DOESN'T HOLD JENKS ACCOUNT-ABLE BUT DOESN'T SAY A WORD be asked for. IN HIS FAVOR AND HINTS AT THE NECESSITY FOR AN INDEPEND-ENT CAMPAIGN.

Philadelphia, June 30,--Judge Gordon upon his return from Altoona this evening, was asked to make a statement on the results of the Democratic state convention. He consented and signed the following:

"I want to express to all my friends, delegates and others who so devotedly and ardently supported me, my sincere thanks and appreciation. They know, one and all, that I never expected to enter into a struggle for the nomination. With them I relied upon solemn promises for support voluntarily and repeatedly made by men whose truthfulness and good faith was supposed to be worthy of all trust. For this reason, and in reliance upon these solicitations and engagements. I acacquiesced in the use of my name for leadership in the contest for the rescue of the state from the degradation consequent on its present dominion by the

Proud of my friends, I equally appreciate the distinct honor involved in the methods defeat-methods and agencies, however, to which I ought to say Judge Jenks, I am sure, was no party.

NO PEACE OVERTURES YET.

Europe Unlikely to Meddle Until a Decisive Battle Has Been Fought. Washington, June 30.-In diplomatic quarters it is said that no steps have been taken thus far in the direction of peace overtures from any quarter, and that it is not likely such overtures are to be made either by one power or by a combination of powers, until the military situation has been changed

The diplomatic representatives of some of the powers likely to take part in peace overtures have left the city or are about to go away for their summer vacations. The Austrian minister is at New London, Conn., for the summer: the French ambassador will soon leave for a trip in the Adirondacks and to Lake George and Lake Champlain; the British ambassador was to have gone to Pequot, Conn., last Saturday, but delayed his start for a few days owing to a touch of rheumatism; the German ambassador will leave soon; the Russian ambassador has gone to Bar Harbor, Mc. The absence of the diplomats is taken to indicate that there is nothing in the near future looking toward peace overtures.

THE BROOKLYN ALL RIGHT.

Report of Her Sinking Pure Fiction. The Dolphin's Injuries.

Washington, June 30.-No word has come to the navy department from Admiral Sampson making the slightest reference to the Spanish story of the sinking of the Brooklyn by a shell from the Santiago defenses. As Admiral Sampson is within an hour or two's reach of the cable station and his orders would require him to report instantly on any such occurrence, the officials of the navy department have no hesitation in denouncing the story a fabrication similar to that coming a week ago from Madrid describing the killing of Captain Evans.

The reports received at the navy department of the collision between the Dolphin and the Newark are meagre. but indicate that it took place near Key West. The Delphin smashed her stem, filling the forward compartment back to the collision bulkhead. She is now on her way to Norfolk to be docked, and it is expected that about three weeks will be consumed in making re

That It Is Affected Seriously. London, June 30.—Inquiries made at the British war office today show there is absolutely no foundation for the Toronto, Canada, rumor that General Lord Wolseley, the commander-in-chief of the British forces, who is said to be an aspirant for the office of governor general of Canada, is suffering from a cancerous growth and "cannot live even long enough to come to Canada.' The rumor is classed as being merely the resuscitation of an unfounded story of eighteen months ago.

Mrs. Prebitski, after the removal of her husband to the hospital, went to Canada, but returned and stricken with remorse, made a confession.

SCORCHERS ARE UNFIT FOR WAR

Army Surgeon Declares That Fast Bievele Riders Should Not Be Permitted to Enter the Military Service

Chicago, June 30 .- Dr. S. C. Stanton, who has charge of the examination of recruits for the United States regular army in this city, has caused a sensation among the medical men by declaring that an habitual fast rider of bicycles, or "scorcher," is unfit, physically, to serve as a soldier in the army.

He made this matter the subject of his severest tests in his examinations of applicants for enlistment and many men have been rejected because of a "bicycle heart" as the practitioner terms it, caused by excessive exercise in riding a wheel. The doctor says: "The persistent scorching or fast riding has a tendency to enlarge the heart and thus interfere with its proper action. Few enthusiastic bicyclists can resist the temptation to 'scorch and as a consequence the physician believes that the hearts of a large proportion of this class of riders are more or less affected.

"This being the case they would be unable to endure the hardships that army life imposes and should not be permitted to enter the service. The excitement attendant upon war is also exceedingly deleterious to those whose hearts are in any degree affected."

THE MARKETS.

Wall Street Review.

New York, June 30.-The continued duliness of the stock market totally justified the judgment of the members of the Stock exchange that it was hardly worth while to keep open for Saturday's trading preceding Monday's holiday. A great part of today's business consisted of closing up and evening up outstanding contracts preparatory to three days' cesly extended list. Business continued largely professional, but there was some commission house business done, the outside buying being attributed to western sources and being specially manifest in the Grangers in sympathy with the improved tone of the wheat market. Sugar continued its advance but lost it before the day closed. People's Gas wa up at one time 21/2 points and Brooklyn Transit gained a point. A movement to realize on the day's advances late in the afternoon caused a sharp reaction which was most trarked in the stock which had shown the latest gain and in which Toacco also shared. Fullman showed a further striking advance and touched 2074. The buying is said to be due to pending distribution of the company's
