JERMYN AND MAYFIELD. The Jermy school board is composed of nine "good men, and true." Last Monday evening they met and organized for the ensuing year.

The secretary of the board, for which office Mr. John D. Prichard and Mr. W. F. Moore, D. D., were nominated. They were nominated and a "secret" ballot was taken. The result of the ballot was five for Mr. Prichard and four for Mr. Sullivan.

The minority accepted their defeat gracefully and all appeared to be satisfactory until after the meeting adjourned. When the director were talking matters over, one with another, and it was found that there were five who declared that they had voted for Mr. Sullivan. That did not appear reasonable, for Mr. Sullivan was one of the voters and certainly must have known whether or not the ballot was counted correctly, and the conclusion was that some director had claimed to have voted as he did not vote, and if the ballots had not been destroyed the proof that some one claimed to have done what he did not do. Curiosity was excited and two of the directors, with the janitor, and another citizen, went back to the room where the ballot had been taken, and found the ballots just as they had been left by the voters having counted them, and here is where the mystery comes in. Mr. John Mellow, a man whose character, reputation and integrity is above suspicion, and has never been questioned, is one of the five directors who claims to have voted for Mr. Sullivan. He says that he did not ballot himself and put it in the hat, but when he was shown the ballots, as they were taken from the room, he declared that his ballot is not there. No ballot in the lot was written by him, but still the number of ballots is 19 and there. Mr. Mellow is president of the board and the matter will be thoroughly investigated.

On Thursday evening, June 10th, an ice cream and fruit festival will be held in the Primaticci Methodist church. The Ladies Aid society will be in charge on sale of several articles of wearing apparel. Everybody invited.

The celebration of their twenty-fifth anniversary by Rush Brook lodge, on July 14th, is to be no small affair. In fact, it promises to be the largest affair that Jermy has had since the new county reunion of Veterans was here some years ago. All the lodges in the district have voted to turn out in full force and there is some talk of extending an invitation to the Scranton Patriarchs. The executive committee will try and have all business suspended during the afternoon and evening, and everybody will do their best to make it pleasant for the visitors. It is not expected that the social part of the affair at the picnic grounds will be confined to Odd Fellows and their families alone, but the lodge expects the members of all other lodges to invite their friends to come with them and enjoy the day. Odd Fellows are not selfish people, they like to do good and make it pleasant for everybody at all times, whether members of the order or not. The five churches of the town have been given the privilege of furnishing the refreshments for the picnic.

CRAMPING PAINS. For Which No Many Women in Desperation Take Morphine.

The ills of women are many. They are subject to innumerable pains and agonies unknown to men. A multitude of women only exist. Their whole lives are but one long drawn-out ache, one protracted suffering. To such women Peruna comes as an unlooked-for blessing.

Mr. M. E. Seymour, of Bowman, Ga., was one of these women. She had been very sick a long time. Last all hope. She says: "In August, 1895, I was very sick. I had lost all hope of ever being better, as I had been treated by five doctors; all of them did me no good. Last of all they said that I had a worn-out, broken-down constitution and there was nothing to do. My head and back of neck hurt me all the time, and small through my abdomen. I could not sleep, could not eat anything that would agree with me; had bloody discharges all the time. I had dizzy and blind spells and could not see well at all. I saw Dr. Hartman's advertisement and thought I would write him. I had been taking morphine as my doctor advised me. When I began taking Peruna, I could only take a teaspoonful at a time. I have no idea but what I would have been dead now if it had not been for Peruna. You have done more for me than any one else."—Mrs. M. E. Seymour.

Send for a free copy of Dr. Hartman's latest book on woman's diseases. Address The Peruna Drug Manufacturing Company, Columbus, Ohio.
