THE JEFFERSONIAN **DEMOCRATS MEET**

POW WOW OF STATE COMMIT-TEE AT PHILADELPHIA.

Resolutions Regarding the Proposed Redemption of Pennsylvania and the Warfare Upon Corruption and Profligacy-The Committee Has Spanish-American War-Tributes to the Worth of Jenks.

Philadelphia, July 20 .- The state exto the call issued a fortnight ago by State Chairman Given. In opening the meeting the chairman announced that the members had been called together to decide "what attitude the Jeffersonian Democrats should assume in the coming state contest," and to dispose of any other business that might come before the members.

There were a number of absentees of committeemen, when the chairman at their head, all holding Utopian announced that he was ready for any views of a free Latin country, which business before the meeting, Seth T. McCormick offered a resolution "that a committee of five, of which the state chairman should be one, be appointed to report suitable resolutions for the consideration of this body."

Chairman Given named Messrs, Butlitt, Hancock, Farquhar and McCormick to act with him. A brief recess was taken, at the conclusion of which Chairman Given presented the report of the committee as follows:

Whereas, The national (Jeffersonian) Democrats of Pennsylvania recognize that the supreme issue in the approaching state campaign is the redemption of the commonwealth from Republican misruic, and that all friends of honest government should unite in a warfare upon the cor-ruption and profligacy that mark the control of the Republican party in this

Whereas, The Democratic convention recently assembled at Altoona, by a direct vote, refused to inject national politics into the present campaign, made a declaration that should command the sup. port of all those who favor a clean and capable administration of our state atfairs, and nominated for governor a man of integrity, thoroughly equipped to serve the purple, in the person of Hon. George A. Jenks, with associates of like repute;

Whereas, It is manifest that the time has come when good citizenship requires us to ignore past differences that do not enter into the questions about to be sub-mitted to the voters of Pennsylvania, and to present a united Democracy, earnestly demanding the reform of existing abuses and mismanagement in state affairs;

Resolved, That the national Democrats of Pennsylvania do pledge an earnest, active and hearty support to the candidates for state offices at Altoona. REMARKS MADE.

James Denton Hancock, of Venango county, addressing the meeting, said that in a personal interview with Mr. Jenks the latter said that national issues should be laid aside in his administration if successful at the coming election. If the old issues were to be again the ground for a national struggle, then the year 1900 would be early enough to revive them. For the present they were dead at least as affecting the policy of the gubernatorial can-

John H. Woods, of Westmoreland, while thoroughly endorsing the sentiments expressed by Mr. Hancock, took occasion to sharply attack the "abominable heresies" of free silver. He hoped, however, that these were being eliminated for good from the political articles of faith of the Democratic

Benjamin C. Potts, of Delaware county, took the floor and opposed the and osement of the Altoona ticket in its entirety. "Such a course may mean we dig our grave while Guffey and Garman throw in the dirt." he said. Mr. Potts opposed endorsing the congressional nominees, and cast a doubt upon the wisdom of supporting Mr. Jenks unless assured that it would not mean "the death blow to our organization after the two years of work."

Robert E. James, of Northampton county, after paying a glowing tribute to the sterling worth of George S. Jenks, closed his remarks by a sarcastic reference to the opposition to the resolutions as "picayune politics."

John C. Bullitt expressed the hope Democrats who wandered from the fold at the Chicago convention might again return to the

Upon motion of Chairman Given, the resolutions were adopted and the committee adjourned to meet at the call of the chair.

Four years ago, on the 17th of January, when the mercury was five below zero my seventhe child was born, after I had been waiting ou my sick husband for nine weeks. With the help of your medicine I stood it all. For the last year I have been doing nearly all my work including the care of eight children. PEACE TO WRECK SPAIN.

The Signal for a Great Revolution Three Political Parties Striving to Stop the War, Trusting That it Will End in Their Leadership.

Washington, D. C., July 20.-A prominent member of the diplomatic corps here, who has been greatly interested in the Spanish-American war, which he has made the subject of a book now in progress toward completion, and who is daily in receipt of cable news Nothing to Say in Reference to the from Cuba, Madrid and from his own country, gave an interesting interview regarding the present policy of Spain and the probable future of the kingdom. "It is true," he said, "that the Spanish cabinet wants peace, and peace t will have very soon. But that peace ecutive committee of the Jeffersonian will be even more disastrous to Spain Democrats met here today in response than would be a continuation of the war.

