A Lady

said the other day: "Mr. Perry, there is such a newspaper about the pianos you handle, I never heard of them before." How many Americans ever heard of Dewey before the battle of Manila? Not one tenth per cent. of our people knew there was such a man, and yet he had just as much fight in him before we knew him as he has now. Knabe Pianos, to the number of 47,000, have been made during 61 years; Vose has made 40,000 pianos in 47 years; Briggs, 25,000 pianos in 39 years, and Ludwig 17,000 pianos in 15 years. Perry Brothers have been in the music business 14 years; so you see, while they may seem new to Scranton, our pianos are of the oldest and most reliable makes in America.

THIS AND THAT.

B. G. Thomas, of Pittston, chairman of the Anthracite association's committee on railroads, has called a meeting of the committee to be held on Thursday afternoon, July 28, in the rooms of the Wilkes-Barre board of trade. The purpose of the meeting is to prepare for a conference with the representatives of the coal carrying railroads. The chairman of the interstate commerce committee has also called a meeting of his committee to be held at Hazleton on next Tuesday.

W. H. Woodin, vice president of the Jackson & Woodin Car Manufacturing company, of Berwick, has announced himself as a candidate for congress from the Seventeenth congressional district, subject to the rules of the Democratic party. The announcement of Mr. Woodin places three candidates in the field from the district, the others being John Packer Haas, of Sunbury, and James C. Brown, of Bloomsburg.

The announcement that Captain David Henning will be a candidate before the Republican convention for the nomination for judge of Schuylkill county was formally made Wednesday. Captain Henning's friends are reported to be all ready to work in his interests. He has been a member of the bar examining committee of Schuylkill county and is at present president of that body.

Cards have been sent out by Mr. and Mrs. Robert Lucas, of Florence, N. J., for the coming marriage of their daughter, Miss Mary E., and Professor J. G. Secor, of Wilkes-Barre, at Miss Lucas' home on July 21, at 11 a. m., and they will be at home in Wilkes-Barre after Sept. 1.

J. C. Gallagher, first vice president of the Scranton Diocesan union, will submit an essay in the competition which is to be decided at the convention of the national union to be held in Boston next month.

The home of Dr. and Mrs. S. P. Longstreet was brightened yesterday forenoon by the arrival of a baby boy.

NEWS OF SURRENDER

Received with Great Enthusiasm in This City—There Was Quite a Demonstration at Green Ridge. General Toral's surrender at Santiago caused general rejoicing in this city yesterday afternoon and evening. As in the case of the destruction of the Spanish fleet by Dewey at Manila the first news the public had of the important event was gleaned from the bulletin board in front of The Tribune building, which was soon surrounded by an eager and enthusiastic crowd. A few minutes later the news was posted on several suburban bulletin boards where it was received with even greater enthusiasm than in the heart of the city. The general impression expressed was that the surrender will practically end the war or at least greatly curtail its length. One sturdy old fellow whom I met on the street said: "It was some years ago, said: 'If they want more fighting we're ready for them, but I think they have enough and will be anxious to make peace on any kind of reasonable terms.'"

WITH ROUGH RIDERS.

Scranton Has a Representative with That Famous Regiment of Fighters—Letter from Him. Otto H. Vockroth was the first Scranton boy to enlist in the regular army previous to the declaration of war. He was not twenty years old, but notwithstanding the objections of his family was determined to enlist and if possible enter the navy. After his heroism was tested however, he was advised to enter the army and subsequently became one of the Rough Riders and it is expected that he passed safely through the battles before Santiago as his name has not appeared on the lists of killed, wounded or missing. His father, Charles Vockroth, has just received a letter written prior to his landing of the first transports at Cuba. The following is the letter: Dear Father and Brother: You will be surprised to hear that I am on the ocean near Cuba which is now but twenty-five miles away. We left Lackawanna June 1 for Cuba, and I am now on the ship. I went on the ship until June 15 when we pulled out for Santiago de Cuba. I did not see any land until today and there you can tell much about it. I write to let you know where I am and how I got here. We are the first soldiers to land in Cuba. There are 200 of us in 12 boats. We also had Sampson's and Schley's fleets with us so you see we are well protected. We are pulling a barge behind us. One day we expected that we would be lost for three hours. We were on the ocean all day when they sent a gun boat back to find us. If the Spaniards had been wise they could have blown us to pieces, but we found the fleet all right. We did not see any ships but English vessels on the way. We have 50 miles yet to go so I can't tell yet about the landing. I am writing now so this boat can take the letter back. I am well and the men have been sick on the trip. I will tell about the land and all the rest in my next letter, so don't worry about me for I am as safe as if I were at home. I feel that way at least. Your Son and Brother, Otto.

