evening's regular monthly ceting of the West Side board of trade was devoted main'y to routine busiess matters. The only really important features of the result it was the apminting of committees by the president for the ensuing term; the reading of the secretary's annual report, and a imply suggestion in reference to the street, between Pairview avenue and Robinson street.

8.39 o'cleck President Holmes alled the meeting to order. The reguor committees had nothing to report. The appetal committee, viz., the auditing committee and committee on the patter of accuring a new engine for the Franklin Engine company reported satisfactory progress. The committee in reference to the Franklin Engine ngany was appointed at the meeting to urge immediate and definite ection toward securing the very necessary new engine for the above company. The committee is in touch with movement which will probably culningte in the desired result.

The matter of having the lower portion of Price street, between Fairview avenue and Holdnson street, re-opened was suggested by Jonkin T. Reese and on motion was referred to the streets and bridges committee for their consideration and to report at the next
