a tie vote. It was then referred by rule and will probably be reported at the next meeting.

PROVISIONS OF MEASURE.

The measure provides for the following expenditures:

Ward appropriations for street repairs a be expended under the supervision of the street commissioner: Eighth ward

Fourteenth ward

Plumbing inspector Five stokers of fire steamers... Repairing Luzerne street Resurfacing asphalt pave..... 11,172 71

Ordinances and resolutions were introduced as follows; the ordinances provide for expenditure from the surplus fund and were referred to committee, and the resolutions were adopted, unless otherwise indicated:

Mr. Fellows-(Ordinance) appropriating 550 for repairing Luyerne street. Mr. Melvin-(Ordinance) providing for the purchase of a combination hose and chemical wagon for Nay Aug company.

Mr. Coyne-(Ordinance) providing for the purchase of a combination hose and hemical wagon for William Conneil com-

Mr. James-(Ordinance) providing for pairs to South Main avenue in the Sixth

Williams-(Resolution) directing city engineer to give grade on Woodlawn avenue, between Adams and North Washington avenues; an amendment by Mr. Lansing that the grade be withheld ontil all the property owners had signed a release to the effect that the city would not be liable for damages incurred in grading, which was to be at the former's

Mr. Ross-(Ordinance) for a retaining wall on the west side of North Main avemme at the Leggett's creek culvert.

Mr. Williams-(Ordinance) for opening the southerly side of Jackson street. from Main avenue to the first alley west

of the latter Mr. Schroeder-(Ordinance) for relaying cobblestone pavement on Penn ave-nue, between Mulberry and Vine streets; also on Raymond court, between Linden

ind Vine strets.
Mr. McCann-(Ordinance) for a fire enne for Franklin company. Mr. Roche-For a pipe drain on Carbon street, from the Lackawanna Iron and Coal company bridge to the Lackawanna

Mr. McCann-(Resolution) locating the plumbing inspector's office in the board of health rooms. Mr. McCann-(Ordinance) for an exten-

sion to the North Main avenue culvert over the Mount Pleasant ravine. Mr. McAndrews—(Resolution) directing the park commissioners to obtain an op-tion for the purchase of Tripp park and to report to the joint bond ordinance

Mr. McAndrew-(Ordinance) appropriatng \$600 for the repair of North Main

Iwenty-first ward. Mr. Sanderson-(Ordinance) for side walks at the expense of property owners

n Columbia avenue Mr Robinson-(Resolution) directing he payement committee to confer with he Luckawanna Iron and Coal company clative to an arrangement for the early aving of Lackawanna avenue, between dams and Jefferson avenues.

Mr. Robinson-(Resolution) that the fire nd a double harness for Neptune Enline company. (The appropriation is con-ained in the 1888 appropriation ordi-

Mr. Robinson—(Resolution) directing ne city clerk to advertise for proposals to repair the Nentune Engine company quarters. (Appropriation provided in the

ENERGETIC DEBATE.

A long discussion and some energetic debate between Mr. Roche and Mr. Coyne was created by the former's resolution that the resolution awarding to Donohoe & O'Boyle the contract for building the Monsey avenue and Green place sewer be recalled from the mayor for further consideration. At the preceding meeting the contract was awarded to the firm mentioned after it had been charged that the lowest bidder, V. H. O'Hora, paid low wages, was irresponsible and had been short in his payments for labor and material

on former contracts. Mr. Roche said Mr. O'Hora had bee onfused with another person of that ame and read a letter and affidavit from the contractor setting forth his responsibility and disclaiming the asertions as to wages and unpaid bills Mr. Roche sald the O'Hora bid was \$248 lower than that of the firm that had received the award and expresses his belief that councils would rectify an unintentional wrong and give the contract to the lowest bidder, thus folowing past custom.

Mr. Coyne disputed Mr. Roche's assertion that the difference in the bids under discussion was \$248. Mr. Roche's motion to recall the reso

ution awarding the contract to Dono-nee & O'Boyle was lost by a vote of 6 o 14, Messrs, Kearney, Roche, Sanderson, McCann, Lansing and Chittenden voting affirmatively.

