HAWAIIAN TALK IN THE SENATE

The Question Will Come to the Front During the Present Week.

WHEN A VOTE ON ANNEXATION WILL BE REACHED IT IS DIFFICULT TO SAY POSITIVELY. FRIENDS AND ENEMIES OF ANNEXATION ARE ALL CONFIDENT OF SUCCESS—GOSSIP REGARDING POSTPONEMENT.

Washington, June 19.—The Hawaiian question comes to the front again in the senate during the present week, but under somewhat different circumstances from those which attended its presentation at the beginning of the session. The purpose was then, as it is now, to secure the annexation of the islands to the United States, but the effort at that time was to secure this result by means of a treaty, whereas the present course is through the instrumentality of a joint resolution.

On the first occasion the matter was considered in executive session with the public excluded, while now the doors are to be thrown open and the world invited.

What the outcome of the discussion may be, or when a vote will be reached, no one will undertake to say positively. The leaders on both sides are full of prophesy, but there is such discrepancy between their opinions as to render it necessary to discard one in order to accept the other. The friends of annexation assert that there is no possible doubt of their ability to pass the resolution and say they have 46 senators, or one more than a quorum, pledged to remain in the senate until the question be decided, while the opposing leaders declare that 48 senators have assured them that they will vote to adjourn in preference to remaining in session indefinitely for the consideration of the Hawaiian question. The supporters of the proposition express confidence that action will be secured within ten days, while the opposition contend that it will be found to be impossible to secure a vote during the present session of congress. The advocates of annexation declare they will make no speeches, leaving the opponents to occupy all the time to be consumed by this means; the opposition say they are willing to make the speeches if compelled to do so, but that if forced to do this they will insist that the friends of the measure shall maintain a constant quorum in the senate chamber. They also predict that the annexationists will find themselves compelled to participate in the proceedings, as they expect to advance points which will demand refutation or at least reply.

ANNEXATIONISTS HAVE A MAJORITY.

In view of this generally contradictory condition one can only base prediction upon general conditions. There is no doubt, in the first place, that the annexationists have a majority in the senate if a vote can be reached. If a vote could be gotten now, the result would be about 54 for annexation to 35 against in a full senate. Of these 54 senators there are, however, quite a number who are not zealous and in whose minds all doubt as the policy of the acquisition of outside territory has not been overcome. These senators as a rule are indisposed to remain in session for any length of time during the hot summer months to consider Hawaiian annexation. Most of the senators of this class are Republican and there are probably a sufficient number of them under normal circumstances to join with the Democrats to force an adjournment. They find themselves confronted, however, with the request of the administration to remain and pass the resolution as a war measure and some of them are disposed to sink their own preferences in obedience to the presidential wish.

The gossip as to the probability of a postponement until a fixed day in the next session increases and many persons are predicting that this will be the outcome of the contest. A test vote probably will be secured Monday on the taking up of the resolution as it will be necessary in order to get it up to displace other measures on the calendar.

HOUSE PROGRAMME.

Much of the time of the house this week will be devoted to consideration of conference reports. Notable will be those upon the District of Columbia, sundry civil and Indian appropriation bills and probably the bankruptcy bill. The general deficiency bill will be passed and among prominent measures likely to be considered are the anti-scalping and banking currency bills. Those in charge of the latter measures have not determined whether they will urge consideration this week or not, but in case the majority sentiment of the Republicans favor the taking up of the measure, no obstacle will be presented by the committe on rules or by the speaker. The house will await with much interest the course of the Hawaiian resolutions in the senate. Upon that will depend early adjournment, members generally conceding that the senate has the key to the situation.

THE FRENCH CABLE.

It Will Be Repaired and Worked Commercially at Mole St. Nicholas.

Mole St. Nicholas, June 19.—For several days the French cable company has been trying to reestablish its broken cable between here and Guantanamo and Santiago. Its repair steamer Mancel finally sailed yesterday from here to make the repairs so that commercial business, which has been interrupted for the past ten days, can again be accepted by the French cable lines.

It is understood that the United States authorities will permit this cable to be worked commercially under the supervision of its censor, as is the case with the cable between Havana and Key West.

ROLLING MILL BURNED.

Harrisburg Visited by a $40,000 Conflagration.

Harrisburg, June 19.—Fire early this morning entirely destroyed the Paxton rolling mill, owned by the Central Iron and Steel company. The mill had not been in active use for some time until recently when the flanging department was placed in this building. The loss will reach $40,000, partially insured.

The fire originated near the furnace and was caused by the ignition of the wood work.

THE MARKETS.

Wall Street Review.

New York, June 18.—The outside interest in stocks continued at a minimum today and the buying for London account, which had been a feature for several days past, dropped off. The reactionists perceived that the only obstacle in their path was the group of specialties, the strength in which exercised sustaining influence yesterday. In order to break up this point of strength the bears made an attack on People's Gas and Sugar. The former was sold down an extreme 2⅞ and the latter 1⅞. Considerable People's Gas stock was dislodged by uncovering on stop loss orders. The market settled down into dullness after this encouragement and drifted sluggishly until the close, which was steady above the lowest. Net declines were mostly fractional. Total sales were 152,200 shares.
