The Wilkes-Barre Record can be had in Scranton at the news stands of M. Menhart, 119 Wyoming avenue; Mac, Lackawanna avenue.

CITY NOTES.

Cards of thanks, resolutions of condolence, obituary notices and the like will be inserted in The Tribune only when paid for in advance, at the rate of 10 cents per line.

Clerk of the Courts Daniels yesterday granted a marriage license to Ernest E. Brysch and Belle Wallace, of Peckville.

Mrs. Elizabeth Lewis will conduct one of her very delightful informal dances at the new Excelsior club house, 541 North Washington avenue, Monday evening, June 13, from 8:30 to 12 o'clock.

Cavalry company, boys' brigades of Pennsylvania, will meet in Cavalry Reformed church, corner Monroe avenue and Gibson street, Monday, June 13, at 7:30 p. m. About thirty-two have been already enrolled. All are welcome.

The Delaware and Hudson company paid the trainmen on the Oliphant-Washington division of the Gravit and the Gravit shops at Carbonate yesterday. The Delaware Lackawanna and Western company completed its paying for the month of May by paying at the Payne, Taylor and Holden yesterday.

A clam bake for Captain Frank Robinson, Company C, Thirtieth Regiment, is being arranged by the members of the police department, of which Captain Robinson was chief until the war broke out. Mayor Bailey's approval of the project has been secured. The date and place for holding the affair have not been decided, but the day will be during next week, as Captain Robinson will probably return to camp on June 20.

SEVEN COUNTY VETERANS. They Will Hold Their Reunion at Binghamton, June 29.

The Seven County Veterans' association will hold its reunion at Binghamton, N. Y., July 29. Arrangements have been made with the Delaware, Lackawanna and Western Railroad company to run a very low rate excursion from Scranton. The Erie will run a similar excursion from Carbonate and intermediate points.

All veterans cordially invited to attend the reunion. H. H. Tyler is president of the association and Professor Henry O. Fowler, secretary.

MARRIED.

CALENDER-VOUGHTT.-In Scranton, June 5, 1898, by Rev. W. J. Bond, Charles A. Candler and Miss Mary Vought, both of Scranton.

DIED.

JONES.-In Scranton, June 5, 1898, Mrs. W. Wilson Jones, nee Miss Emma Wilson, aged 74 years, 10 months and 3 days. Funeral from Penn Avenue Baptist church Monday afternoon at 2 o'clock. Friends and relatives are invited to attend without further notice. Interment at Forest Hill cemetery.

PLEASANT DAY AT LAKE ARIEL.

Many Improvements Have Been Made at That Resort This Year.

PICNIC GROUND EXPANDED TO TRIPLE ITS FORMER SIZE AND A SERIES OF FALLS AND FISH PONDS CONSTRUCTED - BUILDINGS, TABLES, ETC., LAID IN BRIGHT, CHEERFUL COLORS - BIG BALL FIELD LAID OUT OPPOSITE THE BOAT HOUSE.

A party of newspaper men from this part of the state were entertained at Lake Ariel yesterday afternoon by the Lake Ariel Improvement company which owns the lake and nearly all of the land surrounding it.

A number of improvements have been made about the lake this spring, or rather there has been a continuation of the improvements that were begun by the improvement company after it purchased the lake and surrounding land two years ago.

All of the improvements for this year are not completed. In fact, a force of men were engaged about the picnic grounds and shore of the lake yesterday. On June 14 when the excursion season opens the improvements will have been finished and those who visit Ariel will be more than ever charmed with the place.

Last season the dancing pavilion was doubled in size and this year it has been brightened with a new coat of paint and presents a cheerful, attractive appearance. The woods adjoining the old picnic ground on either side have been thinned out, the undergrowth cleared and the picnic ground made triple its former size.

TABLES AND SEATS. One hundred new tables and two hundred seats were made necessary by this expansion of the grounds. The tables and benches are painted a light blue to correspond to the boats on the lake. The seats are painted in red, white and blue, the buildings in red, and nearly all of the trees are white-washed. A two-fold object is thus accomplished. Brightness and picturesqueness is lent to the grounds and the patriotic spirit of the day is given recognition.

