SENATOR KENNEY GOES ON THE STAND

Save He Had Supposed Boggs Had Fixed Matters Up.

ADMITS THAT BOGGS TOLD HIM OF DEFALCATION BUT IMAGINED BOGGS HAD SUBSEQUENTLY RE-PLACED THE ABSTRACTED AMOUNT-HAD NO KNOWLEDGE OF THE FAILURE TO CHARGE HIS CHECKS TO HIS ACCOUNT.

Wilmington, Del., July 15.-Judge Bradford had no sooner opened the day's proceedings in the trial of United States Senator Kenney before it became apparent that a struggle of legal minds will result over the application made yesterday to bring Ezekiel T. Cooper, who has been convicted in connection with the Dover bank's short-age, into court to offset the testimony Boggs, the defaulting teller. The government postponing argument on the writ for the present, the defense proceeded with examination of witnesses. After an important witness, Senator Kenney began the story of his relations with Boggs.

KENNEY'S STORY.

Senator Kenney stated that in 1893 Boggs engaged him as counsel, and until 1894 he knew absolutely nothing about Boggs' shortage at the bank. When in that year Boggs came to him and confessed to him that he was a defaulter. Senator Kenney said he was surprised and was horrified to learn he had fost it playing cards. Boggs asked for witness' advice and Mr. Kenney told him the best thing would be to go to his friends and get them to fix the matter straight. Boggs he said, did not tell him to what amount he was in default. After that time witness said he heard nothing more about the shortage and presumed accordingly that Boggs had taken his advice and got the money from friends. Coming down to the Shaw check for \$1.650, signed by Kenney and representing a farm purchased for Boggs, Mr. Kenney said he knew nothing what-ever about the check. He said he might have given the check, but did not recall it, and knew absolutely nothing about the check not being

The Cuthbert & Co. check for \$900, which was not charged to his account, he said, represented money he had advanced to Boggs in a stock transac-tion. Boggs, he said, came to him and asked for the money in behalf of Colonel Cooper, who is now in prison, and said that Colonel Cooper would secure the check when he returned. Boggs, the witness said, paid the money back, but Mr. Kenney had no idea that the money came from the bank's funds or that his check had not been charged. The senator made a similar explana-tion in regard to the checks for over \$1,200 representing Boggs' building operations in Philadelphia.

WITHOUT HIS KNOWLEDGE. Mr. Kenney then gave some interesting information on his operations in Bay State gas. Checks aggregating \$3,506 representing dealings in that stock were found uncharged to Senator Kenney's accounts in the bank. He knew absolutely nothing of the failure to charge them and supposed they had

These checks covered a period from

May 1, 1896, to July, 1896, when he was wiped out. He said he bought the stock at 26, 28 and 30 when everybody in Dover was buying it. Boggs, he as he had information from the highest source that it was a good thing. Witness said he never bought stock on margin in his life before. His first purchase was fifty shares at a warpurchases from time to time and they aracunted to 350 shares. Of these 100 were Boggs' holdings, the witness buying them for Boggs at his request, Boggs afterwards paying him back the advance and whatever losses resulted from remargining. The \$3,500, he said, represented the purchases and calls made from time to time. When the stock was sold it brought 100 shares at 15, 100 at 13% and 150 at 14%.

The remainder of Senator Kenney's direct examination was a general denial of any knowledge or complicity in the many peculations of the bank's funds, and while the witness was aware of overdrafts of his (witness) acount. he always made good immediately upon notification. He was then turned over for cross examination.

CROSS-EXAMINED.

Mr. Kenney was submitted to a most rigid and searching cross-examination. which falled to shake his examination in chief. He persisted in the statement that although he was Boggs' counsel up to the time of the flight, yet he never knew of the defalcations, only those testified to in his direct examination, and which he thought had been settled. He contradicted Boggs' testimony in many particulars, denying especially that he consulted with Boggs as to his defaications, and in regard to Bay State Gas deals.

At the afternoon session, J. H. Bateman, formerly eashier of the bank, stated that the bank frequently withheld checks when the account showed insufficient funds and permitted overdrafts, but in both instances the customers were considered good and safe He said he thought it might have been done in Senator Kenney's case but he was not positive. In all instances, he said, the carrying of the checks would not show in the books, but the overdrafts would.

George V. Massey, assistant general solicitor of the Pennsylvania railroad, and Robert R. Holliday, superintendent of the Delaware division of the same, testified to the good reputation of Senator Kenney, as did ex-Senator Higgins and a member of prominent citizens of Dover.

H. E. Brockson, of New Castle, stated that Boggs had recently stated to him in the New Castle jail that he would get even with Kenney as the latter would not speak to him now. Court adjourned until Monday.

GERMANY'S BEHAVIOR.

This Government Relies on Dewey

Washington, July 15 .- The fact that our government has been engaged in a rigorous correspondence with the German government through the medi-

um of Ambassador White has given rise to the assumption that the State department has been making representations to Germany on the subject of

the conduct of the German naval comever, is erroneous, the correspondence n question relating to that old and troublesome issue, the exclusion derees of the German government directed against United States hog products.