DEATH OF ANTHONY CURRAN.

Occured Wednesday Night at Home of His Brother, Rev. J. J. Curran. Anthony P. Curran, a traveling salesman for the Stowers' Packing company, who for several years past has resided in this city, died Wednesday night at the home of his brother, Rev. J. J. Curran, of the East End, Wilkes-Barre. Mr. Curran had been ill about five weeks and his death was due to heart trouble. On Wednesday Mr. Curran's physician, Dr. P. H. Keeney, of this city, and J. Dr. Guthrie, of Wilkes-Barre, had a consultation with reference to the case which was deemed hopeless and his relatives were prepared for the announcement of his death, which occurred during the night. Yesterday the remains were taken to the home of Mr. Curran's parents, Mr. and Mrs. John Curran, of Avoca, from which the funeral will occur Saturday morning. The deceased is survived by the following sisters and brothers: Mrs. James Merrick, Avoca; Miss Nellie Curran, Avoca; Rev. J. J. Curran, East End; Wilkes-Barre; William Curran, Avoca, and James Curran, of this city. Deceased was about 34 years of age and possessed a wide circle of friends. The announcement of his death yesterday came to them as a great shock. He was a member of the council of Knights of Columbus of this city, the members of which will attend the funeral Saturday morning.

WANT THE WORK DONE IN THIS CITY

Action Taken by Building Trades Council of This City and Vicinity.

EMBODED IN A CIRCULAR LETTER WHICH HAS BEEN SENT TO THE FIRMS AND INDIVIDUALS ENGAGED IN THE CONSTRUCTING BUSINESS HEREABOUTS—AFTER APRIL 1, 1898, MEN CONNECTED WITH THE COUNCIL WILL REFUSE TO HANDLE CERTAIN MATERIAL.

A flat-footed demand has been made by the Building Trades council of Scranton and vicinity that builders, contractors, etc., cease to award contracts for special kinds of building material to out-of-town firms. Over 100 circular letters were issued yesterday to the builders and others by the Building Trades committee.

According to these letters, resolutions covering the grievance have been adopted by the council and will be soon presented for signature. Seriousness is added to the position taken by the Building Trades council in its refusal to handle any of the out-of-town material after April 1, 1898.

Scranton, Pa., July 14, 1898. To the Builders, Contractors, Lumber Manufacturers, Lumber Dealers and Architects, etc., of the City of Scranton and Vicinity. Gentlemen: It is a well known fact that the practice of awarding contracts for wood-trim, ironwork, masonry, etc., interior decorations, metal cornice, heating and ventilating to out of town firms, who conduct their business on a system of low wages and long hours, has for the last five years, or more, been of great detriment to both employers and employees in the wood-working line of this city.

ITS EFFECTS DISASTROUS. This obnoxious practice is daily encroaching upon us with disastrous effect. Many of our city manufacturers who formerly carried on a prosperous business are today running their plants with greatly reduced production, many of them have entirely been driven out of business.

The prevailing custom of awarding contracts for material to out of town firms has done enormous injury, not only to our several crafts, but also to houses and the entire business community is affected by it, inasmuch as through its effect thousands of dollars are going out of our city, that should remain here, to be used in the local market.

It is obvious that if this building material and decorations be manufactured in this city, it will bring about an increase in the purchasing power of hundreds of men directly and indirectly connected with our industry in this city, it will keep our shops and mills (which at the present time are not being worked to one-third of their capacity) working up to their full output, thereby finding employment for hundreds of men who are now walking about in semi-idleness.

Therefore we several trades represented in the Building Trades council of Scranton and vicinity, deeming it high time that steps should be taken to bring about a better condition of affairs, with the view of placing our city manufacturers and contractors in a position to obtain the best material at the lowest price, adopted resolutions to this end, which will in the near future be presented to you by our committee for your endorsement and signature.

WOULD BE A DISGRACE. In concluding with the plain laid out in these resolutions we herewith declare, that it would indeed be a disgrace to every one connected with our industry in this city, should they consent to a waste of wages war against the prevailing unfair competition, and permit Scranton, the third city in this great state of Pennsylvania, to be degraded to the ranks of a mere repair shop.

We hold that through these circulars and the press the speculators and importers of trim and other material should be amply cautioned, and there being a large number of buildings now in contemplation and in course of construction in this city, the Building Trades council of Scranton hereby gives notice that unless positive proof is given that the material has been constructed under the same rules of this city, that on and after April 1, 1898, we shall refuse to handle it, and all merchants and others who after the aforesaid date are being engaged in work to out of town firms will be dealt with according to the methods already adopted by us with such signal success.