One of the most artistic of the new features of the grounds is a series of ponds that have been constructed turning the length of the picnic grounds. At the base of the hill which rises in the rear of the grounds is a spring, the water from which left a winding, zigzag thread of earth as the water sought a congenial element in the lake. The bed of this ambitious rivulet has been excavated and a number of dams built across it, making a series of ponds and small fish ponds which are being stocked with trout and sun fish. Rustic bridges span the miniature lakes and make a convenient point from which to watch the antics of the fish in the water below.

The tan bark which heretofore covered the ground has been removed and small pebbles substituted. They will not soil shoes or clothing as tan bark did and their use insures dry ground almost immediately after the heaviest rain storm.

A number of cottages have been constructed along the boat house and across the road from the latter where there was formerly a big piece of marsh land a fine ball field has been laid out on the reclaimed land.

COTTAGERS HAVE ARRIVED. A few of the cottagers have already arrived at the lake and others are preparing to open their cottages. Dr. A. J. Conrad, of the New York Journal of Commerce, will be in charge of a cottage north of Hotel Pine which will be one of the largest and handsomest at the lake. Harry Connell has the distinction of having the most attractive and commodious boat house on the water front.

The party that visited the lake yesterday consisted of Ex-Sheriff C. H. Schadt, M. J. Healey and John Schadt, of the Lake Ariel Improvement company; J. C. Moffatt, passenger agent of the Erie and Wyoming Valley railroad company and J. H. Taylor, train dispatcher for the same company; Martin O'Malley, of the Truth; M. J. O'Toole, J. D. Keator, John Bradley, Chauncey H. Derby, of the Times; T. Owen Charles, Thompson Beane, of the Republican; J. P. Mitchell, of the Tribune; H. J. Beamish, of the Free Press; John P. McDonough, of the Scrantonian; John M. McCourt, of the News; James J. Coleman, P. G. Moran, of Scranton Newspaper union; George P. Ross, of Honesdale Independent; C. J. Conrad, of Pittston Gazette; A. H. Calahan, of the New York Journal of Commerce; W. W. Jenck, of Oliphant Gazette; George Wahl, of Scranton Journal; James W. Kennedy, of Oliphant Record; Daniel Murray, of Elmira Telegram; W. H. Hollister, of Avoca Publishing company; John W. Turner, of Hazleton Times; Edward Woodward, Dunmore Pioneer.

BASE BALL GAME. After reviewing the grounds and making a tour of the lake a ball game was decided upon and the following teams were arranged:

No. 1.-Beamish, c.; C. Schadt, 3b.; Mitchell, 1b.; Murray, c.; Moffatt, cf.; Coleman, 1b.; McCourt, rf.; Turner, cf.; Taylor, 2b.; Moran, p.

No. 2.-Derby, c.; Keator, 3b.; O'Toole, 1b.; J. Schadt, 2b.; McDonough, cf.; O'Malley, 2b.; Woodward, cf.; Charles, 1b.; Beane, rf.

The umpires were Bradley and Coleman, and Kennedy was scorer. In the first inning the field was accorded to No. 2 team and Pitcher Derby put his toe on the rubber and sent the ball sailing gracefully toward the plate. Then it sailed out again with somewhat more speed than it came in. Mr. Beamish's bat having made a forcible connection with the sphere.

Dewey's bombardment at Manila was tame in comparison to the fusillade of hits that followed. Pitcher Derby gave up in despair and Keator took his place. He had no better success in deceiving the opposing batsmen and when that terrible thing was over twelve runs were recorded in favor of No. 1.

A rearrangement of No. 2 followed and when it next appeared in the field, McDonough was in the pitcher's box. Derby was catcher, Woodward, first base and Beane, short stop. That was a somewhat better combination and when the game was called the score was No. 1, 17 runs; No. 2, 8 runs.

Following the game supper was served to the party at the Lake House and after a series of boat races, the party returned to the city at 8:40.

Wallet Found on Spruce Street. A large wallet containing no articles

VALUABLE HORSE BURNED IN A CAR

Animal Owned by C. M. Sanderson, of Pascoast Coal Company.

