The exercises opened with a selection by the Roma band, followed by "My Country Tis of Thee," by the Arlington douls quartette Burgess Dan Powell then offered prayer. Michael Sharack, ir., the 12-year-old ion of Michael Sharack, sr., of 329 Twenty-second street, fell while climbing a large tree near his hour yesterday afternoon and grave doubts are entertained as to his recovery. CONCERT AT THE PARK.

First Free Open-Air Event Was Decided Success.

Notwithstanding the uncertain state of the elements, the concert given by Bauer's band at Nay Aug park on Saturday afternoon was an enjoyable affair, and none present hesitate to pronounce the opening of the series of Saturday afternoon free concerts a success. The fine programme presented by the band was interspersed with showers, but the pleasure seekers, who had scampered to places of shelter during the rain, returned to the vicinity of the band stand at each cleaving and heartily applauded the selections ren-

The improvements that have been made upon the park during the present season are noticeable at every hand, and those in charge of the work of beautifying the place have certainly made the most of the limited funds at hand for that purpose. RADWAY'S READY RELIEF.

In using medicine to stop pain, we should avoid such as inflict in hirry on the system. Optum, Morphine, Chloroform, Ether, Cocaine and Chlorad, etc., stop pain by destroying the sense of perception, the patient losing the power of feeling. This is a most destructive practice; it masks the symptoms, shurs up and instead of removing trouble, brenks down the stomach for a lergth of time, kills the nerves and produces local or general paralysis.

There is no necessity for using these meeriain agents when a positive remedy like RADWAY'S READY RELIEF will stop the most exeruciating pain quicker, without entailing the least danger in either infant or adult.

It instantly stops the most exeruciating pains, allays inflammation and cures con-gestion whether of the Lungs, Stomach, Howels, or other glands of mucuous mem-brates.