We also trust that the city manufacturers and their agents will cooperate with us and render us all possible assistance in our undertaking. All communications relating to the above will receive prompt and respectful attention. We are very respectfully yours, Philip J. Thomas, Chairman of Committee, 25 Adams street, Scranton, Pa. Endorsed: J. J. Coolican, Secretary Building Trades Council, Archbald, Pa.

INTENDS TO MOVE.

Hon. T. V. Powderly Proposes to Dispose of His Property Here and Move to Washington, D. C.

Hon. T. V. Powderly, commissioner of immigration, is contemplating removing his family to the city of Washington, D. C., and there taking up a permanent residence. He has had this intention in mind for some time past and only delays putting it into effect in order to dispose of his valuable property at 614 North Main avenue, his present residence.

Commissioner Powderly is not anxious to leave Scranton for aye, nor has he the much talked of fever of being a Washingtonian, a disease acquired by one after a short stay at the nation's capital. It is purely and simply a business and personal necessity.

His duties are so exacting as to allow of very little time to be spent at any period with his family, and Mr. Powderly has always been very domestic. He intends entering his nephew, Edward Dever, whom he has raised from a child, at the new Catholic university at Washington, D. C., and desires to have a home for him to stay at during his collegiate career.

Other family reasons of a more personal nature, demand the making of the contemplated move. Then, too, Commissioner Powderly does not go to Washington to acquire territorial possessions, as he is already in possession of a beautiful tract of land in acres in extent known as the Highville estate. This tract lies to the northeast of the city and immediately adjoins the District boundary. It is partially cleared, the remaining portion being a beautiful tract of land with fruit and shade trees. It was originally a colonial plantation and the old home still stands. It is probable that the family will reside there and retain a portion of the grounds.

RESIDE OUTSIDE CITY. As eight of the families reported by Chaplain Stahl reside outside the city as do five families already brought to the relief committee's notice, thirteen in all, the secretary was directed to ask the Delaware, Lackawanna and Hudson Western and Delaware and Hudson companies to furnish the relief agent with a pass over their respective lines.

THE FINANCE COMMITTEE. The finance committee was finally instructed to defer subscription work for the present. Secretary Atherton was requested to issue a call for another 25 per cent. of the unpaid subscriptions. A like percentage has already been collected, leaving 50 per cent. yet due.

CONCERT BY BAUER'S BAND. The following programme will be rendered tonight by Bauer's band at its concert in front of the Excelsior Club house on Washington avenue: March, "The American Flag"; Vostker Selection from "Bohemian Girl"; Balfe Albiion Grand Fantasia on Scotch, Irish and English Airs; J. L. Baltens Waltz, "My Queen"; Bualoast Overture "Zampa"; Herold Intermezzo, "Forget Me Not"; Macbeth Medley, "Popular Pebbles"; Boettger "Star Spangled Banner."

MEN'S SUMMER SUITS. Cash received and paid to C. G. Boland, treasurer \$1,251.04 Paid vouchers for relief \$313.00 Paid vouchers for relief 2.00 Paid vouchers for printing 1.00 Paid general expenses 33.12 Orders for relief 127.00

Cash assets 458.12 Unpaid subscriptions 658.50 Total assets \$1,471.45 Total subscriptions to date \$1,857.54 Monthly subscriptions 65.00 A friend, per month, if needed 100.00

According to the record of relief cases about 60 families have been or are being aided out of the fund. Of the 40 newly families reported by Chaplain Stahl, who gained his information from the soldiers themselves, 10 have already been helped by the association, 9 were added to the beneficiary list, 13 were found to be not in need and 8 reside out of the city and have not been investigated.

WILL CONDUCT THE COURSE.

Literary Society of High School Has Taken Up the Work.

For many years the Young Men's Christian association has given the only lecture and entertainment course in the city, which was much appreciated by the best people as this class of entertainment is elevating and refining as well as educational and highly instructive.

THE YOUNG MEN'S CHRISTIAN ASSOCIATION. Since the Young Men's Christian association fire, the association has given up the lecture course on account of not having an auditorium. The Literary society of the high school feel that the course should be continued as it is of great benefit to the people and the city and by the selection of proper attractions can be of great value to the pupils of the high school.

Therefore the following talent has been secured for the coming season: October, New York Philharmonic club; November, Professor John DeWolf; December, Leland T. Powers; January, Dr. R. H. Conwell; February, Lotus Glee club and Miss Norton.

MAPLE GROVE CAMP MEETING. Has Been Postponed from August 24 to August 30. On account of the camp meeting at Hamilton having selected the same dates for their meeting as the Maple Grove the latter will postpone their meeting from Aug. 24 to Aug. 30, to continue in session until Sept. 7.
