O'BOYLE CONFIRMED AS COMMISSIONER

Select Council Last Night Approved of Mayor Bailey's Selection.

FOUR VOTES WERE CAST AGAINST CONFIRMATION — LACKAWANNA TELEPHONE FRANCHISE AMENDMENTS WERE NOT CONSIDERED. CITY SOLICITOR M'GINLEY SUBMITS AN OPINION ON THE VALIDITY OF THE DUNN SPRINKLING FRANCHISE—NEW FIRE LIMITS.

Mayor Bailey's nomination of P. J. O'Boyle for street commissioner was confirmed last night by select council.

The nomination was reported favorably by the streets and bridges committee through its chairman, Mr. Lansing, whose name, however, was not affixed to the report.

Both branches of council were in session, the select in regular and the lower body in adjourned session.

It was expected that the Lackawanna telephone franchise amendments would be called up for reconsideration in the select branch, but this was not done.

It was the last opportunity for such courses. The ordinance must now wait for its fate according to the vote of the hands of a conference committee of members who voted against the amendments.

In select council from City Solicitor McGinley was received an opinion as follows: On the rights of the city to repeal the street sprinkling franchise:

Scranton, Pa., July 7, 1898. To the Honorable the Members of the Select Council of the City of Scranton, Gentlemen: Referring to ordinance No. 110 of the select council, which repeals the sprinkling of streets and imposing a fine of \$10 for each violation, and your request for an opinion as to the liability of the city to the Dunn Brothers, in discharge of common council No. 55, granting them the right to sprinkle streets would say:

CANNOT BE REVOKED. That the last named ordinance giving to Dunn Brothers the right to sprinkle streets in connection with their acceptance of the same, is a contract within the meaning of the law, and that therein required expenditure of money for horses, carts and other sprinkling equipment, constitute a contract between the city and the Dunn Brothers that cannot be revoked by the city at will without liability for compensation in the way of damages.

Regarding a similar proposition, Chief Justice Gibson in Kenrick vs. Kern, 14 S. & R. 271, stated, "a license may become an agreement on valuable consideration, as where the enjoyment of it must necessarily be procured by the expenditure of money; and when the grantee has made improvements or invested capital in consequence of the license, it becomes a contract for a valuable consideration. Such a grant is a direct encouragement to expend money, and it would be against all conscience to annul it, as soon as the benefit expected from the expenditure is beginning to be perceived." This is the doctrine also in Young vs. Glendenning, 6 W. 509; Big Mountain Improvement Co.'s Appeal, 54 Pa. 513; Richard vs. Elwell, 48 Pa. 362; Huff vs. McCawley, 53 Pa. 266; Moss vs. Silver, 64 Pa. 421; Graham vs. Craig, 81 Pa. 38; and Schaeffer, 139 Pa. 22.

In accordance with the foregoing decisions it would be inconsistent for the city to pass an ordinance which would impose a fine on the Dunn Brothers for exercising a right which the city by ordinance granted to them; under which ordinance and upon the faith thereof they have expended money in the acquisition of the necessary sprinkling apparatus obtained vested rights. I am, therefore, of the opinion that the ordinance now being considered by your body prohibiting the sprinkling of streets would be invalid and inoperative as to Dunn Brothers.

ANOTHER OPINION ASKED. The opinion was received and the city solicitor, on motion of Mr. Sanderson, was requested to furnish a further opinion as to the length of time the franchise will be operative.

The select council ordinance extending the city's fire limits passed third reading after amendments offered by Mr. Sanderson had been adopted providing for a further extension of the limits. As amended, the area in which the building of combustible structures will be prohibited is as follows: From the Delaware, Lackawanna and Western railroad bridge along the east bank of the Lackawanna river to Vine street, to Wyoming avenue, to Pine street, to Washington avenue, to Gilson street, to Kressler court, to Mulberry street, to Jefferson avenue to the Delaware, Lackawanna and Western tracks to the river.

The fire department committee reported affirmatively on Mayor Bailey's removal of H. W. Stock, stock of Nay Aug Engine company. The removal was confirmed as was the mayor's appointment of George Sudman as Stock's successor.

The mayor's nomination of John J. Flanagan to be inspector of the Dix court brick pavement was confirmed.

