

LIVE NEWS OF WEST SCRANTON

New Road is Being Constructed to the Ransom Township Line.

IT WILL FURNISH ANOTHER AND MORE CONVENIENT ROUTE FOR REACHING BALD MOUNT—ENTERTAINMENT AND SOCIAL OF THE WILLING WORKERS OF THE FIRST WELSH CONGREGATIONAL CHURCH—NUMBER OF FRIENDS ENTERTAINED BY THE MISSSES MEREDITH OF JACKSON STREET.

The new road to Ransom, by way of Bald Mount and Milwaukee, now seems to be an assured possibility. The part of the road running from Keyser avenue, near Squire Green's, up the Continental creek to a point opposite John Bennett's home, and lying in Lackawanna township, has been surveyed and operations on it were begun yesterday morning under the direction of John Fern, North Sumner avenue. The very fact that Mr. Fern was selected by the township authorities to superintend the road building is a guarantee of the kind of road they will build.

Several years ago a new road was built from the old Ransom road, running through Milwaukee towards Clark's Summit, and carried up onto the mountain ridge, to the right of Bald Mount knob. This work was done by the Ransom township authorities and is considered a fine piece of road work. Of course it ended at the township line just above Bennett's farm, and the new road building from this side will connect with it at that point.

At present an old log road leading onto the mountain from Jackson street does service as an outlet. Recently a petition was made by John Bennett, Charles Meyers, J. Schaefer and several others owning farm and timber lands in that vicinity to have grant permission to build the Lackawanna township connection. This has been done and, as stated, the actual work is being proceeded with. About 100 feet were cut and graded yesterday. Mr. Fern has fifteen men and four teams employed and is using a four horse plow machine of great capacity. He expects to be well within the woods at the base of the mountain by the end of the week.

Unless one has travelled the territory lying between Keyser avenue at the Continental and the Bald Mount knob but a meagre idea can be gained by description. However, the beginning of the new road follows the old road leading up into the woods at the old Continental dam a distance of about 200 feet. Here it turns off to the right and follows Continental creek up to a point opposite Bennett's. Turning to the right, to get an easy ascent, it passes Meyer's place and joins the Ransom road about a half mile above. It passes near Ebbach's fishing pond and not far from horse shoe curve of the narrow gauge railway used by the stone quarry operated by ex-City Controller Fred J. Widmayer. The road will be as fine a piece of mountain road

work herabouts, and will be easy of grade and travel. No doubt, in time to come, it will be nearly as popular to drive that way towards Lake Winola as to take a drive on the Elmhurst boulevard.

Many who are familiar with the place may ask how you get into the Bald Mount road of which Squire Green was the projector. To those who know the point near the "Tipping rock" on Squire Green's road it can be said that a few yards above a loop occurs which can be utilized to connect the two roads. Charles Meyers, a D. L. & W. engineer, made the survey for the new road, but has not completed his work only having made a preliminary survey over the entire distance.

WILLING WORKERS ENTERTAIN. An entertainment and social affair was held last evening in the lecture room of the First Welsh Congregational church, South Main avenue, by the members of the Willing Workers band, which marked the close of their labors for this term. SOUTH SCRANTON.

Several warring neighbors of the Twelfth ward, made matters rather lively in Alderman Ruddy's court of the Twelfth ward, last night, Friday Patrick Joyce, of Stone avenue, had warrants issued for the arrest of Mrs. Brian Collins and her children, James and Kate, charging them with having committed an assault and battery. The warrants were issued by Alderman Donohue and the arrests were made last night before Alderman Ruddy in the sum of \$200 each. Mrs. Collins was given the bail pieces to return to Alderman Donohue's court on Saturday. The hearing was held before Alderman Ruddy and Mrs. Joyce was discharged and her husband held in \$200 bail. During the progress of this hearing Constable John C. Moran came into the court and began to read warrants to the Collins aggregation on the same charges preferred by Joyce and they were previously arrested and furnished bail for Alderman Ruddy told Moran that he was interrupting the proceedings and requested that he discontinue, but Moran was obstinate and ignored the alderman until the latter, arising from his chair, took hold of the constable by the collar and threw him out when friends interceded. Moran was informed by Ruddy that the Collins had entered bail in the cases, but the constable replied that the bail piece was not properly made out and this statement Ruddy considered a gross insult, and again made an attempt to arrest Moran, but he was frustrated. Moran was about to leave the office when requested to remain and later a warrant was read accusing him of having committed perjury by swearing in open court, that there were not any unlicensed saloons in the Twelfth ward. When the constable's name was given Mrs. Collins was the prosecutor, Moran was held in \$200 bail.

Ann and Sarah Jordan, of the Twelfth ward, were arraigned on the hearing, and the latter charged Ann with being a common scold and assault and battery. She was held in \$200 bail on the former charge and the latter was dismissed.
