INTERESTING FLAG RAISING.

Impressive Patriotic Ceremonies at the D. & H. Locomotive Shop.

One of the most interesting flag-raising ceremonies ever witnessed in the city was that of the locomotive shop employees yesterday afternoon. A large platform was erected near the staff, over which hung a large sign with the inscription: "Remember the Maine."

In large, bold letters. Immediately over this was a large portrait of President McKinley. The platform was profusely decorated with bunting and flags. At exactly 3:20 the shop quit work and the workmen, with their invited guests, sat down on the seats prepared for them in front of the platform.

Master Mechanic E. A. Stoddard, G. M. Keen and William Blake occupied the platform. The program was announced by H. H. Major. The program, under the leadership of George H. Moore, was a patriotic selection, composed by Mr. Moon, to the tune of "Marching Through Georgia," after which William Blake made a rousing speech. He was compelled to stop several times, owing to the applause which greeted the speaker.

FROM MT. JERINA.

LeRoy Bunnell Writes Briefly of Camp Life.

In writing to a Carbondale concerning Mt. Jerina, LeRoy Bunnell, among other things, says: "The boys are all happy, notwithstanding the fact that it has rained ever since Saturday night and now it is awful, muddy. We had a division review on Monday afternoon and it was the grandest sight that I ever saw. It took an hour and one-half for the men to pass the reviewing stand and they were formed so a whole company went by abreast. The reviewing was done by Governor Hastings."

FIREMEN AROUSED.

Think They Are Not Being Treated Right by Councils.

The proposed ordinance creating a city fire department which is now in the hands of the joint fire committee of the councils does not meet with the approval of the firemen, especially those of the Mitchell company. The fire committee held a special meeting behind closed doors on Wednesday evening and on a committee headed by the Mitchell's asked for an audience it is stated they were refused. The cause of the dissatisfaction among the Mitchell's is probably because the new ordinance proposes to put the city in possession of their property by purchase. The committee refused to make the outcome of their meeting public and a great deal of impatience exists among the firemen regarding their decisions. The Mitchell boys do not favor the subject of taking any of their present base away from them and threaten to leave the department. A special meeting has been called for Sunday to discuss their grievances.

ALL GONE TO WAR.

Patriotism has cut up the old Harry with the Hallett Herald. The editor, one of the proprietors and a printer have enlisted in Uncle Sam's service. To cap the climax the young lady compositor resigned, presumably to go to the front as a nurse, and the remaining proprietor Frank W. Swigert, late of Carbondale, is editor, business manager, foreman and devil. Mr. Swigert is keeping a strong card on himself and has forewarned all patriotic effusions fearing that otherwise he might succumb and join his companions on the tented field, leaving the Herald to its fate.—Forest City News.

A SLIGHT COLD.

Which Pe-ru-na Would Cure Immediately Is in Danger of Becoming Chronic Catarrh.

The time to begin to doctor is when the symptoms of disease first appear. After the disease has a firm hold on the system it is when most people just begin to think of having a doctor. Sometimes a disease is cured even then, but it is not so easy to cure the symptoms as soon as they manifest themselves. The symptoms of catarrh are many and varied. A slight cold or cough that a few doses of Pe-ru-na would promptly cure is allowed to progress until it becomes chronic catarrh, which requires constant and persistent treatment to effect a cure. Mrs. Malinda Walker, of Graham City, Young county, Tex., writes: "For the past six years I have been suffering with catarrh and all the evil effects that accompany it. The last year my throat got sore, then it settled on my lungs, which caused pain under left shoulder and breast. I was not able to do my work, could not get out of a chair without help. I had all of our doctors' advice and assistance, but it did no good. The first month after I began taking your medicine I was doing my work. I took them for twelve months, and now I am in good health. I recommend your medicine to do just what you say it will do. You made my health good, which I thought was not possible."

Pe-ru-na cures and cures permanently. Send for a free book entitled "Health and Beauty," written by Dr. Hartman. Address The Pe-ru-na Drug Manufacturing Company, Columbus, Ohio.
