I ACKAWANNA "The" LAUNDRY.

We didn't expect the people of Scranton to rush to our store at once for ev-erything in the music line. We realize that it takes time to establish one's busi-ness, but business is coming our way despite all the opposition, because we pay strict attention to all orders and offer the best musical goods in this city for the least amount of money. The Ludwig Piano is gaining immensely in popularity.

THIS AND THAT.

There is one thing the police depart-ment should do right away-break up the remnant of the gang of highwaymen who for several years have made the western end of Luzerne street a region to be dreaded after nightfall. Several mem-bers of the gang are now in the penitentiary and others would be there if the criminal court jurors who passed upon their cases did their duty. Numerous complaints still come from that region showing that the backbone of the gang has not yet been broken. The police au-thorities say that officers enough cannot be spared to properly protect the infested territory. That is not the proper way to view the situation. Wherever crime is rampant there is the greatest need for officers and there they should be stationed until the law breakers are driven behind prison bars or coetced into giv-ing up their evil ways. Nothing so surely deters the criminal as the certainty that he will be punished for his transgressions. So long as the Luxerne street gang is convinced that there is a reasonable chance of escaping detection and punishment just so lorg will its members con-tinue to hold-up and rob people. The minute they realize that the odds of the game are very much against them they

SCRANTON ENTERPRISE.

New Engineering and Construction Company Organized with A. B. Dunning at Its Head -- Plan of Operation.

A new Scranton enterprise which promises to meet with peculiar success has been launched under the title of the Dunning Engineering and Construction company. It is a stock corporation in which many well known Scranton men are interested. A. B. Dunning, the well known civil engineer and surveyor, is manager of the company. He has surrrounded himself with a corps of competent engineers

econd to none in the country. The purpose of the company is to conduct a general engineering busiiess in all its branches throughout the country and to promote and construct any private enterprise. Mr. Dunning has placed on the staff of the company the most competent engineers in he country to be known as "consult ng engineers." In this number is Colonel George Waring, until recently superintendent of public works in New fork city, and an engineer of marked ability and author of several works He will have several corps of engineers fully equipped and is prepared to start out on any work at any point in the country within a few hours from the time of notification. The offices of the company are on the

eighth floor of the Mears building. Three rooms are occupied for the present. New instruments and other equippage is coming in daily and this week Mr. Dunning expects to have a complete outfit for several corps of engi-A long distance telephone is being placed in the rooms which will be open from 8 a. m. until 6 p. m., every day except Sunday. Mr. Dunning's ability as an engineer is too well known in Scranton for superfluous comment, but to those who do not know him it may be said that he is an engineer classed among the best in the

United States. Among other things the new company will give special attention to measuring coa! lands for the benefit of lot owners and will also furnish the best form of expert testimony on any branch of engineering in a court case. The company is now ready for business with the scope of its operations unlim-

LAKE ARIEL TODAY.

Affords the Greatest Enjoyment is the Land.

Two strong features will attract housands to Lake Ariel today. First it is the coolest, and most beautiful resort in the land, and for real comfort and pleasure, it cannot be equalled. Go there and free yourself of the stifling city air. Secondly, the greatest aquatic exhibition ever seen in this section will be given at the lake today by the celebrated Paul Boynton World's Water Show company. The programme is a varied one and embraces a game of base ball on the lake, a monkey boat race, deep sea diving by ladies, diving from a pole 100 feet high. The Walrus hunt, naval battle between torpedo boat and man of war. A great display of aquatic fireworks and ocean display signals. Besides this great attraction here will be music and dancing, games of all kinds and an abundance of refreshments. The base ball grounds have been improved and a game has been arranged betweeen the best amateur clubs. Trains will leave the Erie and Wyoming depot every hour. The hest accommodations have been made for the comfort of all who spend today at this popular and beautiful re-

A fact that should not be lost sight of is that no charge is made to see this most wonderful exhibition. Your ticket to the lake entitles you to enjoy the many advantages today.