CAR WAS STANDING ON A SWITCH IN D. L. & W. YARD AND WAS ABOUT TO BE SHIPPED TO MR. SANDERSON'S SUMMER HOME IN MADISON, N. J.-HORSE WAS VALUED AT FOUR HUNDRED DOLLARS-IT WAS BURNED TO A CINDER.

C. M. Sanderson, general manager of the Pascoast Coal Co., lost his valuable pacer yesterday in the fire which caused the alarm from box 12 at 3:20 in the afternoon. The horse was just after being loaded into a car on a switch in the Delaware, Lackawanna and Western station, to be shipped to Madison, N. J., where Mr. Sanderson has a summer residence.

The car was standing opposite the door of the women's waiting room and a hostler in care of the animal, last 3:30 train for New York, would soon be due and the station platform was crowded. Some one saw smoke issuing from the car, and the next instant the hostler flung open the door and made a bolt out of it and down the track out of the yard. He was not seen again.

An engine was attached and the car was run up toward the Phoenix Chemical company's house. The companies responded to box 12, and found the car pushed up toward the Lackawanna iron and coal company's store, and they turned full head for the fire. By the time they reached that place they were informed it had been run down again. By the time the companies got back again, the car was run into the yard adjacent to a hydrant and line of hose, and after the roof and upper part of the sides were burnt through, the fire was extinguished.

The horse was almost entirely burned up. The harness had been thrown round the blackened vertebrae of the neck, showing that the hostler had made no attempt to get the animal out. The supposition is that it was a lighted cigar or something of that sort dropped in the hay that started the fire. Chief Hickey was unable to locate him at the time of the fire or since.

The horse was worth about \$400. It was not a track horse.

RYAN HERE TODAY.

He Will Report Early for His Bout With Bartley.

Tommy Ryan, Jack Skelly and, probably, "Spike" Sullivan will reach Scranton from New York today. They will be the advance guard of the principals who will figure in Monday night's glove contest between Ryan and Frank Bartley, of Binghamton, in Music Hall. Ryan had intended leaving College Point for Pittston last Wednesday, but concluded to remain at the former place to get the full benefit of training with so famous a boxer as Sullivan. Ryan, however, will most likely spend Sunday in Pittston.

Bartley will reach here Monday morning from Binghamton with his manager, P. H. Fitzerald, of Chicago; Jimmy Barry, Tim Hurley and Michael S. Bartley, Frank's brother. Each subsequent train from up-country will bring in large batches of Bartley's followers from Binghamton, Elmira, Great Bend, Susquehanna, Hallstead and other points.

A crowd that will fill Music Hall to the doors is anticipated. For that reason it has been decided not to issue reserve seat tickets in advance. The tickets will positively not be placed on sale until 7:30 o'clock Monday evening and no more tickets than there are seats will be sold. The conclusion not to sell seats in advance is in order to protect the large crowds of spectators expected from along the Delaware, Lackawanna and Western road and from Wilkes-Barre, Pittston, Carbonate and other places.

DAUGHTERS OF ERIN.

Finest Business of the Order Transacted Yesterday Afternoon.

The Daughters of Erin held the closing session of their convention yesterday forenoon in the parlors of Hotel Rudolph. The attendance was small, the majority of them having returned home the day before. The only business remaining unfinished was to pass orders for the next year. The state officers for the next year were required only thirty minutes and adjournment sine die followed.

The last of the delegates to the A. O. H. and Daughters of Erin conventions to leave were from Philadelphia, and they went by the Delaware, Lackawanna and Western train in the afternoon.

TEACHERS' SUMMER SCHOOLS.

Many of Them Are Going Away for Purposes of Study.

More teachers are going away to attend summer schools this year than ever before. Thirty teachers have already signified their intention to attend the National Educational association at Washington, one will go to Harvard for a special course in literature, one to the University of Chicago for a course in English, one to Cornell for a course in natural science, and one to Chautauqua for a course in history.

Several are going to Martha's Vineyard, and in all probability some will go to Stroudsburg. Fifty-seven teachers have signified their intention to do professional work this summer.

Republican Convention of the Twentieth Senatorial District.

