How many Americans ever heard of Dewey before the battle of Manila? Not one tenth per cent, of our people knew there was such a man, and yet he had just as much fight in him before we knew him as he has now. Knabe Pianos, to the number of 47,000, have been made during 61 years; Vose has made 40,000 pianos in 47 years; Briggs, 25,000 pianos in 30 years, and Ludwig 17,000 planes in 15 years, Perry Brothers have been in the music business 14 years; so you see, while they may seem new to Scrarton, our planes are of the oldest and most reliable

### THIS AND THAT.

The choir of Et. Mary's Cathelic church, Wilkes-Barre, last night began the re-hearsal of Gilbert & Sullivan's opera, "lolanthe." The story is unique and though fairy like, is full of human interest. "Iolanthe" is the fairy, a beautiful creature who met. loved and married Mortimer, who became Lord High Chan-cellor. They had one son, Strephon, half fairy and half human. For marrying Mortimer, Iolanthe is condemned by the people of airyland to dwell twenty the bottom of a stream that flowed by the palace. During the progress of the play the fairy chorus appeals to the king in her behalf and she is released. The Lord High Chancellor, gouty and er-ratic but still a lover, is in love with all his wards in chancery. He falls in love with everybody but particularly Phyllis, who, by the way, is in love with Stuc-phon. Phyllis' jealousy is aroused one day at seeing Strephon kiss his mother, Iolanthe, who though now, according to time, is very old, yet retains all the airy grace of a maiden. The complications that arise furnish the fun. Phyllis final-ly consents to marry one of the lords and they are all trotted out that she may make her choice. The competitions nar-row down to three and one of these is Lord Mount Arrarat. There is a good 'natured quarrel which is afterward healed; explanations follow and it is discovered that Iolanthe is Strephon's mother and Phyllish is reconciled. The opera will be produced under the direction of Dr. Mason and in the cast will be Joseph P. Burns, D. L. O'Neill and others

In the court house offices matters are running smoothly now with reference to Internal revenue stamps. The first week after the law went into effect there was no end of trouble. In the office of Prothonotary Copeland every judgment note filed that was drawn on or after July 1
must have a 2-cent stamp for every \$100
or fraction thereof. Tax collectors'
bonds entered as judgment require a 50cent stamp, no matter whether the
amount is \$1,000 or \$100,000. Bonds containing a confession of judgment must contain a 2-cent stamp for every \$100 or fraction thereof. And every certificate signed by the prothonotary must have a 10-cent stamp. Deputy Register of Wills Kohler is not sure whether a stamp or stamps must be affixed to letters testamentary and letters of administration. He will receive an opinion on the subject in a few days. In the shoriff's office indemnifying bonds must bear stamps at the same rate as judgment notes in the prothonotary's office. This will arise in prothonotary's office. This will arise in replevin suits and interpleaders, but not in bonds in securing a stay of sheriff's sale. Clerk of the Courts Daniels has not been notified yet that he needs to affix a 10-cent stamp to marriage licenses. In the recorder of deed's office marriages or pleaders of land to the coorders of deed's office mortgages or pledges of lands, estate or property, real or personal, heritable or movable, require a 25-cent stamp for the first \$1,000 and 25 cents for each additional \$500. Power of attorney to sell and convey real estate or to reut or lease the same or to perform any and all other of such office requires a 25-cent

## REGULAR MEETING OF THE POOR BOARD

Number of Matters Came Before That Body for Consideration.

TAYLOR BOROUGH AND FELL TOWNSHIP NOTIFY THE DISTRICT THAT IT IS IN THEIR DEBT-RE-PORT MADE OF THE RECEIPT OF THE STATE APPROPRIATION FOR INDIGENT INSANE-SOME OF THE CASES THAT WERE HEARD BY THE BOARD.

At the regular meeting of the poor board yesterday afternoon at the city hall, several things somewhat out of the usual routine came up for consideration. Taylor borough and Fell township notified the Scranton poor board by communication that they have each an account against it. The Taylor poor board's account may be offset by a similar account which the Scranton board holds against them, but in the case of Fell township a legal tilt may

The finance committee reported the settlement of the poor tax acounts for the year of 1894 in full for \$68,365.28. The state appropriation for indigent insane for quarter ending May 31, 1898, amounting to \$4,547.57 was received by check. With but one or two exceptions all applicants for relief were given agsistance.

The matter in reference to the Taylor borough claim was brought to the board's attention by Poor Director Atherton, of Taylor. One John Convngham, claiming a long residence in this city, is very ill, so much so as to have lost his power of speech, and is staying at a house in Taylor. His case was brought to the attention of the Taylor board and they seek to have this board look after it.

Poor Director Shotten quietly called Mr. Atherton's attention to the fact that the Taylor board had done nothing in the case of John T. Reese, a resident of Taylor, who was taken sick in North Scranton and cared for here owing to the extreme urgency of the case. If Mr. Conyngham is a charge on Scranton district, one case will be used to even up the other, or on that

Director Fuller, in behalf of the finance committee, reported a settle-ment in full with Arja Williams, poor tax collector for year 1894, amount \$68,-365.28 and a satisfaction of the records. Also the receipt of a check for \$4,547.57 from the state treasury and payment of the state's share for the keep of indigent insane at the Hillside home for the quarter ending May 31, 1898.

### SUSPECTED OF MURDER.

Man Arrested Near Tunkhannock for a Crime Committed in Canada.

Late on Thursday afternoon James Young and H. C. Avery, of Avery, Wyoming county, came to Tunkhannock with a man in custody and placed him in jail. In conversation with a Record reporter Mr. Young said:

"I am postmaster at Avery station which is on the Montrose railway, and a short time ago I received notice from the chief of police at London, Ontario, offering \$500 reward for the arrest of a man who killed an officer at that place on the night of June 24. The man arrested today corresponds exactly with the description given-a tramp with a wooden leg (left leg), a peg from the knee down; between 40 and 45 years of age; very dark complexion. dark hair; dressed in faded dark

"The man was first seen in our vicinity on Wednesday and said that he was working his way toward Pitts-burg. That night he slept in a barn and the next day Mr. Avery and I came to the conclusion that he was the man needed in Canada. When we attempted to arrest him he gave us the

slip and ran into the woods. He was caught later on by Charles Ball, at East Lemon. He claimed to be from Ohio and says he is of German descent, having been in this country eighteen

years.' The prisoner was in Tunkhannock on Tuesday, and in conversation with S. J. Keating said he was from Jermyn, and that he lost his leg on the railroad .- Wilkes-Barre Record.

### HURT IN A RUNAWAY

Otto Mayer, of Providence, Thrown from His Wagon on Spruce Street, Lauding on His Head.

Otto Mayer, of Providence, was badly injured in a runsway accident on Spruce street between 8 and 9 o'clock ast evening. His horse shied suddenly from the attempt of some man to cross in front of it, and a lot of milk cans in the wagon rattled together, scaring the animal so that it plunged ahead at

an uncontrollable gait. Mayer struggled with might and main to bring the horse into subjection. It dashed on down Spruce street, and he was almost successful in checking it when the wagon collided with a carriage standing in front of the old quarters of the Nay Aug Engine house. The collision careened Mayer's wagon into the street car track, and in swinging out again the front wheel on the right side was broken off against the

rail. Mayer went up four or five feet head on the asphalt. The shock produced concussion of the brain and injured him internally. Sergeant Ridgeway arrived with the patrol wagon and took him to the Lackawanna hospital. He was unconcious when brought there and up to a late hour had not emerged from that condition. He vomited a quantity of blood, which may denote that his in-
