

ON TO TAMPA, FLORIDA

Major Thompson Says Thirteenth Will Go to That Place.

TO BE MUSTERED IN TODAY

Not to Be Among the First Troops to Leave Gretna.

NUMBER OF OFFICERS IN THE REGIMENT FILLED BY APPOINTMENT AND ELECTION-SERGEANT MAJOR HARRY COURSEN APPOINTED TO THE POSITION OF ADJUTANT OF THE SECOND BATTALION—MAJOR GEO. H. WHITNEY, CAPTAIN J. O. DIMMICK AND SECOND LIEUTENANT GEE FAILED TO PASS THE SURGEON'S EXAMINATION.

From a Staff Correspondent.

Camp Daniel H. Hastings, Mt. Gretna, Pa., May 11.—The Thirteenth regiment will be in Tampa, Florida, within a week. The only ifs and ands about this is that Major Thompson, the war department's representative here, knows whereof he speaks, and that the exigencies of war do not cause the authorities at Washington to again change their plans.

This morning at 5 o'clock, Private Secretary Belter came over from Harrisburg bearing dispatches from Secretary Alger to Governor Hastings. This evening the governor gave it out to the newspaper correspondents that the message from Washington contained notice that as soon as six regiments were ready to be moved, they were to be sent to Tampa, Florida.

Major Thompson gave further definite information to the effect that the other regiments, likely the whole division, would follow as fast as they could be gotten ready. The Thirteenth confidently expects to be mustered in before noon tomorrow. The six regiments who are sure to be the first to go, are the Fourth, Sixth, Third, First, Fifth and either the Fifteenth or the Ninth.

FIVE REGIMENTS COMPLETE.

The five first mentioned regiments are all complete and ready to move on short notice. All that remains to be done to place them in readiness is to uniform the recruits and distribute the packs, cartridges, belts and tins. This part of the work is well under way. It was begun this afternoon and several of the regiments are fully equipped. The uniforms given the recruits are hardly distinguishable in shade from the National Guard uniforms that the original members of the companies will continue to wear. The Springfield rifles with which the state guard is equipped will be taken along, but will be exchanged for Krag-Jorgensen repeaters as fast as the arsenals can turn them out. Major Thompson says these regiments in question will move tomorrow. His instructions were to have them on the road within forty-eight hours.

Four Pullman cars, the "Wales," "Lena," "Selwyn" and one that is not named, and about forty passenger coaches, together with a large number of box cars, were switched into the Gretna yard this morning. Other trains of cars are expected in tonight. Superintendent A. D. Smith, of the Cornwall and Lebanon road, told me today that he was instructed the trains would be moved tomorrow. The whole distance will be accomplished by rail and there will be no stop at Washington or any other intervening rendezvous.

The work of mustering was again carried on today with feverish haste and at 10 o'clock tonight, when the mustering office in the park closed down for the night, over 5,000 Pennsylvania volunteers had been transferred into the United States service.

THIRTEENTH NOT IN SHAPE.

The Ninth mustered in all but two of its companies, but the Thirteenth was unable to get any of its commands in shape for presentation. Colonel Coursen, however, is determined that his regiment shall be mustered in tomorrow morning and to this end ordered the company commanders not to sleep tonight until their commands were ready in every respect for presentation to the mustering officials. The filling of vacancies in official position, the selecting and enlisting of recruits and the making out of the muster rolls and other requisite exhaustive reports prove a greater task than was bargained for. At nightfall, however, the work was about completed and there is little doubt but that the regiment will be ready to a man to be presented by Governor Hastings to the mustering officers at 10 o'clock tomorrow morning.

Governor Hastings inquired yesterday about the Thirteenth and expressed surprise that the regiment which was first in so many things was not among

the first in becoming a part of the volunteer army.

There was deep regret throughout the camp today when it was announced from Surgeon Major Hall's department that Major George H. Whitney, of the First battalion, and Captain J. O. Dimmick and Second Lieutenant Edward McGee, of Company A, had been rejected. The first-named because of over age and the last two because of physical disability. Major Whitney's place will be filled by an election to be conducted by the field and staff.

This morning by appointment and election nearly all the vacancies in official positions in the Thirteenth were filled. Regimental Sergeant Major Harry Coursen, who was the ranking non-commissioned officer, was appointed by Colonel Coursen to the position of adjutant of the Second battalion, made vacant by Dr. R. M. Stratton's failure to pass the physical examination. Dr. G. W. Merriman, of Company D, was appointed hospital steward to succeed Joseph F. Baumelster, resigned.

