ANOTHER DEMONSTRATION OF THE NEED OF A NEW ENGINE FOR THE FRANKLIN ENGINE COMPANY. FUNERAL OF GEORGE EVANS, THE LITTLE BOY WHO WAS KILLED ON TUESDAY-FIRE ON SOUTH GRANT AVENUE-CONCERT OF FRANKLIN COMPANY.

No surer indication of the spirit of the times which are hard hereaouts can be gathered by an estimate of the excursions which are conducted during a season. There have been a few already from this side but the attendance has been meagre.

The tendency is to hold a picnic at Laurel Hill park or Nay Aug park and not risk an excursion, especially when most people have been to nearby points and if they go at all would pre fer to go to some new place.

That the mines are working poorly is proven more surely by the absence this year of the annual Mine Accidental Funds' excursions. So far there has not been one and there appears little likelihood of there being any unless a combination of several funds are effected. Many of the funds have dis-

banded since the first of the year. Usually every other day during the two months of July and August an average of an excursion for every two days was maintained. Conclusions for this year can be drawn by the following list of prospective excursions: Tuesday, July 19, the Excelsior Camp.

ing club of Bellevue will go to Lake Idlewild, Susquehanna county,

Wednesday, July 20, a joint plenie will be conducted at Laurel Hill park by the members of the First Welsh Eaptist Sunday school of South Main avenue and the Garfield Avenue and the Bellevue Baptist missions.

Saturday, July 23, the joint picric of the Irish Catholic Benevolent societies will be held at Laurel Hill park. An interesting progarmme is being prepared as it is expected this will be a great event.

Thursday, August 4, the Congregational Sabbath school and several so-cieties of the Sampson Methodiat church will go to Lake Ariel on their annual excursion

Monday, August 8, an excursion will be run to Lake Ariel by Ripple division, No. 45, Sons of Temperance, and they are preparing for a big time.

Tuesday, August 5, the annual excursion of the Jackson Street Baptist church will be run to Lake Ariel. Wednesday, August 10, Washington camp. No. 323, Patriotic order, Sons of America, will conduct their annual excursion at Lake Ariel. There will

several contests for prizes including a game of ball for a silver water pitcher. On this same day the congregation of St. Mark's Lutheran church will go to the lake.

Thursday, August 11, the several branches of the Catholic Beneficial association will foin and run a big exsursion to Harvey's Lake.

Friday, August 19, the Volunteer Firemen's Mutual Benefit association of Lackawanna county will run an excursion to Binghamton over the Del-Rev. aware, Lackawanna and Western and Delaware and Hudson roads. This is funeral sermon. He offered Christ's

the last day of the big Firemen's convention at Einghamton. It is expected that it will be the largest excursion ever sent from the county. Beside tickets are being sold in every town from Nanticoke to Forest City and Honesdale.

Wednesday, August 24, a big picnic will be conducted at Wahler's grove by the members of Navajos tribe, No. 195, Improved Order Redmen.

The joint excursion to Harvey's Lake run annually by the members of Electrie City council, No. 985, Junior Order, United American Mechanics, and Golden Star council, No. 41, Daughters of America, will be run today. Train leaves Erie and Wyoming Valley depot at 7.40 a. m., Dunmore at 8 a. m.

HENNFRY BURNED DOWN.

A small building used as a hennery on the rear of the lot occupied by Michael Gilbey, on South Grant avenue took fire yesterday shortly after noon and was totally destroyed in a few minutes. It is said that several chickens were burned, but, outside of this the damage was slight. Great excitement was caused and in the excitement some one ran nearly three blocks to send an alarm from box 37, corner of Everett avenue and Jackson street.

The nearest box, No. 326, corner of Sherman avenue and Washburn street. only a short block away, was forgotten. It seems that on the slightest pretext an alarm is sent in nowadays. In yesterday's instance, a few moment's consideration would have indicated the uselessness of a fire company and beside the companies were taken the longest and hardest way to get to the fire. The horses were completely wet with lather and perspiration as a result of the run and in the heat of the day this was dangerous. It certainly is bad enough to have to call them out when they really could be used.

#### NEW ENGINE NEEDED.

It would not be a strange thing if some day when the Franklin engine is being used at a big fire on this side that an awful accident happened. A terrific explosion, followed by the killing or maiming of the firemen whose duty necessitates their presence near the engine, and persons standing near will surely be the result. In addition, the ability to fight the fire, especially where the ordinary pressure is very will disastrously handicap affairs. low. The West Scranton public will have their sense of justice aroused by that explosion and a new engine will be procured, perforce because the old one is destroyed. That such a possibility of an event like the above taking place exists is certain. Every time the engine has been used during the last year it has broken down.

When returning from yesterday's fire on South Grant avenue, when it was only heated up to running pitch, the drop tubes fell out and the water escaped. The engine was thus rendered entirely useless. No more can be expected when the engine has been in continuous service nearly three times as many years as guaranteed.

FUNERAL OF A CHILD.

The funeral of George Evans, the young son of Mr. and Mrs. Benjamin W. Evans, who died as the result of a shocking accident on Tuesday last, was held yesterday afternoon from the family residence at 128 South Main avenue. The attendance of friends and relatives was very large and the floral offerings were very beautiful. James Hughes, of Jackson street, officiated and preached the

ensolation to the members of the bevices the remains were viewed. Later they were taken to Pittston for interment. The pall-bearers were the Misses Minnie Reese, Edith Lloyd, Jennie Thomas and Emma Lewis.