Pursuant to a resolution of the Republican standing committee of the Twentieth Senatorial district a convention to nominate a candidate for the state senate to represent said district will be held at the Central Republican club rooms, 100 North Washington avenue, in the city of Scranton, on Tuesday, June 21, 1898, at 7 o'clock p. m. Delegates to the convention will be elected on Saturday, June 12, at 7 o'clock p. m. The basis of representation will be one delegate from each election district which polled at least ten valid votes for state treasurer at the election in November last, and additional delegates will be admitted from such districts as polled at said election over one hundred Republican votes on the basis of one delegate for each fraction in excess of each hundred votes. The election will be conducted by the regular vigilance committees.

E. P. Kingsbury, Chairman. Walter Briggs, Secretary.

Scranton, Pa., June 5, 1898.

VALUABLE HORSE BURNED IN A CAR

Animal Owned by C. M. Sanderson, of Pascoast Coal Company.

CAR WAS STANDING ON A SWITCH IN D. L. & W. YARD AND WAS ABOUT TO BE SHIPPED TO MR. SANDERSON'S SUMMER HOME IN MADISON, N. J.-HORSE WAS VALUED AT FOUR HUNDRED DOLLARS-IT WAS BURNED TO A CINDER.

C. M. Sanderson, general manager of the Pascoast Coal Co., lost his valuable pacer yesterday in the fire which caused the alarm from box 12 at 3:20 in the afternoon. The horse was just after being loaded into a car on a switch in the Delaware, Lackawanna and Western station, to be shipped to Madison, N. J., where Mr. Sanderson has a summer residence.

The car was standing opposite the door of the women's waiting room and a hostler in care of the animal, last 3:30 train for New York, would soon be due and the station platform was crowded. Some one saw smoke issuing from the car, and the next instant the hostler flung open the door and made a bolt out of it and down the track out of the yard. He was not seen again.

An engine was attached and the car was run up toward the Phoenix Chemical company's house. The companies responded to box 12, and found the car pushed up toward the Lackawanna iron and coal company's store, and they turned full head for the fire. By the time they reached that place they were informed it had been run down again. By the time the companies got back again, the car was run into the yard adjacent to a hydrant and line of hose, and after the roof and upper part of the sides were burnt through, the fire was extinguished.

The horse was almost entirely burned up. The harness had been thrown round the blackened vertebrae of the neck, showing that the hostler had made no attempt to get the animal out. The supposition is that it was a lighted cigar or something of that sort dropped in the hay that started the fire. Chief Hickey was unable to locate him at the time of the fire or since.

The horse was worth about \$400. It was not a track horse.

AN INTERESTING EXHIBIT.

It Is Now to Be Seen at St. Cecilia's Academy.

A most interesting exhibit of school work opened yesterday morning at St. Cecilia's academy, where may be seen the results of the past year's study as illustrated by the work of more than a hundred of the more pupils. The display ranges from primary to the most advanced grades. The kindergarten exhibit is notably good and in the intermediate and grammar grades great proficiency in many directions is shown.

The drawing is an attractive feature and the illustrated articles and stories in the literature classes are admirable. Perhaps among those which most strike the beholder are the studies from Euclid and geometry. A bound volume of the little ones' poems is very interesting. What is most remarkable is the exquisite penmanship to be found in many of the exhibits. All the work is very neat, the bold, regular penmanship writing now taught being excellent even in the first year's work. The relief maps in paper mache are extremely well done.

In the advanced grades the exhibit is worth more than a brief visit. The progress in trigonometry is well illustrated by the construction of the fields, a condition believed to be due to unfair freight tolls on hard coal as compared with the tolls on the soft product.

The Scranton board of trade is performing the work of interesting boards of trade and similar commercial bodies in this section of the state, while a similar duty is being performed farther south by the business men's association and the board of trade of Mt. Carmel, which organizations conceived the commercial exposition in the anthracite fields, a condition believed to be due to unfair freight tolls on hard coal as compared with the tolls on the soft product.

CATARRHOZONE. Anyone suffering with catarrh, bronchitis, throat, head or lung troubles may receive three months' treatment for only \$5. Trial treatment free in office. It never fails to cure. Use it at home.

At the institute will be treated all diseases of the heart, kidneys, skin, liver, stomach, brain, nerves, blood, bladder, ear, eye, nose, throat and lungs.