The sewers and drains committee report was adopted, providing that action on the resolution awarding to V. H. Hora the contract to construct Section B Fifth Street sewer was postponed until such time as the courts shall give a decision on the South Side case now pending.

NEEDED IMPROVEMENT. A much needed improvement in the business district is to be performed under a resolution introduced by Mr. Melvin, of the Eighth ward, and adopted, directing the city engineer to prepare plans and estimate of cost for a sewer basin and an elevated crosswalk on the northeastern corner of Wyoming avenue and Spruce street, and an ordinance, which was referred to committee, providing for a transfer of funds to pay for building the basin and elevated crosswalk.

proposal from the American Engine company, the representative of which, according to Mr. Sanderson had said, the steamer could be repaired for \$450, ON TWO READINGS.

Ordinances passed first and second readings as follows: Select—For paving Forest street with brick from its southern terminus to Spruce street. Common—For a sewer on 8th street from Mulberry street to a point north of Vine street by assessment against the property owners. Common—For sidewalk, curbs, gutters, etc., on certain streets in the Ninth ward.

Ordinances passed third reading as follows: Select—For flagstone sidewalks on both sides of Pleasant street; Common—For stone sidewalks, gutters, etc., on Luzerne street, Delaware, Lackawanna and Western tracks and Twenty-second street.

IN COMMON COUNCIL.

Cleaning of Paved Streets Caused a Very Lively Debate.

The cleaning of the paved streets by contract muddled up, or muddled, as one member expressed it, the common councilmen in such manner last night that there had to be a regular torrent of argument and debate before the contract was finally awarded to Dunn Brothers.

Captain Moir was not around when the meeting was called to order but came in later and Mr. Grier, from the Third ward, took the floor first.

After the reports of the various committees were called for, Mr. Grier asked if it would not be a proper time to appoint a conference committee with reference to the telephone ordinance.

Mr. Keller informed him that the common council had not been officially notified of the status of the ordinance in select, and until that information came through its proper channel it would be out of order to appoint a conference committee.

The street cleaning case which was laid on the table at the last meeting was then resurrected. Then came the speeches and motions and amendments and amendments to amendments like the hail on the Fourth of July.

Some one said that Dunn Brothers did not comply with the specifications in their bid; another said W. J. Burke's bid was the higher; some one else said the street commissioner gets a big salary and is striking out to supervise the work of street cleaning, otherwise he will have nothing to do but draw his salary; another said that the trades-unions are opposed to cleaning the streets by contract, because so many foreigners are employed; and still another said that the contract system has been tried in other cities and has given the finest kind of satisfaction.

MR. KELLER'S MOTION. Mr. Keller made a motion that the whole thing be laid on the table indefinitely. This was lost by a tie vote. A motion was made that the matter be referred to the city solicitor for a written opinion to settle the question whether or not Dunn Brothers' bid was in accordance with the specifications. This was lost by a big majority.

A motion was made to award the contract to W. J. Burke. This was amended and the name of the contractor and inserting Dunn Brothers. After a spell of oratory in which Messrs. Keller, Grier, Zizelman, Galpin, Coleman, Sheridan, Wenzel, Gilroy, Morris, Jackson and Walker took part the contract was finally awarded to Dunn Brothers by the following vote:

Ayes—Reese, M. V. Morris, Walker, Gilroy, Zizelman, E. Wenzel, Wirth, Monaghan, C. E. Wenzel, Coleman, T. F. Morris, Sheridan, Norton, Grier and Galpin.—15.

Nays—Griffith, Jackson, Keller, Cusick and Moir.—5.

Messrs. Grier and Galpin voted nay first and changed their vote before the result was announced.

A communication was read from D. J. Reedy, solicitor for the board of control, directing attention to the many collected in fines for drunkenness and disorderly conduct within the city limits, and serving notice that if this money be not turned over to the school treasury where it belongs that suit will be brought against the city to recover it. The communication was referred to its proper committee.

RESOLUTIONS PASSED.

As the members were in a hurry to attend the celebration of the Niagara Hose company's anniversary was taken after the following resolutions were concurred in:

Erecting the special committee appointed to provide for the issue of city bonds for contemplated improvements to provide for the incorporation of an item of \$12,000 for the purchase of a building site and the erection thereon of a house for the Century Hose company; awarding the contract for constructing the Cumberland Hose company's new building to the North End Lumber company for \$800.