O'GRADY AGAIN TRIED.

J. J. O'Grady and his wife, Ann O'Grady, of Jackson street, waived a earing and entered bail in the sum of 500 each for their appearance at court o answer a charge of exposing poison with evil intent. The charge was preferred against them by Thomas Mc-Andrew and Thomas Murphy, of Keyser avenue. The prosecutors each lost a valuable

cow on June 19 by reason of the fact that the said cows had broken into the rear lot of the O'Grady premises and eaten some grapevine leaves. Paris green or some such poison had been spread in plentiful quantities upon those same leaves and as a nateral result the marauding cows died. The cows had gotten into that lot once before and Mr. McAndrew offered.

he says, to pay for the damage. His offer was refused and Mr. O'Grady is accredited with saying he had prepared for another invasion. The O'Gradys were tried once before on a very similar charge before Alderman Davies but for some reason or other the case fell through, though \$20 fine and costs were imposed upon them.

### FRANKLIN COMPANY'S CONCERT

Every once in a while of an evening, the members of the Franklin Engine company gather at their quarters on North Hyde Park avenue and enjoy a concert gotten up by several of the members for the occasion. Last evening one of these concerts was held and proved exceedingly enjoyable. Plano solos were played by Martin

Kelly, guitar solos by Frank Heppler and violin solos by Daniel Clement. Then these gentlemen played together. Richard Davis and Thomas Beudoe sang and the Franklin trio rendered several selections. Daniel Clements whistled in his inimitable way as did James L. Beavers, Richard Phillips gave a negro sketch with the "bones."

He was seventy-six years of age and was alling for a year. The last two weeks he was totally blind.

Dr. Kolb. who was called, stated that death was caused by nervous prostration and old age. A sister and son, George Morlang, jr., survive him. The funeral will take place tomorrow at 2 o'clock.

EXPLOSION OF POWDER.

Patrick Murray, of Pittston avenue, opposite No. 11 school, was badly in jured at the Bellevue mine yesterday by an explosion of powder. Murray, who is a miner, was standing near a keg of the explosive, and sparks from his lamp ignited it.

His body and head was frightfully burned. He was taken to his home and Dr. Walsh sent for. The injuries were dressed. Murray suffered greatly last night and it was feared that he could not survive.

#### BADLY BURNED.

Mrs. Theresa Frantz, an aged woman residing with her son-in-law, August Rohner, corner of Prospect avenue and Alder street, was severely burned on

her arms and hands yesterday afternoon. Mrs. Frantz was standing over a kettle of boiling jelly, when the extract flowed over the cup.

She made a quick effort to remove the kettle and in doing so the hot stuff spilled on her. Her screams brought to her aid Mr. Rohner and his timely response saved the old lady from further injuries. She fainted just as the kettle was taken from her. Mrs. Frantz was resting easily last night.

About Sunday Trains.

Editor of The Tribune.

Sir: If you will a'low me a little space n your publication 1 would like to say a few words about the proposed running of Sunday trains to Lake Ariel through the summer. I am a little surprised at the action of the Central Labor union and especially their arguments on behalf of this so-called privilege. In the first place they say it would be

of benefit to the five thousand and more members of labor orders in the city who are working six days every week and cannot pessibly find time to take a vacation, It makes me feel good to think that there are so many laboring men in Scranton working so steady, and to think that they would all like to spend their Sunday at Ariel.

Now, any man who is working six days Judge Archbald's chambers in court a week the year around can afford to stay home Sundays and take a three Thursday, Attorney A. A. Vosburg asked for an injunction and it was remonths' vacation in the summer. So running Sunday trains to Lake Ariel fused. A few minutes later Attorney will be no benefit to them.

Another thing, the man who is not working six steady days each week can go to Lake Ariel through the week just as well as on Sunday. So Sunday trains would be no benefit to that class who, 1 strain the other man, and he also was refused.

Nathan Whitlock owned 86 acres of fear, are in the large majority. If the laboring man will stop and con-sider a moment he will see that he would land in Scott township. He died a year ago. Gardner was appointed administrator and upon enterbe making his fellow man work on Sunday that he might enjcy himself, not considering that his neighbor may have ing upon the discharge of his duties discovered that the debts outbalanced worked hard all the previous week. the value of the farm. It had to be

Another thing I am of the opinion that might be against the Christian principles of the head officers of the Erie and Wyoming Valley to run Sunday trains, and that being the case, what right has

he public to ask them to go against he dictates of their conscience? Scranton has abundance of good parks the and driveways and the weather is hot but what people can stand it for a few weeks.

The thing known as "National Expansion," and talked of as something new has been, since the beginning of history the rule of every progressive nation, in-cluding most conspicuously the United makes some statements that I cannot permit to go unchallenged. He accuses Civil Engineer Thompson of doing some States. The peculiarly American motto addressed to the individual citizen of "growing up with the ccuntry" has never "tail swearing." I admit the charge. I did do some "tail swearing" in my testi-mony, so tail, in fact, and so far above Mr. Donahoe's moral plane, that I am not surprised at his ill humor, for it was strictly true. His statements to the court were not. He said in his argument that the area of the proposed horough shut out from the sight of our statesmen the greater principle that this country is to grow up with the world. The oldfashioned world, in which some philos-ophers imagined us as rising above all in prosperity and greatness through isolation and strict confinement within our Atlantic and Pacific coasts, has sunk out that the area of the proposed borough was 7,000 or 8,000 acres.