The other vacancy in headquarters, the position of chief musician, is still open. Major Whitney, having come to a conclusion regarding how he would fill it, Musician John Hayes has been temporarily appointed to the place. There is some talk of securing a man from the Third brigade to take up the big task of building up the badly depleted drum corps. As the position pays \$60 a month there will be little or no trouble in securing filling for it.

Company C elected First Sergeant Edward Burkhouse, unanimously, to the position of first lieutenant, made vacant by Lieutenant W. A. Faub's inability to pass the physical examination. Fifth Sergeant Thomas Murphy defeated Corporal Paul de Paschalis for the second lieutenantcy, vacated by Lieutenant D. N. Davis' rejection by the surgeons. The filling of Lieutenant Scott's place in Company B was no easy matter.

Company A this afternoon elected First Lieutenant Samuel S. Derman to be captain; First Sergeant Herbert E. Thayer to be first lieutenant, and Second Sergeant John A. Keith to be second lieutenant.

It was thought at first to invite Regimental Sergeant Major Coursen to become the company's lieutenant and allow ex-Battalion Sergeant Major William Pierce to succeed to Dr. Stratton's place, but this plan was given up and Captain Kambeck, after consulting with his company, reported Sergeant George Roberts to headquarters as his choice for the lieutenantcy.

Two of the captains have completed the appointment of their non-commissioned officers as follows:

Company C—First sergeant, James M. Hafter; quartermaster sergeant, Paul de Paschalis; duty sergeants, Ray G. Smith, W. S. Gould, Joseph Heitricke, C. E. Lathrop; corporals, Richard H. Bourke, Harry Drake, George Robbins, George Schmidt, Jacob Fetherman; artificer, William Dunkerly; wagoner, Alison Thornton.

Company D—First sergeant, William G. Davis; quartermaster sergeant, Robert M. Yall; duty sergeants, William McCall, Harrope F. Seward, Lorenzo S. Sibley, Ira May, William H. Crago, Thomas Russell, Jr., Lona B. Day, E. C. Coons, Charles S. Geary, John P. Hitchcock; artificer, Harry B. Bowman; wagoner, George Thompson.

The following recruits failed to pass the physical test:

Company B—Evertt Cramer, Morris Posner.

Company E—John Rinde, Emory W. Kinsley, Edmund Fulton, Irwin G. Dennis, John B. Keane, Chauncey E. Bates.

Company F—Fred S. Arnold, Carl Van Baman.

Company G—W. F. Robinson.

Company H—Jean Broughton, Michael Bossertell.

All of the lieutenants were summoned to regular army headquarters today, that Surgeon Major Hall might verify the examinations made by the regimental surgeons. Lieutenant Ingalls of Company D went with them and succeeded in passing all rights. It is likely that Reese Watkins will be back with the regiment again. An order was issued today creating a new office in each regiment, keeper of ordnance. The duties are much similar to those of inspector of rifle practice, and there is every likelihood that the Thirteenth's deposed inspector will be given this new berth.

There is just a mere possibility that the Thirteenth will not be allowed to take their new ambulance with them when they go ahead. Lieutenant Hay, U. S. A., acting quartermaster of the regular army here, has refused transportation for ambulances and ambulance horses and mess tents. Whether or not the regiments can take along their ambulances at their own expense has not been passed upon. If there is any way of keeping the ambulance with the regiment, Colonel Coursen proposes to keep it. If not, it will be sent home. That the preparations for departure to some regular army rendezvous are well under way at headquarters was evidenced this morning by orders to the regimental commanders to report the number and condition of their tents and the announcement that each company is to be given a "buzzaote" stove to replace the various stoved cook stoves used by the militia.

Under the army regulations the men eat in their respective tents and must arrange to do their own cooking and baking. Everything is issued raw and instead of bread each man is allowed so much flour a day and so much unground and unroasted coffee. There is nothing in the rules, however, forbidding companies from assigning some one man to act as cook, and this plan no doubt will be followed in all the regiments, as far as is practicable. Lieutenant Michael Hillard and W. P. Kelly, Company E recruits, were transferred to the Twelfth regiment. Joseph Carvery and Peter Mahon who were left over after Company D's ranks were filled were turned away. Company F took in too many of those left over by the other companies. Up to a late hour it had not made its selections.