MANY GO TO SEE "NANA."

Thursday Atternoon from 2 to

O'clock Set Apart for Ludies. "Nana," the beautiful painting on exhibition at the Mears building, has been viewed by a great many people since its arrival in this cty. It is ounced the finest specimen of figure painting that has been produced in modern times, and in delicacy of treatment, manipulation of color and

artistic quality it has no equal.

The face and head are perhaps the chief parts, and as one sees the lips McManus does not look for the necesparted, the bright blue eyes spark- sity of extra precaution ling and the whole face wreathed in smiles, one expects monentarily to hear Fourth from box 35 at the corner of a silvery laugh echoing therefrom. But still after contemplating the other parts of the picture, one insensibly turns one's gaze back to the face, it is hard to believe that "Nana" is only a picture, its realism and fidelity of treatment are so wonderful. It is a picture that, once seen, can never be forgotten.

At the request of a large number of influential patrons to have a distinct time set apart for ladies to view "Nana' the management begs to announce a special matinee on Thursday next, between the hours of 2 and 6 p. m. for that purpose.

REVENUE STAMP RUSH.

Orders Continue to Exceed the Supply -- Conference of Deputies.

Up to Saturday night the new supply of revenue stamps promised had not been received by Collector Penman for this district. He called all of his deputies here for consultation and in-

struction Saturday. Although the demand last week for stamps was many times greater than is being recruited by Lieutenant Scott. the supply, scores of orders continued

WARMEST DAY OF YEAR UP TO DATE

At 10 O'clock Yesterday Morning the Mercury Stood at 99 Degrees.

AT 5 O'CLOCK IN THE EVENING IT HAD DROPPED ONLY THREE POINTS-ON SATURDAY 96 WAS THE HIGH WATER MARK FOR MERCURY HEREABOUTS-A YEAR AGO THIS TIME IT WAS OPPILES-SIVELY HOT-CROWDS LEFT CITY IN SEARCH OF COOL SPOTS.

The hottest day of the year was yesterday. At 10 o'clock the thermometer registered 99 degrees, and at 5 o'clock in the afternoon it was 96 degrees. All last week the mercury was hovering in the upper eighties, but the humidity of the atmosphere was not so great as it has been since yesterday morning. The hightest degree of tem-

and middle states since 1872. Toward evening yesterday the heat

tais James O. Dimmick is directing the recruiting for Company A.

The reorganization of the Thirteenth and other regiments is being encouraged and facilitated in every possible

way by the state authorities who de not wish to be without a home guard in the event of the need of such. Further, they are anxious to be prepared for the expected president's call for more troops. In the latter event the guard would be turned over to the government as before, the members saying "yes" or "no" individually and the reorganization of the guard would begin over again.

The state makes an annual appro-priation of \$200 per company for its National guard. This would provide \$800 for the four new Scranton companies.

THE IRISH CELEBRATION.

Field Day Exercises Will Be the Fenture of Day at Athletic Park. The field day exercises of the Irish American societies at Athletic park today in commemoration of the cen-

tennial of the Irish uprising of 1798 are expected to attract large crowds. Michael F. Sweeney, champion high jumper of the world, will give an experature on Thursday was 92, on Friday 95, on Saturday 96, and yesterday hibition at 3 p. in. His record is 6 The New York Sun said that this feet five and five-eighth inches. Gold was the hottest July 1 in the eastern and silver medals as first and second prizes will be given for foot races, became less oppressive and a slight hurdle races, putting the shot, throwbreeze made conditions more tolerable, ing the hammer, and pole vaulting. ************************************ but the breeze was only slight. The small shower at night helped matters somewhat. Nay Aug park was crowded. It was the only place crowded. that afforded retreat from the weather. The street car company rose up to the occasion and kept plenty of cars in progress. A five-migate schedule was in effect, and every car was

loaded with passengers. The Sunday trains on the Delaware and Hudson railroad were well patronized, especially those northward bound Crowds went from here to Carbondale and from thence to Crystal lake. The livery stables were well patronized, and all roads leading towards cool resorts such as Mountain Lake, Eim-hurst boulevard, Lake Winda, and Lily Lake were frequented by many peo-

No matter where one looked ysterday up to 5 o'clock in the afternoon there wasn't a flag floating, but every indications are that rain will wisit this section tomorrow.

