

HONOLULU THE PLACE Thirteenth Regiment May Go to the Capital City of Hawaii.

WHY THIS SEEMS LIKELY Major-General Butler Talks About the Matter.

HE SAYS HE IS ANXIOUS TO GO TO HAWAII AND THAT HE WILL BE DISAPPOINTED IF HE AND HIS COMMAND ARE NOT DISPATCHED TO THAT PLACE—COLONEL COURSEN GAVE IT AS HIS OPINION THAT HE WILL NOT BE AT CAMP ALGER FOR TEN DAYS LONGER.

Special from a Staff Correspondent.

Camp Alger, Va., June 13.—Now it is Honolulu. Major General Butler himself is the authority for the statement that his first division will likely be sent to Hawaii.

The story is that if Hawaii is not annexed on Wednesday it is the purpose of the president to seize it for war purposes, that an army of occupation will be sent there forthwith and that General Butler, who spent many years on the island, is to be military governor.

General Butler, when seen this afternoon in regard to the matter, said that he was anxious to go to Hawaii and that he would be disappointed if he and his command are not dispatched thither. The whole division is discussing the story tonight.

It is generally accepted that Hawaii will be ours before many days, that an army of occupation will necessarily be stationed there and that that army will be General Butler's command, he being peculiarly fitted for the place of governor general and so desirous of going that he is using personal endeavors to receive the assignment.

The Patterson incident—the volunteer who was told by Adjutant General Corbin to enlist in the Thirteenth if he was anxious to get to the front, and the fact that he understood the requisition for guns was honored, gives additional color to my story of Friday that our regiment is not going to be kept here any great length of time. Colonel Coursen said this evening that he did not expect to be here another ten days.

A slight shower tempered the heat today and scores of boys who are suffering from vaccine fever showed immediate signs of improvement.

GOSSIP OF THE CAMP.

From a Staff Correspondent.

Camp Alger, June 13.—Saturday morning opened auspiciously for the boys here in camp. About 4 a. m. the gentle pattering of most welcome rain drops was heard upon the walls of the canvas tents and all were happy, only one rain storm having blessed the soil in over three weeks; but on Saturday morning the boys' minds were fired with the hope that a shower would not only lower the parching temperature, but would also give them a chance for an off day and one of their favorite pastimes in the open air—the true, original shower bath. In this way they were disappointed, however; the sun rose and soon the clouds were dissipated, and at ten o'clock the heat was oppressive. The regular weekly inspection of arms and of quarters was held at 9 o'clock by the several commanders. Everything was reported in good condition.

In the afternoon battalion drills were held, and it was unanimously agreed that the weather had at no time been so hot since our arrival at Camp Alger, it being 95 degrees at 2 o'clock, and at four o'clock when the drills were held, it was simply sweltering. No cases of sickness, however, were reported.

The announcement that furloughs will be given to those who desire to go home and also the news of General Gobin's selection to his old command, the Third Brigade, have caused much jubilation at camp.

Sergeant Eugene Fellows of Company H, left yesterday for the West Point Military Academy, where he will take the competitive examination for entrance. His many friends in the regiment, and especially in his own company, wish him every success.

Sergeant J. A. Leveque, of Company H, is sergeant of the Regimental guards. The corporals are: W. H. Crigo, of D; D. A. Northrop, of G; and R. A. Smith, of E.

WIFE'S AWFUL ECZEMA

My wife was in the most horrible condition of any human being, from Eczema. She could neither sit down nor lie down, her torture was so intense. It is all the doctors that I could reach, but she got so that I firmly believe she would have died within twelve hours if I had not been advised of CUTICURA KEMERER and got them. My wife went to sleep in two hours after the first application, although she had not slept for seven days, and with two boxes of CUTICURA (ointment) and one cake of CUTICURA SOAP she was absolutely cured, and is well and hearty to-day.

beck, of Company B, is here visiting her husband. Private James Malloy is recognized as the best police and street commissioner in F company.

Mailcarrier Isaac Post, of Hyde Park, called on several of the boys Friday and Saturday. He was much impressed with camp life. Sergeant Bert Murphy, of Company D, was sergeant of the guard at division headquarters Saturday.

Captain Gillman, of Company D, is short of Clark & Snover. He would not object to having the commissary replenished.