Charles Ash, William Harbach, Peter Getz, Frank Nicholas and James F. Cooper, of Company C, and Arthur Clarke, George Palmer, Marshall Anderson, Ernest McDermott and Robert Pettit, of Company F, were sent home today because of the refusal of their parents to consent to their entering the army.

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER
Absolutely Pure

ROYAL BAKING POWDER CO., NEW YORK.

Sergeant Major John Kinney, of the First battalion, becomes lieutenant. His brother, James Kinney, is First Lieutenant. Sergeant major J. H. Mahon has been appointed a sergeant in Co. C.

Two extra loads of Kelly's crackers arrived yesterday and are being issued this morning as "hard bread."

Emmet McDermodt, of Co. F, who had to go home because of his failure to secure his parents' consent, was the headquarters bugler and one of the best men in the business. Another man will have to be broken in on the calls and such like.

The Ninth regiment mustered in one of its companies at 10 o'clock this morning. It was Co. F, of Wilkes-Barre, commanded by Captain McCleary.

Major J. W. Oakford has decided in favor of Private Fred Bennett and against Adjutant George Russ, in the contested election for first lieutenantcy in Co. C, of the Ninth.

Captain John F. Flannery, of Co. H, was last night presented with a sword by the citizens of Pittston. The presentation was made by Major Bowman and was the occasion of much felicitations and hurraing.

A fire in the woods near the Thirteenth's camp early this morning was extinguished by a detail from the Third brigade under command of Col. Calder. He provided for the camp. Captain J. H. Dugan, in his old Co. I uniform, was one of Co. C's recruits who was given a hearty welcome. There are few better tacticians than Captain Dugan in the national guard and it is safe to say he will not be a high private in the rear rank for any great length of time.

Deputy Sheriff T. J. Jordan and John Keator, of the Times reportorial staff, returned home last night after doing the camp for four days.

John Stanton and Leo Murphy, who came down with the headquarters as stewards, contracted the war fever and have offered themselves as recruits. They have passed muster and will join Co. D.

T. J. Duffy.

ORDERED TO TAMPA

Governor Hastings Announced That Six Regiments Will Proceed There at Once—Ninth is One of Them.

By Associated Press.

Mount Gretna, Pa., May 11.—Governor Hastings today officially announced that six regiments of the Pennsylvania volunteers now at Camp Hastings will be on their way to Tampa, Fla., within forty-eight hours from noon today.

Orders to have the regiments in readiness to move within that time reached the camp about 5 o'clock this morning. Major Thompson, the United States army officer commanding, immediately directed the various regiments necessary to make up the required number, and by nightfall about thirty-five companies had been sworn in.

Arranged with their respective regiments, a grand total of five regiments is the record of today's work and including the two regiments completed yesterday, there are now seven regiments of volunteers ready to move at the word of command. Over thirty railroad cars are sidetracked ready for the soldiers to board, and the first one will move probably in the morning.

It was definitely decided tonight that the regiments to go will be six of the seven now mustered in. They are the Fourth, Colonel Case; Sixth, Colonel Hulbert; Third, Colonel Ralston; Fifteenth, Colonel Kreps; Ninth, Colonel Dougherty; and Fifth, Colonel Burchfield. All that is necessary to fully prepare these commands and the others waiting to be mustered are uniforms for the recruits, canvas belts and blanket rolls for the guardsmen, and new Krag-Jorgensen guns for all.

Lieutenant Hay, U. S. A., was at work today distributing equipments of clothing to the commands mustered in. The non-completion of this will not interfere with the troops moving as the equipment will be completed in that case at Tampa. All ordnance will be handed around at the same place.

In addition to the muster of the above commands, two companies of the Sixth regiment took the oath also on the 10th, three of the Eighteenth, one of the Eighth and the Sheridan troop. All told there is a total of 344 officers and 5,223 enlisted men on the field, now part of the volunteer army of the United States. These do not include Batteries A and C, Pennsylvania volunteers, now at Fort Penn.

INDEPENDENCE FOR COREA.

Tokio, May 11.—It is announced in the Government Gazette today that the Russian and Japanese governments have agreed upon a modus vivendi regarding Korea. On April 25 the representatives of the two governments signed a protocol in which they recognize the sovereignty and independence of Korea and mutually engage to refrain from all direct interference in the internal affairs of that country.

The Russian government also agrees not to impede the development of Japan's commercial and industrial relations in Korea.

FATE OF THE PHILIPPINES

Germany Looks Upon the Islands With Longing Eyes.