A year ago this time the heat was almost as oppressive, but it fell two or three degrees below what it is now.

HIS CONDITION WAS ALARMING.

ntense Heat Has Greatly Aggravated Chief Hickey's Case.

The condition of Chief Hickey was so alarming yesterday morning that his physician, Dr. Haggerty, gave explicit instructions to the nurse attending Mr. Hickey that no one was he allowed to see him.

Dr. Haggerty remained at his patient's bedside all morning. At noon he was much relieved, though it was feared that Mr. Hickey would succumb to the intense heat during the morn-

About noon a large electric fan throwing a currrent of refreshing air was placed in the room, and the remainder of the day was passed in omparative ease. A Tribune reporter as received last evening by Chief Hickey. He told the reporter he was loing nicely, and would be about again hortly. He is unable to move his left leg and his left arm is badly discolored and bruised. The bandages were emoved last evening from his head.

FIREMEN WILL BE PROMPT.

Fires That May Break Out Today A rc to Be Carefully Looked After.

Acting Chief McManus of the fire department said yesterday he had issued no special orders to the various companies for Fourth of July duty. He hope I for a more liberal downfall of rain than occurred last night to render the roofs of buildings less combustible and less liable to ignition from fire crackers and sky rockets. Every company will be in readiness to respond to alarms as quickly and effectively as it s in their power to do so.

The supply of fireworks and pyrotechnics is considerably smaller this Fourth than in any of recent years, and Chief An alarm comes without fail every Main avenue and Jackson street.

REORGANIZING THE GUARD.

Major S. B. Cameron, Mustering Offi-

cer, Will Be Here Tomorrow. Preparations are being made for the visit here tomorrow of Major Simon B. Cameron, who is coming to direct the reorganization of four city companies of the Thirteenth regiment. These will be Companies A. B, C and

Captain Stokes, who has been enrolling men for Company D, has secured the minimum number, fifty. Lieutenant Raub, of Company C. has arranged for adding to that company's roll the men signed for Company F, of the West Side, which section of the city would not otherwise be represented in the reorganized regiment, it being in tended to recruit Companies E. F. G. and H, of the Second battalion, from Honesdale, Allentown, Stroudsburg and Easton

Major W. S. Millar may be selected for the captaincy of Company B, which This company already has the minimum number of men enrolled. Cap-

one-mile relay is open to teams representing the Young Men's Institute, St. Leo's battalion, and similar organizations in the county. The prize for that is a slik flag. There will be tug of war and alley ball contests also, and prizes for jig and reel dancing. Refreshments will be served, and Rev. E. S. Phillips, of Hazleton, will deliver an address. The gates will open at 9 a. m. and games will begin

FIRE ON WYOMING AVENUE.

an hour later.

Damage to the Extent of \$2,000 Done the Anthracite Hotel.

Hot coals from a range in the kitchen of the Anthracite hotel at the corner of Wyoming avenue and Center street burned through the floor and ignited some boxes in the cellar. fierce fire began to rage, and had a good start before the arrival of the one hung limp around its pole as if it were watersoaked. There was not a breath of air stirring. The weather sounded at 3.40 yesterday morning. ounded at 3.40 yesterday morning. The fire spread up through to the second story and burned between the partitions. An hour's attack by the ompanies conquered the blaze. damage will amount to \$2,000 to the building and furniture. The barroom escaped with a slight scorehing. The building is owned by the Weichel estate, and the hotel business is conducted by M. J. Norton.

SUNDAY TRAINS ARE POPULAR.

