SOME RESULTS OF THE COLLISION

Rules of the Fire Department Will Be More Rigorously Enforced.

MEN WHO HAVE BEEN ABLE TO SECURE IMMUNITY FROM CENSURE AND PUNISHMENT THROUGH POLITICAL INFLUENCE WILL BE THE FIRST TO RECEIVE ATTENTION—PLACES OF THE INJURED MEN HAVE BEEN FILLED BY TEMPORARY APPOINTMENTS.

Circumstances attending the serious collision between the Phoenix Chemical and Crystal Hose wagons on Adams avenue Thursday morning will probably prevent any formal investigation and consequent censure. The incident has, however, awakened the joint fire department committee of councils to a sense of duty long neglected, and which will result in a shake-up of incompetent men.

Under ordinary conditions, Troop the Crystal driver, would be blamed for not observing the rigid rule that Phoenix company has the right of way on all alarms in the district. Troop knew this rule but he stoutly maintains that the heavy rain obstructed his sight and hearing so effectively that he neither saw nor heard the Phoenix company until the crash came. The latter's permanent men also aver they discovered the approach of the Crystal wagon too late to avoid the collision.

A point against Troop is raised by officials in the fact that each company had exactly the same distance to travel to reach the corner of Adams avenue and Linden street. This, the officials say, should have caused Troop to slow up after crossing Washington avenue. The same complaint is not raised against the Phoenix men as they are supposed to have the right of way.

ONE HORSE INJURED.

One of the Crystal horses is the only one of the four out of service. Her injuries are slight and will permit her return to duty in a few days. The horses of Campbell, Green and Tillman, of Phoenix company, are being filled by Joseph Heitman, (Century company), driver; Charles Becker, (Phoenix company), engineer, and Victor Koch, (Phoenix company), horseman. Some of them are ordinarily a permanent fireman. Isaac Ties, a permanent Crystal man, has been appointed hose driver of that company and John Conroy engine driver. Conroy is a member of the Crystal, but is not a permanent fireman.

Political influences has hampered Chief Hickey and the joint fire department committee in regulating the service of several permanent men. Several drivers are known to have been without experience with horses before securing their appointments. The habits of one who has been for some time in the service are notoriously bad and in addition he is handicapped by stiffness.

Another driver has a physical infirmity which debars him from heavy work. He occupied seven records in climbing from the floor to the top during the recent inspection. A South Side company contains men recently censured by the mayor for drinking in quarters and being absent on several occasions without leave.

COMMITTEE WILL ACT.

All these facts are known to the joint fire department committee. The members have refrained from attempting to remedy the defects but they realize the time has come for action. It is promised that the first evidence of incompetency among the permanent men will cause the committee to take action or to give Chief Hickey that authority. Thomas Campbell, Lincoln Tillman are the only ones at the hospital of those who were injured in the collision at Adams avenue and Linden street Thursday morning. They will be around in a day or two. Tillman is the least hurt of the two, he is suffering muscular pain from the shaking up he got. Campbell's right shoulder was dislocated, and it will take a few days longer for him to be around.

THEIR MAN WAS KILLED.

Death a Year Ago Prevents a Search by the Police.

The police will never find "Jake" Bold. He was killed last summer while trying to board a Delaware, Lackawanna and Western train. As related in yesterday's Tribune, a letter from James H. Boyle, of Brooklyn, to Acting Chief Gurrel, requested that Bold be found and described him as being 34 years old and having an artificial leg. The letter further stated that Bold's name was dying.

It was recalled by the police yesterday that Bold was killed at 2 a. m. on Tuesday, July 13, of last year while trying to board a fast freight train near West Lackawanna avenue. Two companions succeeded in getting aboard. Bold fell beneath the wheels. His body was further mangled by a switching engine. An artificial leg helped establish Bold's identity as a hostler who had worked for Frank Anshury. He and the two men with him were bound for the Binghamton races.

Undertaker Raub was given charge of the body, which was buried two days later. These facts have been communicated by letter to the Brooklyn police.