PREPARING TO SIGNIFY HER DISAPPROVAL OF LASTING OCCUPATION BY AMERICANS—CLAIMS OF GERMAN RESIDENTS WHO SUFFERED LOSSES BY THE BOMBARDMENT OF CAVITE BEING ENCOURAGED. AN APPEAL FROM THE PHILIPPINE REFUGEES.

London, May 11.—A report is published here to the effect that Germany is preparing actively to signify her disapproval of a lasting occupation of the Philippine islands by the United States. The German consul at Manila, it is said, has been instructed to make representations to Rear Admiral Dewey differing materially in character from those of the representatives of other powers.

Continuing, the report has it that very heavy claims are being encouraged on the part of Germans, who have suffered from the bombardment of Cavite, and Germany proposes to obtain control of the Philippine islands by guaranteeing the payment by Spain of an indemnity to the United States. The plan, it is declared, is acceptable to Emperor Francis Joseph of Austria, and it is understood to have been accepted passively by France, which country is so strongly interested, financially, in the rehabilitation of Spain.

APPEAL FROM REFUGEES.

A dispatch to the Times from Singapore says that Philippine refugees here are preparing a congratulatory address to Rear Admiral Dewey. They also express a desire for the establishment of a native government and for American protection. They deprecate the proposal that the Philippines be transferred to the United States to any continental government.

GRAND LODGE OF ELKS.

Contest Over the Election of the Next President.

New Orleans, May 11.—The grand lodge of Elks met today behind closed doors and the active business of the session began. The first item was on the question of which city shall have the honor of getting the next convention. St. Louis was selected.

The contest over the election of the president is no nearer a finish than it was yesterday. B. M. Allen, of Birmingham; Lucie Phelps, of Louisville; John Galvin, of Cincinnati; and J. B. Fisher, of Johnstown, Pa., are the leading candidates. The woods are full of candidates for the several other offices.

ENGINEERS IN SESSION.

Officers Elected at the Meeting Held in New York.

New York, May 11.—At the second annual convention of the Supreme council of the American Order of Steam Engineers, in session in this city today, the following officers were elected:

Supreme chief engineer, Franklin R. Moore; secretary, N. M. Kennedy; supreme recording engineer, James Lightfoot; Pennsylvania; supreme corresponding engineer, Clifford P. Williams; Pennsylvania; supreme treasurer, W. J. Mitchell; Delaware; supreme master mechanic, Thomas Ditcher; Massachusetts; supreme junior master mechanic, W. J. Mitchell, Delaware; supreme inside sentinel, S. D. Woodington; Pennsylvania; supreme outside sentinel, John Alphas, Pennsylvania, and supreme chaplain, H. G. Conne, Pennsylvania.

ONE CENT A MILE FORTROOPS.

Railroads Hastening to Get Part of the War Business.

Chicago, Ill., May 11.—All of the western roads have decided that they will charge one cent per mile for the transportation of troops to and from the front. Only one road is standing out against the rate. This is the Colorado Midland, and it says that the state laws of Colorado prevent it from making a one cent rate. It has not, however, informed any of the other roads that it intends to make a higher rate and the chances are very strong that none of the roads will charge any more than the one cent rate.

At all events they will get no more than that from the government, no matter what the charge. The government informed all of the roads some time since that in its opinion one cent was a fair rate and it desired that the roads make this rate of their own accord. Ever since the promulgation of the order from Washington announcing what regiments were to be moved from each state there has been the liveliest sort of a scramble for the business.

SPANISHAMBASSADOR'S BOAST.

Prudence as Well as Courage to Meet the Enemy.

London, May 10.—In an interview today, Count Gascon, the Spanish ambassador at Great Britain, said: "Our admiral shows wisdom in not accepting a battle before Cuba against superior force. Courage is not inconsistent with a certain degree of prudence. It would be making things too easy for the United States to let them always find in front of them opponents inferior in numbers and equipment."

"Spain, however, has generals and admirals who are not so degenerated as it pleases some to suggest. She has also military and naval traditions the power of which will make itself felt at a fitting moment."

MYSTERY OF THE FLEET.

News Correspondents Are Unable to Locate the Cape Verde Squadron.

London, May 11.—Inquiries made on board ships which have recently arrived here from the Canary islands, the island of Madeira, Tenerife and Gibraltar show that nothing has been seen of the Spanish fleet.