The attitude assumed by the German naval commanders in the Philippines is without doubt a source of annoyance and apprehension to our government. The spirit of quibbling as between the insurgents and the American forces in the Philippines, attributed to the German government by its own papers is far from satisfactory to this government, accustomed to deal openly in international issues. Still our government is satisfied that its interests are safe in the hands of Admiral Dewey, and is adhering to its original intention of alowing him a free hand to deal with the situation. Until he himself asks for action on the part of the government it is not the purpose to make the Philippines to the German govern-

TRADE OUTLOOK IS ENCOURAGING

Bradetreet's Finds That Considering the Season of the Year Business Keeps Up Exceptionally Well. Failures Decreasing.

New York, July 15.-Bradstreet's tomorrow will say: Pending the initiation of new fall business, preparations for which are actively under way in all markets, there exists a quiet midsummer condition, accompanied, however, in most cases by price steadiness and confidence in a promising outlook for fall trade. Retrospection and raview continue to furnish many satisfactory illustrations of the favorable conditions experienced during the first half of the present year, some of which seem bound to be duplicated during the second half.

There is a little more hopeful feeling in the iron and steel trade, the result partly of reduced output and stocks of pig and partly owing to the large business reported offering, particularly at the west, where some mills will forego their usual summer shutdowns, and others will curtail the vacation period materially. Some western mills are reported booked with orders until next winter. Some large export orders are reported from Chi-CREO. Except for some shading in cereals caused by the usual tendency to discount government crop reports and look for larger than indicated crop yields, the present situation is one of

considerable steadiness. Trade continues of a midsummer dullness at the east, but more inquiry for raw wool is a feature and trices are well maintained on a fairly large business for this time of the year. Features of the trade movement at the west are the improved demand for iron and steel at Chicago. Louisville and St. Louis report the fall trade outlook as good.

Our cereal exports still continue in excess of corresponding periods of pre-vious years, wheat and flour shipments aggregating 2,910,827 bushels as against 2.728.642 last week and compared with .522,092 bushels in the week a year ago. Business failures in the United States number 238 as against 241 last week and 247 in the week a year ago.

STONE, OF 'FRISCO, WINS.

Bents Boyd for President of National Republican League.

Omaha, Neb., July 15 .-- Colonel deorge Stone, of San Francisco, the president of the California State league, was elected president of the National Republican league at the concluding session today. It was a close vote between him and J. Cookman Boyd, of Paltimore, on the first ballot which stood: Stone, 521; Boyd, 588; E. N. Dingley, of Michigan, 187, and Isador Sobel, of Pennsylvania, 214, throwing its 130 votes to Stone and Illinois its 98, gave the election to Stone on the next ballot.

D. H. Hine, of Newport, Ky., who had been made the secretary to fill the unexpired term of M. J. Dowling, of Rennville, Minn., was elected secre tary by acclamation, as was also M D. Young of Philadelphia treasurer.

MULTIPLE TRAGEDY'S CLIMAX.

Death Claims the Fourth Victim o

of J. Albert Daub's Rage. Lebanon, Pa., July 15,-Mrs. J. Alber Daub, who was shot on April 26 by her husband, died last evening. This is the closing drama of the terrible act perpetrated in this city on the night of the 26th of April, when J. Albert Daub shot and immediately killed his father-in-law, Jonathan Arnold, aged 78 years, a retired farmer, and at the same time shot his mother-in-law and wife, the former lingering two days until death relieved her of her suffering, while his wife's injury was of such a nature that her death was expected every moment from the day she was shot.

The murderer escaped and next morning was found dead, having committed suicide by shooting.

NEARLY SEVEN TIMES SUBSCRIBED. Government Bond Issue to Be Taker on Bids of \$5,000 or Less.

Washington, July 15 .- Assistant Secretary Vanderlip said tonight that cor-rected figures show the total subscriptions to the war bonds issue amounts in round numbers, including syndicate bids, to \$1,365,000,000,

Mr. Vanderlip stated that those sub scriptions for amounts below \$5,000, will be allotted, those for exactly that amount will be awarded part of it, and the subscriptions for more than \$5,000 will be rejected.

PANIC IN SAN JUAN.

St. Thomas, Danish West Indies, July 15.-Advices received here from San Juan, Porto Rico, show the inhabitants of that place are greatly alarmed. They expect the port will be attacked

by the Americans today. The terrified inhabitants are fleeing into the interior, and it is said the city and suburbs are practically de-

serted.

French Eyes Open. Paris. July 15.—The Temps this after-oon says: "The hour for opening peace egotiations was struck with the fall of Santiago, particularly as the appearance of yellow fever will dispose the Americans to receive them favorably. Spain ought not to base the slightest hopes on the frene incident, which was merely a misunderdstanding."

THE MARKETS.

Wall Street Review.

Wall Street Review.

New York, July 15.—The bears who cavered their short contracts yesterday afternoon on the fall of Santiago sold stocks again today and raided priess down with no one to say them may. The buil element refrained entirely from offering any support and prices of the whole list dropped away easily and without any important interruption. There was an entire absence of any outside interest and dealings were very small and confined to a narrow list. A sharp break in Metropolitan Street railway in the afternoon, accentuated the general weakness and the hears were apparently content to leave their contracts open over night, for there was no covering movement manifest. The closing was near the lowest, with net losses in many cases a point or more. Metropolitan went down easily 6 points and closed only 1 point above the lowest. The recent weakness of the coalers also persisted, the offerings of Reading first preferred indicating some continued liquidation of long stock. People's Gas was also prominent for weakness. The total sales were 219.700 shares.