RELIEF APPEAL HAS BEEN ISSUED

Scranton Committee Asks Aid from All Patriotic Citizens.

APPEAL IS FORMAL AND OFFICIAL AND CALCULATED TO BRING RESPONSES IN AID OF THE SOLDIERS AND THEIR FAMILIES.

ALL RELIEF COMMISSION MAY BE UNDERTAKEN—MONTROSE AND HONESDALE ASKED TO JOIN.

The formal appeal of the committee organized to aid Thirteenth regiment soldiers and their families was issued yesterday. It is as follows:

A call to All Patriotic Citizens: The like devotion to our country, which has sent her brave soldiers into the field and has called our historic and ever successful navy into action in the name of humanity, has prompted our citizens at home to organize relief in patriotic sympathy and such help as can not be rendered by our government. We must not allow one of our brave soldiers or sailors to suffer for lack of anything we can furnish. We must cheer his heart and fortify his arm.

Providence has sent the cry of those in whom He has planted the hope of liberty, to bring in God's army, the sacred long, to our doors, and we have answered heaven's demands. This is the logic of the war we are engaged in and we are at the moment of our greatest debt we owe the oppressed for what we enjoy.

Our young men have accepted, regardless of their lives or self-interest, the issue which the cruelty and defiance of six centuries flung in the face of freedom and humanity today. All historic blessings and every patriotic impulse make it a privilege to sustain those who have responded to our country's call.

The soldiers' relief association is the spontaneous expression of our people in this vicinity in this emergency. The objects of the association are to supply needs, to care for the dependent ones at home, to keep our defenders in touch with home interests and influences, and to sustain their families by family tating and promoting correspondence, to second the efforts of the Red Cross society, to bring in God's army, the sacred long, to our doors, and we have answered heaven's demands. This is the logic of the war we are engaged in and we are at the moment of our greatest debt we owe the oppressed for what we enjoy.

ONLY THE OPPORTUNITY.

It needs only the opportunity for a generous response from all our citizens. Individuals, old and young, societies, leagues, clubs, churches, all civic and religious associations are requested to make common cause for this emergency and make it possible for this organization to express in acts at once your sympathy and your patriotism.

At a meeting of the Scranton board of trade, held Monday, May 16, 1898, the following executive committee of the Soldiers' Relief Association was appointed, to wit: W. A. May, Alfred Hand, C. R. Mantville, Thomas H. Day, C. G. Boland, John E. Parr, Conrad Schreiner, Luther Keller and D. B. Atherton.

All subscriptions and contributions, large and small, should be made directly to the relief officers and sent to D. B. Atherton, secretary, at the rooms of the board of trade. He will keep an accurate record of all donations and pass them to the treasurer, who will acknowledge them in the public press. This association will work in harmony with the National association, and will not involve a use of local funds by the latter but it is believed that an alliance with it will facilitate communication with the front as well as make easier transportation of wounded and sick men and supplies.

The Scranton committee will meet next Thursday, by which time much of the detailed work will be decided upon.

PAWNEE BILL AND THE RAIN.

They Paid a Joint Visit to the City Yesterday.

Pawnee Bill and a heavy rain storm visited the city yesterday. The former gave exhibition at the show at Wyoming avenue and Ash street and the latter did what it could to spoil the evening performance.

The afternoon performance did not begin until very late and was hurried through in a fashion that was unsatisfactory to the audience. From yesterday's showing some talent and a generous bath would improve the show materially. It exhibits at Nanticoke today and at Wilkes-Barre Monday.

To the Public.

We desire to call the attention of the public to the fact that the Keeley Institute is under new management. Also that Mr. C. F. Ball has not been connected with us since Nov. 10th, 1897, either directly or indirectly. Dr. Voorhees has also retired and in his place we have Dr. A. W. Reese, who was for five years in charge of the medical department of the Keeley Institute in the Soldiers' Home at Leavenworth, Kansas.

He has probably had more actual experience in Keeley work than any doctor in the business except Dr. Keeley, himself. The Keeley Institute, 725 Madison Avenue, Scranton.
