

WENT WILD OVER THE GOOD NEWS

Big Impromptu Celebration in Honor of the Surrender of Santiago.

CORPORAL LONA DAY LED THE BAND ATTIRE IN A FANTASTIC COSTUME AND CAPTAIN ROBLING PLAYED THE BASS DRUM—PRIVATE HOVENS, OF COMPANY B, ACCIDENTALLY SHOT HIMSELF. MYSTERIOUS DISAPPEARANCE OF PRIVATE JESSUP KIRKENDALL, OF COMPANY B.

Special from a Staff Correspondent.

Camp Alger, Va., July 14.—When the news of Santiago's surrender was announced from corps headquarters this afternoon the troops fairly went wild with enthusiasm. Every regiment started in to excel its neighbors in noisy exultation. The bands were hurriedly gotten out, impromptu parades were formed and firing squads assembled with blank cartridges on various eminences about the camp. For about two hours pandemonium reigned supreme.

The Thirteenth formed a parade and marched to General Gobin's brigade followed by the Twelfth men, who fell in as the procession passed through their camp. Private Forkin led the column bearing aloft a broom surmounted by a silk flag. Corporal Lona Day in fantastic costume led the band and Captain Robling presided at the bass drum. General Gobin came out and when the music and shouting ceased proposed three cheers for the brave boys at Santiago.

They were given with the greatest enthusiasm, and then followed cheers for Gobin and the brigade and Pennsylvania. When called upon for a speech, General Gobin said: "Wait till we get into the firing lines boys, then we'll talk."

HURRYING ON IMMUNES.

Surgeon Major Sommers, of the Second Tennessee, the renowned yellow fever expert, leaves tonight with twenty-five immunes for Santiago. The immunes were hurriedly picked up from the various regiments. The party is to leave at 10 o'clock on a special train from Dunn Loring, going to Cuba by way of New York.

It has been decided definitely to move all of General Butler's division to the new camp at Dunn Loring. Each regiment is to have a well and as fast as a well is sunk, a regiment will be transferred. Private Hovens, of Company B, serving on the commissary detail, accidentally shot himself in the left foot during the celebration this afternoon. After emptying the six chambers of his revolver in the air he laid it down in his tent and rushed out to join the parade. During his absence one of his lieutenants reloaded the revolver and when he returned he thought it to be empty and carelessly pulled the self-acting trigger. The ball, one of 22 caliber, entered the inner side of the foot above the heel and took an inward course. Doctors Keller and Blanchard could not find it with a probe and he being privileged to perform surgical operations in the regimental hospital, sent him over to the division hospital. He will be operated upon tomorrow.

HAS DISAPPEARED.

Company B is very anxious about the whereabouts of Private Jessup Kirkendall, who disappeared last Sunday and has not since been heard from, although inquiries have been made for him in all directions and searching parties sent throughout the camp and into Washington to look him up. He had \$7.00 on his person when he left. The alarm increases by the discovery that he is subject to temporary aberrations of the mind. His home is in Roadley's Wayne county.

Sergeant Carling and Corporal Griffiths, of Company F, were shown of their chevrons before the assembled regiment this afternoon. They were found guilty of over-staying their passes and condemned by a court martial to be reduced to the ranks. The shaming process was performed by First Sergeant Freeman, on the public square ground, in the center of a hollow square made by the eight companies of the regiment.

THE FIRST STEP.

The first step towards exposing and remedying the abuse practiced on the soldiers here by issuing to them clothing and supplies of an inferior quality has been taken by Major General Butler, whose indignation over this matter was told in yesterday's dispatches. A board of survey has been appointed to examine and report upon the quality of clothing furnished the members of the Sixty-fifth New York, who it appears have been compelled to pay their hard earned money for uniforms that are only a little more substantial than wet paper.

Captain S. S. Derman, Company A, Thirteenth, is one of the members of the board. If this board condemns the clothing and their finding is approved by the commanding general the contractors who furnished the goods must replace them. As the contractors have no recourse it is quite likely they will be made to suffer severely for their dastardly thieving and for the carelessness or incompetency of the hirelings of the quartermaster's department.

A second court martial has been directed in the First Division. Colonel Welch, of the Sixty-fifth New York is president of the court and among its members are Lieutenant Elmer E. Berry, of Company B and Adjutant L. T. Matthe, who is to act as judge advocate.

CHANGE OF SITE.

The changing of the camp site of the Third brigade began yesterday morning when the Eighteenth Pennsylvania broke camp, piled its belongings aboard a large train of baggage wagons and started for Dunn Loring. The new camp has been prepared before-

hand for its occupants and consequently the hardships encountered on the arrival here will not have to be gone through with again. Two artesian wells have been sunk and another is under way. The flow is abundant and a chemical analysis proves the water to be of the most wholesome and healthful character. The only objection to the place, if indeed it can be called an objection, is that it is so far removed from the camp proper. No buses run that way, the street car terminus is five miles away, trains on the steam road are infrequent and the place in general is cut off from civilization.

The change to the new site has caused a spirit of depression among the men who have been counting on getting away soon. They argue that the war department would not go to the expense of leasing a new camp ground and improving it with artesian wells and the like if there was a probability of the brigade being called into action in the near future.

ON GOBIN'S STAFF.

Captain Edward R. Hutchins, a presidential appointee has been assigned to General Gobin's staff as commissary, relieving Lieutenant Rufus K. Polk, of the Twelfth who was temporarily filling the position. General Gobin has decided to keep Lieutenant Polk near him and has made him an aide-de-camp.

Perry Belmont, the well known New York financier and society man, who was appointed inspector general by President McKinley, has been assigned to the First Division under General Fuller.

Operators Will Retain.

Altoona, Pa., July 14.—The coal operators will positively refuse to consider the demand for an increase of wages made by the convention of bituminous miners of district No. 2. The operators say the war has hurt instead of helped the coal business of this district.