The British steamer Galicia, Captain Bird, which left Cadiz on April 29, reports that the only Spanish war vessels there were the auxiliary cruisers Nor-mannia and Columbia, two torpedo boats and an armed yacht, possibly the Glirada.

The British steamer Tetuan, which arrived here today from Gibraltar, after

WAR REVENUE BILL.

It Will Probably Be Reported in the Senate Today.

Washington, May 11.—With the exception of a few administrative features the war revenue bill is ready for report to the senate. This report probably will be made tomorrow though consideration of the measure will not be begun before Monday.

The bill contains several provisions of the finance committee and adopted their amendments which included a corporation tax of one quarter of one per cent, a provision for the coinage of the silver and the issuance of \$150,000,000 of greenbacks.

MISSION OF THE GOSSIE.

First of Several Trips to Arm the Cuban Insurgents.

Tampa, May 11.—The transport Gossie, which sailed yesterday for Cuba, took with her about 7,000 rifles, about 250,000 rounds of ammunition, about 100,000 packs, and other supplies to be used to help in transporting the supplies to the interior to the patriot army, and several patriotic Cubans, who will act as guides. She also took two companies of the First Infantry and Captain James H. Dorst, of the Fourth Cavalry, who is in charge.

Captain Dorst will make landings at three different places, and after this expedition he will carry several others until he has completed the delivery of 1,000,000 rounds of ammunition to the Cuban hands that can approach the coast. He will give orders also to all the Cuban leaders he meets as to what they are to do when the American invading army reaches Cuba.

The Cubans are to have no ground for complaint that they are not well armed and well clothed and well fed. Before the army of invasion reaches the island to drive out the Spaniards.

GERMANS STAND BY AMERICA.

National Turnbund Adopts Resolutions of hearty praise.

Birmingham, Ala., May 11.—The southern central division of the North American Turnbund, representing the German population of the gulf and southeastern states, in annual convention here today unanimously adopted a resolution justifying the course of the United States in its war against Spain to liberate Cuba and to avenge the murder of American seamen "and pledging the individual and collective services of the members of the association to the country of our adoption."

Emotional speeches were made in German, heartily commending America's cause, some of the speakers asserting that the United States will yet find it has a firm friend in Emperor William and the German government.

KAISER NOT UNFRIENDLY.

Significant Statement Credited to the German Emperor.

Berlin, May 11.—Emperor William, the Frankfurt Zeitung reports, in a conversation recently with United States Ambassador White, said: "It is important that America should not think that either I or my government entertains unfriendly feelings toward the union in consequence of the war with Spain."

"The millions of Germans in America would not understand it if their fatherland did not entertain a friendly feeling in this conflict toward their new home."

DELICACIES FOR DEWEY'S MEN.

The Colonial Dames Contribute \$100 for the Purchase of Jellys, Etc.

Washington, May 11.—The surgeon-general of the navy has sent \$100 to the Navy pay office at San Francisco to purchase clam juice, lemons, beef extract and jellys to be sent to the sick

CARPETS. WALL PAPERS.

Some one has said, "Style is the dress of thought." Do you realize when one visits your home how the furnishings tell the character of the occupant? In one home you will find ordinary inoffensive styles, that's the "thoughtless" buyer. In another hideous colors and wonderful designs. That's the "careless" buyer. In another dainty, graceful designs, harmonious colors, the work of artistic people. Which will you choose?

and wounded of Admiral Dewey's fleet. The money was contributed by the National Relief association of the National Society of Colonial Dames of America.

THOMPSON'S SLAYER ESCAPES.

Former Scout Eastham Helped from Jail by Friends.

Cumberland, Md., May 11.—Colonel Robert W. Eastham escaped from jail at Parsons, W. Va., early Monday morning. It is thought he was furnished a duplicate wooden key by outsiders, as his friends made threats of accomplishing his release.

Eastham was a Confederate scout during the late war, and his trial for the murder of Frank E. Thompson, a wealthy lumberman, formerly of Philadelphia, created a great sensation in December last. He was convicted of involuntary manslaughter, and received a two years sentence.

NEW YORK HOTELS.

The St. Denis
Broadway and Eleventh St., New York. Opp. Grace Church.—European Plan. Rooms \$1.00 a Day and Upwards.

In a modest and unobtrusive way there are few better conducted hotels in the metropolis than the St. Denis. The great popularity it has acquired on its location, its beautiful atmosphere, the peculiar excellence of its cuisine and service, and its very moderate prices.
