OBITUARY.

Two Carbondallians Pass Into the Great Beyond.

Miss Mary Loftus, a maiden lady, aged seventy years, who died Tuesday at the home of Mrs. Peter Murray, 21 Pike street, was a native of Ireland. She came to this country when young and found employment as a house-keeper. She had relatives in Dunmore and Scranton, and was distinctly connected with Mrs. Murray. Of recent years her falling health compelled her to retire from active service, and for the past seven months she has lived in this city. She has been ill during most of the time with the ailments peculiar to old age. They were the cause of her death.

Deceased has no immediate relatives living. She is an aunt to William Costello of Dunmore. Mr. Costello is expected in this city to complete funeral arrangements.

Thomas Manion, a well-known resident of this city, died at his home, No. 253 Pike street, Tuesday night. He had been ill for eight weeks with kidney trouble. During his latest days he suffered considerably, but bore all with Christian fortitude. Death was a relief.

Deceased was a native of Galway, Ireland, where he was born about fifty-one years ago. He came to this city when quite young and has resided here continuously since. At that time, he was married to Carbondale. His wife and four daughters survive him. Mr. Manion was generally respected and his death caused sincere regret among all his acquaintances.

FINED TEN DOLLARS.

Justin Sears Arraigned in Police Court Yesterday.

Justin Sears was arraigned before the mayor this morning on the charge of drunkenness and disorderly conduct. Justin is a young man who has figured in police courts before. This morning he looked as if he had had a fight with a windmill. He was arrested last night by Patrolman McAndrew who responded to an urgent call from the residents of Sand street. Justin had been visiting a friend named John Jordan on Sand street, and as the evening wore on his hilarity grew to uncontrollable proportions. Finally the usual games and social amusements to pall on him, Justin inaugurated a new diversion by going out in the garden and throwing stones at the window. If he broke more heads than pans of glass he won. This was the rule. The score was about even when the policeman arrived.

This morning the mayor found on his docket that Justin had been hauled up a short time ago on a similar offence, with the additional pecuniary of resisting an officer. The mayor administered a very severe reprimand and fined the culprit ten dollars. Sears pleaded for lighter punishment and promised to be good. He also asked permission to seek a friend to pay his fine, but as he couldn't offer any security for his return he was remanded to the lockup.

LOCAL AND PERSONAL.

Rev. L. S. Murdock, of Kingston, delivered an interesting lecture at the regular monthly literary meeting of the Epworth league last evening.

Manager Giles, of Anthracite park, is making arrangements for another vaudeville show all next week at that popular resort. Mr. Giles says it will be of a much higher grade than any yet given. There will be races on Saturday, the 13th inst.

The early closing movement promises to be a success. With very few exceptions the dry goods and grocery stores have been closed at 6:30 o'clock for the past two evenings.

Miss Lou Williams will entertain the Young Ladies' Cooking club tomorrow evening.

Mr. and Mrs. G. J. Benton are in Afton, N. Y., where they were called by the serious illness of the former's father.

George Evans will return from New York today with his wife and family, who have been spending several months in England.

Mr. and Mrs. Prys, of Grove street, are entertaining their daughter, Mrs. Smiles, of Pittsburg.

Miss Alice Butler is visiting Mrs. E. K. Trickey, of Boston.

Mr. and Mrs. William Bergan and M. J. Horan were in Scranton yesterday, where they attended the wedding of a relative.

When a Japanese girl marries, she blackens her teeth, thus to a great extent spoiling her beauty. American husbands would not dream of marrying such barbarism, but on the contrary, want their wives to remain white and beautiful and attractive just as long as possible.

In fact, every woman owes it to herself and society to preserve her beauty, attractiveness and amiability to the very end.

Thousands of women of this for one great prevalent reason. While they resort to every device to preserve their beauty of complexion by external applications and possibly take the best care of their general health, they are too frequently utterly neglectful of their health in a special womanly way.

No woman can be beautiful and attractive or amiable, who suffers from weakness and disease of the delicate and important feminine organism. A woman who suffers in this way will lose her clearness of complexion, her eyes will become dull, worry and pain will mark her face with wrinkles, and she will become nervous, picky, fretful and despondent. There is a sovereign remedy for all troubles of this description. It is Dr. Pierce's Favorite Prescription.

My illness was caused by lack of medical attention during childbirth. It lasted for a period of three years, during which my suffering was almost insupportable. I was finally cured by Dr. Pierce's Favorite Prescription. I had tried everything else, but it was in a constant state of pain and nervous collapse. I became so nervous I feared to eat. My heart was affected and I had spells of palpitation and smothering. I was reduced in strength and could take no food. The doctors told me that recovery was impossible without a surgical operation. My monthly periods ceased entirely. My mother bought a bottle of Dr. Pierce's Favorite Prescription. I took twelve bottles. Thank to an all-wise Providence and health-giving medicine, the symptoms have all disappeared. I can now go on a hard day's work, and as a result of my recovery I am now a happy and contented woman. I stopped taking Dr. Pierce's medicine.