An ordinance introduced by Mr. Thomas, chairman of the fire depart-ment committee, establishing a new fire limit, was referred to committee It provides the following new territory within which the building of frame structures is prohibited: From the Lackawanna river to Jefferson avenue on the west and east, and from the Delaware, Lackawanna and Western tracks to Vine street on the south and The limit extends to the middle of Jefferson avenue and of Vine street.

CITY PRINTING.

Proposals to do the city's printing of advertisements and ordinances for one ear were received as follows and referred to committee: Scranton Times -Advertisements 5 cents per line, nonpareil type: Tribune Publishing com pany-Advertisements, 5 cents per line onpareil type; ordinances, 3 cents pe ine for composition and 1916 cents : 100 copies; J. A. Scranton & Son-Advertisements, 4 cents per line, nonparell type, in advertising columns: ? cents per line, minion type, in reading matter; ordinances, 3 cents per line for omposition and 20 cents per 100 copies; J. U. Hopewell-Ordinances, 3 cents per line for composition and 20 cents per 100 copies; Koehler & Co.—Ordinances, 2% cents per line for composition and

0 cents per 100 copies. The ordinance providing for a pave ent on Providence road and North Main avenue passed final reading. An adjournment was made to nex-

hursday night. City Treasurer Boland's report for April was received and filed. It conained the following:

RECEIPTS \$141,462 07 rom city solicitor building permits ity license ... afayette street sidewalks 'aving assessment

faxes and penalty, 1894 \$143,719 S DISBURSEMENTS. Commission delinquent tax collectors Sewer warrants leneral city warrants Interest, sidewalk bonds \$ 5,017 %

IN COMMON COUNCIL.

In the lower branch a large number of new ordinances and resolutions were introduced, involving, as in select council, an expenditure of funda from the E

surplus. Among the measures intro duced were the following:

Moir-(Ordinance) appropriating in addition to the appropriation provided in the general appropriation or-dinance, for the improvement of Nay

Aug park. Mr. Moir - (Ordinance) providing for flagstone sidewalks on the easterly side of Monroe avenue between Gibson and Pine streets; also on the southerly side of Gibson street between Monroe avenue and Quincy avenue; also on the westerly side of Quincy avenue between Pine and Myrtle streets.

Mr. Moir-(Ordinance) providing for the painting of the halls and repairing of the three upper floors of the city hall at a

Mr. Griffiths-(Resolution) directing the ity engineer to submit an estimate of ost of procuring and erecting street Mr. Griffiths-(Ordinance) providing for

the opening of Price street from Sumner avenue to Bromley avenue at a cost of Mr. Zizlemann—(Ordinance) providing for the completion of Nay Aug engine house at a cost of \$300. Mr. Gilroy—(Ordinance) providing for

pairs to the Fourth district main sewer t a cost of \$2,526.75. Mr. Oliver—(Resolution) directing the

ity solicitor to name the thoroughfares now in the possession of the city and the city engineer to indicate the same in olors on a city map for the use of coun Mr. Walker-(Resolution) directing the

city clerk to advertise for proposals to rebuild the Bromley avenue sewer. Mr. Coleman—(Ordinance) providing for epairs to Crystal hose wagon and trans-erring \$140 to pay for the same. Mr. Wirth-(Ordinance) awarding to Thomas B. Jackson \$625 for damages sus-ained by grading and sewering Monsey

venue and New York street. ORDINANCES REFERRED.

Unless otherwise indicated the ordinances provided for expenditures from the surplus and were referred to committee and the resolutions were adopt-

A resolution drufted by M. V. Morris and presented by Mr. Reese, directed that all ordinances involving expenditures from the surplus fund be submitted to the joint estimates commitec, was not well received. On motion f Mr. Oliver the resolution was tabled, Separate resolutions were introduced

Messrs, Wenzel and Gilroy directing the city clerk to advertise for pro-posals to furnish a fire alarm system. the proposals to provide for lease and sale. They were referred to committee, The Wenzel resolution included a detailed description of the appliances wanted.

Ordinances passed final reading as follows: Levying general and special taxes for the fiscal year 1868; fixing fees to be charged by the plumbing inspector for tests made on plumbing

On motion of Mr. Oliver it was voted to reconsider the award of the Monsey avenue and Green place sewer contract to Donahoe & O'Boyle. A further metion was then adopted referring the matter to the committee on wers and drains

THE WAR REVENUE BILL.

