District Attorney Jones was given a vote of commendation for his careful and impartial attention to duty. The recommendations were as follows:

We suggest and recommend that an electric bell be placed in the district attorney's office to connect with the grand jury room; we also recommend that a mirror, comb and brush be placed in the grand jury room for the convenience of the grand jurors.

A CRITICISM.

We criticise the manner in which the court house grounds are kept, viz., the driveway from Linden street to Spruce street, which passes to and through the court house; we find that grass and weeds are allowed to grow between the blocks of the pavement and also that rubbish is allowed to collect in the entrance to the basement of the court house on the Linden street side. The walks to and around the court house we find, are in a badly settled condition, causing the water to stand on the walks and making it decidedly annoying and unsafe to pedestrians.

The trees: We find they are neglected by allowing dead limbs to remain and not pruned at the proper time.

We respectfully recommend that the above, as far as possibly can be, be attended to at once, and we also recommend that the dead trees be removed and young trees be placed in their stead in proper season; that the sidewalks be properly graded with sufficient elevation to carry off the water; that the space between the walks and curb be paved with brick; that the lawn be cut at least once a week, and oftener if necessary; that the lawn will not be sprinkled while the sun is shining.

Having inspected the county jail, we find it neat and wholesome, except a portion of the basement which is damp owing to surface water finding its way through the walls; we recommend that a retaining wall be constructed at the south side of the east wing to prevent the water from flowing on the basement floor; that the concrete floor in the basement be repaired; that the walls of the jail yard be pained, that the brick gutter pave and curb on New York street side of the jail yard be repaired and re-set, that a leak in the valley on the northwest angle of the roof be repaired; that a closet be provided for the clean clothes; that a hand roller, weighing about 200 pounds be provided to be used on driveways and lawn inside of jail yard.

We further beg leave to report that suggestions have been made by other grand juries which have been disregarded, and would suggest that hereafter in case the suggestions made by the grand juries are not carried into effect, that the reasons be stated to the next grand jury.

FIRE AT PITTSBURG.

Henderson and Johnson's Warehouse Entirely Destroyed.

Pittsburg, May 29.—Henderson & Johnson's warehouse and contents on the south side were entirely destroyed by fire shortly before 3 o'clock this morning, involving a loss of about $150,000, partially covered by insurance. The building, which was a four story brick, was located on Carson street about a square east of the Lake Erie depot. It was filled with hay, grain, vinegar and river supplies and was used as a warehouse and storage house.

Hirsch Brothers and company, vinegar dealers, had an office in the main building and a large amount of vinegar stored in the warehouse. Their loss is estimated at $40,000, fully insured.

COLUMBIA INJURED

United States Cruiser Struck by the British Steamer, Foscolia--A Big Hole in Her Starboard Side.

New York, May 29.—The United States cruiser Columbia arrived at the Brooklyn navy yard this evening with a big hole in her starboard side. Captain Sands reports that at 7.38 p. m. last night off Fire Island, during thick fog, she was run into by steamer Foscolia, British, which left yesterday for Bordeaux with a cargo of general merchandise.

The Foscolia struck the Columbia on starboard quarter, just forward of the after barbette, cutting clean into the hull, making a hole about ten feet high and six feet wide, filling the compartment with water. The Foscolia sunk almost immediately after, but the Columbia succeeded in rescuing all of her crew of twenty-one men and landed them at St. George, S. I. The Columbia will likely be placed in the dry dock.

AMATEUR BALL NOTES.

The Lackawannas challenge the West Side Browns for June 5, the South Side club for June 12 and the Minookas on the Dunmore grounds for June 19.

The Lackawannas defeated the Taylor Reds at Taylor Saturday afternoon by the score of 28 to 8. Gaughan had to do the twirling for the Lackawannas as the regular pitchers were out of condition. The Taylor boys were never in it. They used up all their pitching talent to stop the severe cannonading of the Lackawannas, but to no purpose. Considering the condition of the grounds, the visitors put up an excellent fielding game. The Lackawannas play the Carbondale team at Farview today.

The Taylor Greys accept the challenge of the North End Stars for a game on the Taylor grounds for Tuesday afternoon, May 31, at 3.30 o'clock. Michael Day, captain.

The Minooka team and the West Side Harmonies battled for honors on the former's ground yesterday. The contest was listless and devoid of any gilt edge playing. It was noticeably apparent that the visitors were outclassed. The game will be the last home game unless some enthusiasts stop the controversy between the players and the hotel men. The visitors were defeated by the score of 13 to 8.

THE MARKETS.

Wall Street Review

New York, May 28.—The fact that today was a holiday in London and that Monday would be a holiday both in New York and London had the effect of curtailing speculative operation in stocks. The dealings were large and prices were sluggish outside of special stocks and final changes were small. Rock Island and People's Gas were pushed up again after a preliminary reaction apparently to shake off some weak following. Their prices were sustained with some difficulty at the close and were manipulated with the evident purpose of making the last prices the best. The same thing was manifest in other stocks. Total sales were 125,400 shares.