MEDICAL SOCIETY'S ANNUAL MEETING

Homeopaths Gathered at the Hotel Terrace Last Evening.

BRIEF BUSINESS SESSION FOLLOWED BY A BANQUET AT WHICH REMARKS WERE MADE BY DR. CARL VISCHER OF PHILADELPHIA, AND OTHERS—DR. ARTHUR BULLARD, OF WILKES-BARRE, ELECTED PRESIDENT; DR. J. J. THOMPSON, OF CARBONDALE, VICE PRESIDENT, AND DR. ANNA C. CLARKE, OF SCRANTON, SECRETARY AND TREASURER.

The seventeenth annual meeting of the Homeopathic Medical Society of Northeastern Pennsylvania was held last night at the Hotel Terrace. Though designated as a "meeting," the accompanying banquet made feasting and toasting the real feature of the occasion.

A brief business session, over which Dr. H. B. Ware, the retiring president, presided, preceded the banquet. Dr. Arthur Bullard, of Wilkes-Barre, was elected president; Dr. J. J. Thompson, of Carbondale, vice president; Dr. Anna C. Clarke, of Scranton, secretary and treasurer.

Thirteen members of the society, Dr. Carl Vischer, of Philadelphia, and several ladies, nineteen in all, attended the banquet. Their names follow: Dr. Arthur Bullard, of Wilkes-Barre; Dr. J. J. Thompson, Carbondale; Dr. Carl Vischer, Philadelphia; Dr. and Mrs. George Berlinghoff, Dr. and Mrs. Theodore Suresh, Dr. and Mrs. F. W. Lange, Mrs. A. A. Lindabury, Miss Daisy Dowd, Josephine, vice president; Dr. Anna C. Clarke, of Scranton, secretary and treasurer.

The toasting period began with the remarks of Dr. H. B. Ware, the retiring president, who presided. The new president, Dr. Bullard, responded to the toast "Future of Our Medical Society Work." Dr. Vischer's topics was "The Uses of Medical Societies." He said they promoted harmony among local physicians and by discussion, essay, etc., brought out latent ability. Commendable individuality was revealed by the gatherings. They put many a physician in better touch with colleagues who would not otherwise have opportunity to feel his good points.

Dr. Brewster spoke on the Hahnemann Hospital, and Dr. Suresh on "The Pathological Society." Remarks were also made by Drs. Clarke, Thompson and Berlinghoff.

LOST IN MOUNTAIN.

Sons of Louis Breswitz, of North Garfield Avenue, Have Disappeared. Searching Parties Are Out.

Somewhere on lonely East mountain, near the little hamlet of Marshwood, two lads, 4 and 8 years of age, respectively, sons of Louis Breswitz, of 316 North Garfield avenue, are probably crying piteously for their parents. Searching parties scoured the woods all night, but up to a late hour the children had not been found.

The father and his two sons went yesterday in the woods to pick wild berries. Leaving them for a little while in a shady spot, the father went deeper into the woods in his quest for berries. Time passed rapidly and he kept busy, never dreaming that the boys might wander from where he had left them. It began to grow dusk and he hid himself back to them.

They had disappeared as completely as if the earth had swallowed them. He was appalled, but, rallying himself, he commenced a frantic but fruitless search. He became more and more despondent, he hurried to the nearest houses and procured help and lanterns and returned to find his loved ones, but without avail.

LETTER FROM GENERAL GOBIN.

Has Been Received by Major W. S. Millar, of This City.

The following letter has been received by Major W. S. Millar from General J. P. S. Gobin: Headquarters Third Brigade, First Division, Second Army Corps, Camp Alger, Va., June 20, 1898. Major W. S. Millar, Scranton, Pa. My Dear Major:—I have been urging your appointment as quartermaster U. S. V., as I assured you I would, but this far without success. I was so anxious to see the services of an old staff officer I have left nothing undone to have them appointed. The invariable answer is that all places are filled and that there are no vacancies. The number of staff authorized by congress were so eagerly sought after that every place was taken up and numbers of applications are still in file. This is greatly to be regretted when men of such signal ability as yourself are anxious to serve and it is a loss to the service.