"There are now in the kingdom three different parties, one of which is bound to succeed, but that success necessarily means ruin to Spain. The first and most important factor in Spain's future is the Carlist party, hand in hand with the Josuits. Next comes the Weyler party. Third, but not least, comes the Republicans, with Salmeron they will never realize.

"If peace were to be declared tomorrow there would be a triple revolution in Spain. The queen regent is a non-entity in government affairs, obliged to put her name to decrees and swayed by the flattering tongues of her favorites. Spain today is in the hands of several ambitious leaders. "The three parties mentioned are desirous of peace, because it will further

their ends. They know that as soon as peace is declared a revolution will be precipitated. "Peace will necessarily come soon. As yet the United States government has received no official intimation that

Spain is desirous of terminating the

war, so nothing can be said.
"I do not believe that the Spanish coast will be bombarded by the United States squadron under Commodore Watson, because in the time which must clapse before he reaches there a cessation of hostilities will ensue.

'There may not be a peace, but, as in the Turke-Grecian war, an indefinite truce will be declared until the terms of peace can be arranged and peace established."

The author of this interview is one of the most prominent members of the diplomatic corps in Washington, and might be a commissioner if there should be a peace commission when Spain decides to sue for peace.

STARVATION IN SANTIAGO

Ten or Fifteen Deaths a Day in the Hungry Horde-Refugees Ready to Steal Food, and Happy in the Idea That it Will Beat Salt Meats

Santiago, July 18, via Playa, July 19.-Of the immense army of refugees flocking into Santiago, many of them rushing to steal any food they can get, and the Red Cross society expected to be able to feed about 40,000 on Monday night.

The distribution of 1,400 tons of food from the steamer State of Texas began at 3 o'clock, allowing a pound and a half of rations to each citizen. When the unloading began crowds of halfstarved citizens rushed to the dock, fighting, trampling one another under foot, breaking open the cases and stealing the supplies. Finally a picket fusing admittance to any one.

The entire cargo had been landed before the distribution began. Each applicant was furnished with a ration ticket supplied by the local commissioners, with General McKibbin's indorsement.

The city had a holiday appearance. The famished Spanish welcome the Americans. Only the captain of the port, Miller, has disapproved the friendly manifestations. He wildly declares that General Toral will be puni-

shed by Spain. There is no evidence of gloom on the faces of the Spanish men and women. These mercurial people are laughing, and are pleased at the military and naval show and at the prospect of getting food other than rice and salt

Some stores, mostly for the sale of are in evidence. Now and then a man or woman of the better class begs the correspondents for "milk for my little one, in the name of God."

Filth is noticeable everywhere, but, strange to say, the city is healthy in spite of it. While it is true that there is no fever in the city, there are ten or fifteen deaths every day from star-

On Monday afternoon a number of the larger American transports entered harbor and anchored there. They came in fully dressed with flags,

and made an imposing appearance. The big government tug Potomac ar rived here Monday from New Orleans. She is provided with modern appliances for wrecking, and, with the other vessels sent here for the same purpose, will secure all it is possible to save from the ships which formed Admiral Cervera's squadron.

The long bridge at Aguadores, on the Juragua railroad, connecting Siboney with Santiago, was replaced on Monday in a temporary fashion by American soldiers. The military authorities will use the railroad to transport from the seaboard the stores, horses, munitions, etc., which was unloaded at Siboney before the surrender of Santiago The contact torpedoes now have all \$4.25a4.50; been lifted, but the cable torpedoes are

still in the harbor.

Wall Street Review.

New York, July 20 .- The slight increase in the volume of dealings in stocks today would by no means warrant the term animation, but it con-veyed an intimation that business in Wall street is not entirely dead. Any striking development in the situation would lead to an outbreak of activity in speculation. The morning advance was occasioned by nothing more than the covering of short contracts put out by the smalltraders yesterday. Reas-suring official utterances from Washington regarding the yellow fever situation and from the Metropolitan street railway authorities regarding the effect of the temporary suspension of a part of their lines pending reconstruction removed the principal elements of

yesterday's uneasiness.
