William Lynch, a Polander, was run down by a Delaware, Lackawanna and milk train and instantly killed last evening about 5 o'clock. Lynch had been berrying and was returning with two boys as his compan-ions. To make the route homeward short they took the Delaware, Lackawannif and Western railroad tracks, and were in the vicinity of the Notch cut when they heard a train moving northward. Lynch stepped on the south-bound track, directly in front of a rapidly moving milk train, which he falled to notice.

He was knocked down and dragged a considerable distance in the presence of his horrified companions, who were powerless to rescue him. harried to his assistance and found him dying. He shortly afterwards expired, before medical assistance could arrive. His neck had been broken, left arm smashed and the right side of his face was badly lacerated by being dragged along the ties.

The coroner was apprised of the accident and ordered Undertaker David Jones to prepare the body for burial, which was done at Mr. Jones' morgue. Lynch was about 30 years of age, and an industrious man. He was married about six months ago. He resided on Oak street, where his remains were

Great Improvement Has Been Wrought in Appearance of Luzerne Street.

DR. AND MRS. B. S. SUTTON'S DAUGHTER SAVED FROM POSSI-BLE DEATH BY A FENDER-THREE MARRIAGES THAT OCCURRED SEVERAL MONTHS AGO HAVE JUST BEEN ANNOUNCED-FUNER-AL OF JOHN WARD FROM HIS LATE RESIDENCE.

One would hardly recognize Luzerne treet from Ninth to the railroad crossing at Meridian street since the many improvements. The bad washout which prevented traffic for several weeks has been filled and a proper grade of the roadbed, from Ninth to the culm dump, made.

Cross walks where needed and side valks in several places have been laid. It is possible that the walks will be laid all along. The unsightly trestle by which the culm from the recently destroyed Oxford breaker was conveyed to the smaller dump acrors the street has been removed by the Delaware, Lackawanna and Western company. Thus the view down the street is enhanced and a source of danger removed. In time it is hoped and with some reason expected, that the cu'm heaps will have been removed and this large area built up with modern build-

Though much has been accomplished. much remains to be done. The councilmen of the Fifth and Fifteenth wards having done well might con-tinue their good work. The group of 'shantles" doing service as dwelling houses in that section below Ninta known as Kelly's pate 1, should be Jeclared a nuisance. It is over-aun with a mixture of all sorts of colors. creeds and nationalities, and menace to health and moral and physical safety of the community.

Below, near the intersection of Meridian and Luzerne street is a wide area of lowlands, which are half covered with water and fifth the best, part of the time. Though it is understood that no complete relief can be afforded until a sewer is built, still some means of temporary relief could be reacled. A small drain could be laid. Luzerne street, the best part of its ntire length, is on the verge of a better condition now that a large sewer seems a certainty. There are many fine dwellings along this street, most of them owned by the tax payers residing in them and these same people would gladly welcome a change that will remove the harrassment of water on lawns and in cellars after very heavy rain storm.

Then, too, the time draws near then Luzerne street will be the main artery of communication between the central city, the lower end of West Scranton, and the group of rapidly growing mining hamlets of the Pyne, Archbald and Continental.

The poker still has some blood on it, and the pitcher is in sections.

PRISONERS MAKE THEIR ESCAPE.

They Forced Their Way Out of the Jail at Binghamton, N. Y.

With the aid of confederates outside three burglars Saturday night succeeded in breaking their way out of the new Broome county jail at Binghamton, N. Y., and are now at large. The jail delivery, from a prison which was supposed to be impregnable, was of a remarkable nature. The prisoners with two others were

confined in the east ward, on the second floor, They were Edward Murphy, William White and Robert Jones, charged with burglary. The ward is a large one and usually contains a much larger number of prisoners. There happened to be in it at this time only five men, the other two being When Turnkey Seaman Sunday morning paid his morning visit to the ward he found the one door of the in-

per case, which was at the west end epposite the door of the ward, unlocked, the bars of one of the north windows pried open and sawed, and the On investigation proof was found that the prisoners had had help from

A second partial account of the audi tor appointed to distribute the funds in the hands of Attorney John P. Keiley, assignee of the Olyphant Trus ompany, was filed yesterday in court. Attorney John R. Edwards is the present auditor. He succeeded the Alton Davis, who made the first distribution.

By yesterday's account the deposiors of the bank will receive 27 per cent, of their money. In the first dis-tribution they received a dividend of 43 per cent., making in both distributions a total of 70 per cent.

The amount of money owing to de positors when it failed four years ago was \$60,924.43. The interest has been accumulating since then on savings deposits just as if the institution were sound and doing business at the old stand.