Private David Feldman, of C, received word today that an heiress was born to him Friday. He is delighted, of course, but sorry that it is not a prospective soldier.

Lieutenant Colonel C. C. Mattes has received letters from Captains Robling and McCausland giving a report of the progress of their recruiting work in Scranton. It is said to be satisfactory. No official opinion is given out here when the officers will return, and they are not being especially hurried.

The petition of the enlisted men asking that the regiment be sent to the front is to be handed to Secretary of War Alger. Circumstances prevented its going on Saturday. Corporal Koons, of Company D, handed it to the secretary.

An order was issued by Major General Graham Saturday afternoon allowing regimental commanders to issue furloughs, not to exceed seven days, to any number of their men not exceeding five per cent. Heretofore, furloughs were granted only in extreme cases.

Three tents for Third brigade headquarters have been pitched in the Thirteenth Pennsylvania.

The Eighth Pennsylvania is the first regiment on the field to receive recruits for swelling their companies to 105 men. Men for the regiment arrived here on Friday and Saturday.

The Thirteenth has received a consignment of tin cups, plates, knives and forks. In addition, on Saturday afternoon the National Relief association brought to the camp several boxes of delicacies, jellies, etc. A quantity of stationery and a number of magazines were also included.

H. H. Burroughs, of Washington, was in camp Saturday.

Acting Brigadier Surgeon General Parks on Saturday afternoon moved his quarters to the brigade headquarters.

Acting Assistant Adjutant General L. T. Mattes was in Washington Saturday.

BILL POSTERS AT LAW.

Reese & Long Object to Having Their Boards Torn Down.

Reese & Long, bill posters, appeared as prosecutors and won their case before Alderman Howe yesterday.

A bill board on Linden street opposite the court house was leased by a firm from C. P. Davidson. The lease contained a clause providing for fifteen days' notice before the contract could be nullified. Mr. Davidson rented a piece of ground back of the boards to Benjamin Williams, a shoemaker.

George Brown, a draftsman, removed some of the boards to make room for the portable shop.

Action was brought against Williams and Brown and the case was decided against them.

HEATED COLLOQUY IN THE SENATE

A Clash Between Mr. Chandler and Mr. Pascoe the Feature of Debate.

TEN SPEECHES ARE MADE DURING THE DEBATE ON THE HAWAIIAN ANNEXATION SCHEME—VERY LITTLE INTEREST IS MANIFESTED IN THE TALK.

Washington, June 13.—For nearly two hours today the senate had under discussion the resolution of Mr. Lodge (Mass.), directing the claims committee to make an inquiry as to the disposition of the money appropriated by congress to pay the claim of the book concern of the Methodist Episcopal church south. A heated colloquy between Mr. Chandler (N. H.) and Mr. Pascoe (Fla.) was the feature of the discussion. Mr. Chandler said that Mr. Pascoe was unwittingly and unwillingly the agent through which a deception had been practiced upon the senate. Mr. Pascoe demanded the withdrawal of the statement, but Mr. Chandler insisted it was correct and refused to withdraw it, although he disclaimed any intention to reflect upon Mr. Pascoe's honor. The resolution probably will be called up again tomorrow.

At 2 o'clock the consideration of the bill providing for the incorporation of the International American bank was begun. The project was recommended by the pan-American congress as a means of facilitating trade among the countries of the western hemisphere. The measure was still under discussion when the senate adjourned.

The debate upon Hawaiian annexation continued today in the house, ten speeches being made. Very little interest was manifested either upon the floor or in the galleries, few occupants of the latter being present and the attendance upon the floor hardly exceeding at any time forty members.

An evening session will be held tomorrow tonight to afford opportunity for many members to speak, to whom otherwise it would be impossible to give time before the vote Wednesday afternoon. The speeches made today were by Messrs. Newlands (Silverite, Nevada), Pierson (Rep., N. C.), Henry (Rep., Ill.), Barrows (Rep., Mass.), Stewart (Rep., N. J.), Kirkpatrick (Rep., Pa.), Mann (Rep., Ill.), for; and by Messrs. Bell (Pop., Colo.), Bland (Dem., Mo.), and Smith (Dem., Ariz.) against the resolutions. The house passed a bill appropriating \$572,151 to pay the Berlin sea award.