All specific and gonorrhea diseases or chronic gonorrhea and all skin and blood diseases positively cured. Eruptions, Pimples and Blotches removed from the face of both male and female. Old sores and crusts of every description.

COURT HOUSE NEWS NOTES.

H. B. Mathewson, committee of Noyes Neely, a jurist, filed his first and final account yesterday and it was approved.

HER PROPERTY WAS DAMAGED.

Mrs. Anna Neureuter brings Suit Against the City of Scranton. Mrs. Anna Neureuter, of South Scranton, brought suit against the city of Scranton Thursday to recover \$5,000 damages. She is represented by Attorneys J. H. Burns and M. J. Donahoe.

Mrs. Neureuter owns a double house in the rear of Pittston avenue, between Birch and Beech street, which she alleges has been greatly damaged and its value to her diminished by the failure of the city to properly care for the surface water in that vicinity.

The water backs from a culvert in that vicinity which was choked for a long period and then invaded her property in excess of the city's complaint to the street commissioner without avail.

PURELY A FAMILY MATTER.

Strange Story Told by a Woman Sheltered at the City Hall. In the emergency hospital at the city hall yesterday and last night was sheltered Mrs. Louchet and her two children. She has the distinction of being the wife of two brothers.

According to the story told to the Associated Charities agent Mrs. Louchet's husband deserted her in New

York several years ago and returned to Poland. She went to Dunmore to live with her husband's brother and has two children by him. Two years ago Louchet No. 2 turned her out and married another woman by whom he also has two children.

THE SCHOOL BOARD'S DEMAND.

Contained in a Communication Sent to Council by Solicitor Reedy.

Following is the full text of the letter read from D. J. Reedy, solicitor of the Scranton board of control, which was read at Thursday night's meeting of select council:

George Sanderson, esq., President Select Council. Dear Sir:-I have been directed by the board of control to call the attention of your body to the Acts of March 31, 1856, Sec. 25, P. L., 205, and April 20, 1858, Sec. 22, P. L., 350, which read as follows: "Any person who shall be found intoxicated in any street, highway, public house or public place, shall be fined not more than five dollars, or imprisoned not more than thirty days, or both, at the discretion of the justice of the peace, who shall be paid to the treasurer of the school district, where such conviction is had by the magistrate collecting the same."

The board of control has the various aldermen of the city with reference to these laws, and all have answered to the same effect: That all such returns have been made to the city treasurer. An examination of the police docket wherein is kept the record of all such convictions in this city, shows that for many years this provision of the law has been neglected and violated, and no returns whatsoever made to the school district during the past six years from 1891 to 1897, four thousand nine hundred and fifty-two (4,952) persons were arrested for drunkenness. Three thousand six hundred and twenty-nine were arrested for being drunk and disorderly, making a total of eight thousand five hundred and eighty-one (8,581) persons liable for the fine of two dollars each, and a total of seventeen thousand one hundred and sixty-two dollars (\$17,162), which should have been collected and turned over to the school district. However, many of those arrested being unable to pay the fine imposed, were imprisoned, making a total of three hundred and thirty-four persons in the city jail, who are now in the school district. It is now proposed that the sum of \$1,000 for fines imposed and paid to the city treasury, instead of the school district, be paid to the school district.

I desire to have this matter acted upon by your bodies, and the amount paid over at an early date. I trust this will be done immediately.

Respectfully yours, David J. Reedy, Solicitor Scranton School District.

HARD COAL CONVENTION.

Seventy-five Business Men Delegates Expected to Attend the Meeting.

Arrangements for the business men's convention of delegates from throughout the anthracite region in this city June 28 and 29 are well under way. The meetings will be held in the Scranton board of trade rooms. The convention will try and hit upon a remedy for business depression in the anthracite fields, a condition believed to be due to unfair freight tolls on hard coal as compared with the tolls on the soft product.

The Scranton board of trade is performing the work of interesting boards of trade and similar commercial bodies in this section of the state, while a similar duty is being performed farther south by the business men's association and the board of trade of Mt. Carmel, which organizations conceived the commercial exposition in the anthracite fields, a condition believed to be due to unfair freight tolls on hard coal as compared with the tolls on the soft product.

CATARRHOZONE.
