SURGICAL OPERATIONS.

Proved to Be of No Value in Mrs. Fritz's Case.

"I extend my sincere thanks for the good advice you have given me. I do not believe I would be living now if it were not for you. I had suffered with flow of blood for four months, and the doctors could help me but little. They operated on me three times. It was very painful and I only obtained little relief. As long as they worked at me the blood stopped, but just as soon as they closed the door it would commence to flow again. I was so weak I could not turn in bed. At last my neighbors began to speak of patent medicines. Then I applied to Dr. Hartman. I did not know whether he could help me or not, but I followed his advice, and only used three bottles of Pe-ri-ns and Man-a-lin. Now I am well and as strong as I ever was."—Mrs. Margaret Fritz, Wilcox, Okla. Ter.

Dr. Hartman has recently written a book entitled "Health and Beauty." The book is entirely devoted to the illness of women. It should be in the possession of every woman in the land. For a free copy of this book address Dr. Hartman, Columbus, Ohio.
