TWO LIBEL SUITS.

Constable Neary to Proceed Against Three Scranton Papers—John Nolan's Grievance.

E. J. Neary, constable of the Second ward of this city, has signified his intention of instituting suit against the Scranton Republican, Truth and Times for alleged libelous statements made by those papers Monday and Tuesday of this week.

Constable Neary says that his reputation as a citizen and a man was greatly damaged, and that he was brought into contempt of his fellow-citizens by the publication of articles published in the three Scranton newspapers which he intends to name as defendants in his suit. The damaging articles appeared in the Truth and the Times on the evening of June 27 and in the Republican on the morning of June 28. They were alike in detail and purport to be an account of the trial of a man named Osborne, charged with brutally mistreating his wife and with feloniously assaulting James Walsh with a knife. The three papers stated that Osborne on the stand said that he assaulted his wife and strangled E. J. Neary because Neary was too familiar with his wife. Now as the constable is known to be a man of unusually high moral standard, and inasmuch as he had no connection with the case except to arrest the evil-doer, and in view of the fact that he was not assaulted by Osborne, and the latter never made such a statement on the stand or off it, the suit is brought.

The officer deems the publication of such a statement as very damaging. The peculiar circumstance of three newspapers giving publicity to it he thinks points to a conspiracy to do him injury. He intends to get at the bottom of the facts and to punish the guilty parties, not only by compelling the payment of damages but also by a criminal prosecution. He has employed counsel in Scranton.

Constable Neary acted as prosecutor against Osborne for the stabbing of Walsh on February 26 because the latter was confined in the hospital and unable to appear. Osborne was released on bail and on April 16 he beat his wife, inflicting injuries which kept her in the hospital for three weeks. He was again arrested by Constable Neary who gave him a two-dollar fine through the courts. He offered to resign, however, and did not state he threatened to stab the officer.

The other libel case grows out of the signing of the contract for building the Vandling school. John Mooty, one of the directors of the township school district, recently wrote a letter to a Scranton newspaper in which he charged Contractor Nolan with fraudulently changing the plans. The contractor deems it a great damage to him such statements made. He has employed Attorney E. T. Butler to commence libel action yesterday. The suit is for \$500.