A Majority of the Senate Committee

Against the Bond Feature. Washington, May 5.-The senate ommittee on finance as a body was not in session today, having adjourned until tomorrow in order to permit the Democratic members to prepare a substitute for the bond provision of the war revenue bill. There is now no doubt that there will be a majority in the committee against the bond feature, as Senator Jones, of Nevada, has taken a position against it, and Senator Wolcott has indicated that he will oppose it if an acceptable substi-

tute can be secured. The Republican members of the committee, with the exception of Senator Wolcott, were in conference over the situation for several hours. There is little doubt, from Senator Wolcott's evpressions in the committee yesterday, and the fact that he did not sit with the Republican members today, hat he will vote to eliminate the bond provision, but it is understood that he s not oulte so clear as to the support of a substitute. The Republican members are quite disturbed over the discovery of his position, and are considering how to best repair the breach occasioned by his probable defection. They were not so greatly surprised at Mr. Jones' position, although they had hoped to be able to secure his support of the measure practically as it passed the house.

TRYING TO CONVERT ENGLAND.

E. J. Phelps' Views on the War Distributed as Dodgers in London.

London, May 5 .- A remarkable and mysterious attempt to influence public opinion in London, through circulars distributed in the streets during the busiest hours, began yestérday evenng. While the theaters were empty ing, many men were employed in handing dodgers of yellow paper, with large headlines reading: "Why the United States is Making War Upon Spain." Under this heading were extracts from he remarks recently made by Edward J. Phelps, formerly United States minister to England, who, from a legal standpoint expressed his opinion that the United States was not justified in going to war with Spain. These extracts were accompanied by quotations from alleged pro-Spanish newspapers printed in America and pro-Spanish papers published in Great Britain. Up to the present it has been impos sible to ascertain who is financing this street propaganda.

FIRED ON CANARIES TROOPS ?

Report That an American Warship Attacked Without Effect.

Madrid, May 5 .- An official dispatch rom Havana says that on Monday an American warship fired four shots against the Canaries batallian, which was making a reconnaissance, but without result.

A MINE FIRE AT PORT BLANCHARD

Imperilled Seventy-five Men.

THE LAST MAN WAS GOT OUT SAFE-LY IN AN HOUR AFTER THE FIRE ORIGINATED-THE SHAFT HAS AN UNUSUAL VOLUME OF GAS-THE VEIN WHERE THE PIRE IS, IS 170 FEET BELOW THE SURFACE-MAY BE NECESSARY TO FLOOD THE MINE TO QUENCH THE FIRE.

Pennsylvania Coal company

The shaft is loaded with gas and it equired only a few minutes before he lost no time in giving the alarm.

and boys are employed in the "Red Ash" vein. It is the bottom lift of the shaft and is 750 feet below the surface. They dropped their tools and node for the "foot" as quickly as they could run. The engineer was notified to put on steam and get then sut. Before 9 o'clock every one in the bottom vein was brought out.

HEAT WAS INTENSE.

The heat was very intense, so much so that it warmed the air a good distance up the shaft. There are four lifts. The next lift above the "Red Ash" is 200 feet from it. The employes there were next got out, and then those of the lift above and so on until the last man was out ..

It was not more than an hour after the fire started until all were safe or the surface, and then attention was directed towards fighting it. The news was sent to the general office in Dun more and Alex Bryden, superintendent of the mining department of the company, got on a special train and arriv ed at the shaft before noon.

Under his direction, assisted by Su serintendent James Bryden and Mine oreman James Heslin, of Hoyt's, a large force of men was mustered to go down and fight the fire. The shaft has a system of piping for use in an emergency of this kind, and water was turned on by that system, but it wouldn't work very well, and a line of hose 500 feet long had to be lown to carry a stream.

This stream has been playing steadly on the edge of the fire since noon yesterday. At 11 o'clock last night the flames were driven back 300 feet from the point they had reached outward, but there is a distance of 400 or 500 feet yet where they have full sway. FLOODING MAY BE NECESSARY