Those Run on the Delaware and

Hudson Were Crowded. The popularity of Sunday trains on was attested in the large number of passengers that availed themselves of the opportunity to travel yesterday between Wilkes-Barre and Carbondale. The six trains each way were crowded Not as many cars were used on each train as on weekdays, and on some of them the passengers had to stand up, being unable to find seats. One coach

and a combination baggage car and smoker made up each train. The Ontario and Western railroad began running Sunday trains a week ago yesterday, and its trains yesterday were likewise crowded.

JUDGE FELL FROM SWING.

He Was Badly Cut and Bruised About the Face.

John Judge, the 17-year-old brother of Jim Judge, the boxer, fell from a swing Saturday in Nay Aug park and met with a painful injury to his face. He was twelve feet from terra firma when he lost his grip and tumbled from the swing.

He struck on his hands and knees and with such force that his face bobbed against the ground and his nose was cut along the ridge. He was taken to the Lackawanna hospital, and three stitches were necessary to bind ip the cut. He was otherwise bruised, but the extent of his injuries will not keep him in the hospital more than a

DRIVERS AT STORRS SHAFT ON STRIKE

They Alleged That Their Wages Have Been Cut Down.

ROUBLE ORIGINATED IN SHAFT NO. 1 BUT THREATENS TO EX-TEND TO NO. 2-IT IS ANNOUNCED THAT OTHER MEN EMPLOYED IN THESE SHAFTS WILL GO OUT TO-MORROW IF THE DIFFICULTY IS NOT SATISFACTORILY ADJUSTED. MEN'S STATEMENT OF CASE.

A strike is on at Storrs No. 1 shaft of the Delaware, Lackawanna and Vestern company, by the withdrawal of twenty-one drivers employed in the 14-foot vein. The cause is a grievance arising over wages. Preliminary steps were taken by the drivers Friday when six of them quit work. Their action instilled the spirit of striking in the other drivers who went out Saturday. Heretofore the drivers have received for a full day's work \$1.25, but recently they were informed that the price would be cut down to \$1.05 and \$1.10. This, they state, does not compensate them for their labor. In addition to the ime for the day's work, they frequently work half an hour overtime, they say, and receive no extra pay. The strike threatens to spread to No.

shaft, where a large number of drivers are employed. It may possibly effect the gate tenders. The drivers' strike on Saturday did not suspend operations in the mines

as the men's places were filled by company hands and other operatives. A general strike is announced to begin tomorrow, as those now out have much sympathy from their fellow drivers in the adjoining shaft. They predict a general tie-up unless their grievances are settled.

LITTLE FINGER BLOWN OFF.

Accident to Tommy Gardner, of Railroad Avenue, Bellevue.

The first Fourth of July patriot is Tommy Gardner, of Railroad avenue, Bellevue. He is 10 years old, and made of stuff that wins battles. Himself and some companions were shooting fire crackers yesterday morning on the street near his home, and the little finger of his right hand was blown off with a charge from a 15cent cannon, that he didn't know was loaded. He picked the cannon up to see how it worked, and obtained the

information in painful shape. He was taken to the Lackawanna hospital. During the operation of dressing the wound he exhibited great courage, and was more put out because he cannot be with his companions to have a good time today than because he will go minus a finger the rest of his life.

OBSERVANCE OF JULY FOURTH.

There Will Be No General Celebration in Scranton Today.

There will be no general celebration Scranton today, but the city will be by no means dull for there are innumerable small events that will provide pleasure and excitement for those who desire to participate in them. Saturday night there was a very liberal display of fireworks about the city and last night the bombardment to a lesser extent. Tonight, if the weather proves favorable, there will probably be the greatest private displays of fireworks in the history of the

The war excitement has given the Fourth of July a new meaning to thousards and it will be observed with something more nearly approaching the true spirit of the day than it has been in years.

In many of the churches of the city yesterday the services were of a strongly patriotic character. Frequent and cloquent references were made to the heroic conduct of the thousands of brave American soldiers the Delaware and Hudson railroad who are dying for their flag before Santiago and prayers for them were
