Special from a Souff Correspondent. Camp Alger, Va. May 21.-The movement of Chickamanga troops to the coast is accepted here as a sure indication that an invasion of the Indies is a probability of the immediate future

and that almost any day there will be a call for troops from Camp Alger, The men are tiring of the inactivity and would welcome service, but with one necord it might be said, they hope that they will not move from here unless they are sent direct to the field.

This place is not a paradise, but it is better than Chickamauga, Tampa or Key West. The troops here are now comfortably located and they feel that unless they are to go into an active campaign it would be far preferable to: be left here. The one dread is that they will be sent to some of the more south-

It is not likely that there will be any large draft on this camp for the army of invasion now forming, for there are but few of the regiments in shape to go into the field. Combining the Secand Tennessee, Seventh Illinois and Thirty-third Michigan, which arrived today, there are 18,369 men in camp and of this number only 9.801 are fully continued and uniformed.

As this census is not of companies or regiments, but is that of individual seldiers, it can be seen that the war department is not likely to pay much co-disideration to Comp Alger in its present hunt for material for an army of invasion. T. J. Duffy.

All efficers and others who may be concerned in the preparation for muster rolls are enjoined to carefully read all instructions and notes and exercise every care to make them correct and complete.

By command of Major General Graham, (Signed) H. H. Heistland, Adj. Gen.

The state allowed only fourteen days pay to the guardsmen for their service at Mt. Gretna. The captains charged up sixteen days, counting April 27, the day the regiment left Scranton, and May 12, the day the com-panies were mustered in. Adjutant General Stewart saw fit to cut off the first and last day, allowing from April 28 to May 11, inclusive.

No pay was allowed any man who enlisted after May 28, the adjutant general ruling that the United States will have to care for them, as they volunteered as United States soldiers and not as national guardsmen. Corporal Lona B. Day, who enlisted in Company D. on the train en route to Mt. Gretna had his entire claim disallowed and the only recompense he will receive for his sixteen days of labor and hardship will be the regular army allowance of about fifty cents a day for the time Intervening between muster and en-

rollment, or, in round figures, \$4. Dr. George C. Merriman, who er listed as a private in Company D four days before being mustered in and who was afterwards promoted to hospital steward, also had his claim disaflowed. ## STATE CONVENTION

Colonel William Stone Will Doubtless Be Nominated.

JOHN WANAMAKER CLAIMS TO BE IN THE FIGHT TO STAY-NO GREAT OPPOSITION TO THE ASPIRANTS FOR OTHER PLACES ON THE TICKET-NOTICE OF A CONTEST IS

A, Stone, of Allegheny, will be the next Republican nominee for governor unless there is a decided change in the situation before the convention meets Thursday, General J. P. S. Gobin, of Lebanon, is the favorite for lieutenant governor and there is apparently no opposition to the nomination of Gen-eral James W. Latta, of Philadelphia, for secretary of internal affairs; Galusha A. Grow, of Susquehanna, and Samuel A. Davenport, of Erie, for congress-at-large, and Judge William Porter, of Philadelphia, for Superior court judge. Senator Boleg Penrose, of Philalelphia, is almost certain to be temporary chairman of the convention, Major Alex, McDowell, of Mercer, chief lerk of the national house of representatives, will be permanent chair-man, John P. Elkin, of Indiana, will with General George W. Davis in command. Colonel Schall, of the Sixth se re-elected state chairman.

There are more candidates here to night than delegates. John Wanamaker, of Philadelphia: Charles W Stone, of Warren, and William Connell, of Scranton, are keeping up an active fight for the corner-stone of the ticket and yet their most sanguine riends admit Colonel Stone is the most likely winner. He might be beaten if the field could combine against him, but this does not seem probable, Senator Quay holds the key to the situation and his friends declare he preers the Allegheny aspirant to any of his competitors. The senator reached here at midnight from Washington and will have a conference in the morning with his lieutenants at the esidence of County Chairman John H. Weiss. Senator Penrose, State Chairman Elkin and other adherents of the Beaver sage are among the most active W. A. Stone boomers and they regard his nomination as a certainty. Mr. Wanamaker is making a most aggressive canvass and it is conceded he will poll a large vote. He declines to discuss his prospects, except to say that he is in the fight to stay. The managers of the Warren Stone are by o means discouraged, while the folevers of Connell and John Leisenring, of Luzerne, profess to still see a chance

SENATOR CHANDLER'S PLAN-HE DWELLS UPON THE FACT THAT HAWAII IS THE ONLY STOPPING PLACE BETWEEN THE UNITED STATES AND THE PHILIPPINES. NECESSITY FOR PROMPT ACTION.

Washington, May 31,-The senate remained in secret executive session for three hours today. The entire time was given to a rather free discussion of the Hawaiian question, based on a motion declaring it to be the sense of the senate that the question of an-nexation should not be discussed in open session. At the conclusion of the debate the senate voted viva voce not to pursue the subject further except chind closed doors,

Senator Lodge did not press the subect of his speech after the public was excluded, but other senators declared themselves in favor of prompt action, the speeches of Messrs. Chandler and Morgan being the most pronounced in this direction. Senator Morgan ex-pressed the opinion that under the circumstances the annexation of the Hawallan islands was as much a war measure as any step that could possibly be taken, and he thought that congress should remain in session long nough to pass all war measures. He paid his respects to those who preferred adjournment to remaining here to attend to the country's busines

Senator Chandler contended that the possession of the islands was a military necessity. He dwelt upon the fact that Hawaii afforded practically the only stopping place in the dreary wast of water between our own shores and the Philippines.

Other speeches favorable to annexaion were made by Senators Stewart and Elkins, and Senator Allison, acting as chairman of the finance committee, intimated a willingness to take up the Hawaiian question after the passage of the war revenue bill.

Senators Pettigrew and White were antagonistic to annexation and Senator Hale announced himself favorable final adjournment after the passage of the war revenue bill and necessary appropriation bills.

Senator Lodge said after the conclusion of the secret session that he had accomplished his purpose in calling attention to the necessity for action on this subject before final ad-journment of congress and that he would not further press the subject in all the hitting, Conkley was wild and gay connection with the war revenue bill.
