DEATH OF MRS. REID.

Aged and Respected Resident Passes to Her Reward. Mrs. Samuel Reid, a resident of Carbondale for almost half a century, died yesterday morning at her home on South Main street. Deceased was born in County Tyrone, Ireland, June 5, 1823. She had consequently just entered her seventy-sixth year. She was married in the old country to Samuel Reid. The young couple lived in America in 1848. They arrived on June 1 of that year, and came direct to Carbondale. They have resided in this city continuously since that time. In all those years not a single bereavement has occurred in the family until Mrs. Reid's death yesterday morning.

Decceased during her long residence here had made many friends. She was, however, of a retiring disposition, and this coupled with illness has kept her in the house for some time. She has been indisposed for two years. Her fatal illness lasted about a week. Her death was unexpected. The announcement of it, however, caused very much of a shock among her acquaintances. She is very generally mourned.

Decceased is survived by her husband and all of her children. Five in number. They are John Reid, of Scranton; Mrs. Sarah Burton, Mrs. Joseph Lindsay, Mrs. Adolph Hollis and Miss Maggie Reid, of Carbondale.

The funeral will be held Thursday afternoon at 2 o'clock. Services will be conducted by Rev. R. A. Sawyer, rector of Trinity church. The burial will be made in Brookside cemetery.

The new pipe will be a six-inch iron one.

A WORD ON FRUITS.

They Are to Be Partaken of with Judgment and Discretion.

The beautiful earth brings forth fruits in their seasons. They are wholesome, but should be eaten with the same discretion. The apple is at the head of the list. It is more easily digested than any other fruit. But the skin should not be discarded, for it contains the bowels.

Fresh figs are good, but dried ones should always be carefully cooked. Grapes, the principle, or cut it into tiny bits, for its fiber is tough, and resists the juices in the stomach.

The common banana is a deceptive thing, and children should never be allowed to eat it raw. Ripe bananas are highly nutritious.

Never should the skin of any fruit be swallowed. This skin is an armor for the fruit, and it is unwise to eat as a piece of chalk.

Whenever you have eaten underripe or overripe fruit and feel sharp stinging pains in the gastric region, you will find prompt relief in Duffy's Pure Malt. It is a little warm, but it is so important that the sickness caused by bad fruit should be treated at once. The value of this malt is attested by the medical profession.

Duffy's Pure Malt is absolutely free from harmful matter, as chemical tests prove.

It is a base ball game, scheduled for 10:30 a. m., between the Dalton Home company's team and the team from Langstaff Home company, of this place.

His curves and speed as well as his all around playing are the envy today of many veteran club-players.

Two proclamations were required to effect the delivery of Fort Arthur and Taiten Wan by China to Russia. The first is by the Chinese General Sung, directed to the inhabitants, warning them that the withdrawal of his troops must not cause alarm; that henceforth Fort Arthur and Taiten Wan will be open ports and will daily increase in prosperity. The proclamation by the Russian admiral announces that Fort Arthur and Taiten Wan have been leased by Russia for twenty-five years "to maintain relations of friendship between the two countries."
