NEW JERSEY IS SAFE.

Spanish Gunboats Will Have No Time to Bombard Summer Resorts.

Philadelphia, May 9.-In order to set at rest any fears that prospective visitors to New Jersey Beacoast resorts may entertain as to any danger to these resorts from Spanish gunboats, a high authority of the United States navy was interviewed on the subject. The distinguished admiral gave the

following pronounced reassuring views:

The fear that Spanish vessels will
molest cottages and hotels along our seacoast is absurd. This is not war, and I have no idea that it will be re-sorted to by the Spaniards. Nor do I believe that they will send a force of any consequence to our northern coast. They will accomplish very little excepting, perhaps, the burning of a few coasting vessels, would have trouble in securing coal and would run great risk of being cut off and destroyed by our ships before they could get away. "It seems evident that there will be no privateering, and therefore it is not probable that peaceable people along the coast will be disturbed whatever."

DEWEY'S ORDERS.

The Official Letter from Secretary Long .- Absolute Liberty as to Plan of Action.

Washington, May 2.-It has been known for some time to a few people in the administration circles and at the navy department that the orders sent to Admiral Dewey, under which he acted in the attack upon Manila, were remarkable for terseness, conciseness, and comprehensiveness. Efforts to secure the text of the order have been unavailing up to today, when the president referred to it in a message sent to congress by him relative to the thanks to Dewey. This made it proper to be published as part of the record under which congress was to proceed. The order was a model one in every respect, but in none, in the minds of naval men and strategists, more than in the absolute liberty it conferred upon Dewey to proceed after his own fashion in accomplishing the task that the department had set for him. Here is the text of the order:

EQUILIBRIUM OF NATIONS

It Has Been Changed by the Victory of Dewey at Manila.

NEW WORLD APPEARS

Daily Chronicle's Opinion of the Present Situation.

AMERICAN SYMPATHIZERS IN LON-DON ARE JUBILANT OVER THE SUCCESS OF THE UNITED STATES FLEET AND SEE NEW DEVELOP-MENTS AHEAD-AMERICA MUST IN FUTURE BE RECOGNIZED AS ONE OF THE GREAT POWERS OF THE EARTH.

London, May 10 .- The Daily Chronicle's parliamentary reporter says:

"The full truth about the success of America in the Philippines has produced a curious effect in the house of commons. It is as if a new worldportent had appeared, a new force upsetting all previous calculations as to the equilibrium of nations. Members who were as enthusiastic about the American cause see that new developments are ahead.

The few Spanish sympathizers, on the other hand, are appalled at the evidence of Spain's incompetence, while proud of the valor displayed by individual Spaniards, Others dwell upon the emergency of a new naval power whose friendship will be vital to us in the face of European hostility. It is a critical moment."

Quesada, General Nunez left for New York, where he will make a report to Senor Palma. The results of his trip are guarded with much care by the Cuban officials here, who deem it mexpedient to discuss what General Nanez did. It is said, however, that his party found no difficulty in establishing communication with the Cuban commanders in the field. It is understood that General Nunez will continue to organize parties of Cubans to go to the front, and will have command of the united Cubans other than those already in the field under Garcia and Gomez.
