CARBONDALE.

The Carbondale correspondence of The Tribune has been placed in the hands of Mr. C R Munn. Salem avenue and Church street, to whom news items may be addressed. All complaints as to ir-regular delivery, etc., should be made to Roberts & Reynolds, news agents]

EXCITING CONTESTS.

Lee and Rutherford Won at Cycling and Jessup Took Base Ball Hon-

Alumni park was the scene of exciting sports yesterday afternoon. First on the programme was the bicycle race in which the old question as to the superiority of Lee or Wickwire as fast Licyclists promised to be settled. Others in the centest were Aitken and Carroll, interest centered in those first

E. C. Ely, C. E. Moon and C. R. Munn were chosen judges and the contest commenced at promptly three o'clock. It was to be the best two out of three half-mile heats for a valuable gold watch-a race postponed from the Fourth of July events.

The men got off in a bunch and loafed the first quarter, after which occurred a red hot spurt in which Wickwire led, followed closely by Lee and Aitken and Carroll a little further behind in order. They soon gained their maximum speed and then occurred the most spectacular tumble that was ever witnessed in this section. Wickwire's wheel slipped out from under him, Lee was thrown completely over him. Altken took a mid-air flight over them and Carroll made a forty-foot lunge over the three. All rolled over rocks and through weeds and at one side of the track.. While pulling themselves together the starters ran over and each prompted his man to hasten to the track and win the heat. Carroll was first on his wheel. Lee followed 100 feet behind and the other two failed to continue. Carroll finished first

by about two feet. All were skinned and bruised, Lee and Aitken being most injured. The former collapsed. He sustained a severe blow over the liver and suffered shock. It was announced he could not continue the race and Aitken's hip was too badly hurt to allow his entering again. Dr. Wheeler was summon-

ed to attend to their injuries. Wickwire demanded that the race go on and an hour later-after intervening sports-he and Carroll came on the track. Lee pluckily left his cot and said if the race was to be contested he'd be in it, so the three men started, He won the next heat by thirty-five feet and the final heat and race by fifteen feet.

Carroll having the one first to his credit will probably be awarded the second prize, though the judges reserved their decision.

Rutherford easily defeated Mitchell in the boys' race. The prizes were a gold and silver medal. Following is

Lee	2	1	1
Wickwire	0	2	2
Aitken	0	0	0
Carroll	1	3	3
Time, 2.10, 1 1514, 1.26.			
Rutherford		1	1
Mitchell		2	2
Time, 1.23 1-5, 1.16%.			
mbs show stone to does be shown		·	- 00

The slow time is due to the loafing of the first quarter. Carbondale had the best of the ball

game by a score of 1 to 0 until the in the Delaware and Hudson station at latter end, when a bad error gave Jessup five runs. The score closed that way. Griffith and Cummings, of St. Thomas college, Scranton, were the battery for Jessup and Nolan and Pidgeon for Carbondale.

LAKE WINOLA.

The large fleet of boats here has been augmented by two handsome Naptha launches. The "Cinderella," owned by Mr. Gene Morse, of Lewis Morse's Sons, the well known Scranton firm of bottlers and manufacturers of soft drinks, and the "Bessie," owned by Mr. Yeager, of Wilkes-Barre. The "Cinderella" was launched Saturday, thereby gaining the distinction of being the first boat propelled by its own power on this lake. The "Bessie" was put in the water Sunday morning. Both are fine crafts and are attracting much attention

Mr. and Mrs. Frank Shedd and their guest, Miss Zacharias, of Reading, left for Scranton yesterday, after spending several days at the "Miz-

Rev. J. B. Sweet, pastor of the Simpson Methodist Episcopal church of Scranton, is in that city attending to his imperative pastoral duties.

By far the jolliest crowd here are the occupants of Captain Eugene Fellows' cottage: The Misses Jane, Lois and Nell Fellows, Ethel, Pearl and Lelia Porter, Louise Ferrig, of Scranton, and Anna Sterling, of Tunkhannock. party is chaperoned by Mrs. Wilkens,

of Scranton Colonel Frear's hotel is filling up rapidly, many new arrivals being recorded daily.

Willard Megargee and wife, of Scranton, registered at the Winola Mr. T. M. Miller and family, of

Washburn street, Scranton, arrived today. Mr. Miller has purchased the handsome "Long" cottage, situated on the Wilkes-Barre side of the lake. The ever popular and genial propri-etor of the "Pavilion," Bill Swartz,

has built a new landing in front of his emperium. The young ladies of "Camp Alger

have sent out invitations for a "Soap

Bubble" party at their cottage this evening.

Bathing has become by far the most opular amusement here. Many boat loads of bathers may be seen each afternoon about 4 oclock pulling toward the outlet, which is the favorite locality for bathing owing to the splendid sand bottom at that point.

Dr. F. C. Hall, of West Scranton, is spending a few days at the Imperial cottage, with his family who are here for the season Mr. and Mrs. Charles Acker and

Mrs. Burt Green and daughter, Laura, of West Scranton, registered at the Winola house yesterday. The fine sail boat "Wizard" was re-

moved from the lake yesterday and taken to Harvey's lake, its owner, Mr. Long, having sold his cummer home here and removed to the popular Luzerne county resort.

Councilman Horatio Fellows, his son Pierce Fellows, and Harry Acker, of Scranton, were guests at "Camp Alger" Sunday. Frank Jones, mail clerk at the

Scranton postoffice, is spending his va-Miss Grace Acker, of West Scranton, is the guest of her sister, Mrs. F. C.

The weather here has been exc. d. ingly fine for several days, light showers falling ir. the evening, sufficient to lay the dust without making the roads muddy.

OLYPHANT.

The new Delaware and Hudson breaker, No. 2, was put in operation yesterday for the first time. The new structure is situated across the river from the site where the old breaker was destroyed by fire last fall. It is one of the best equipped breakers in this section and will be able to market at least 2,000 tons of coal daily. The coal is mined at the old shaft near Dunmore street and is carried across the river by a small locomotive and is then carried to the top of the breaker by means of a conveyer. The new breaker was built under the supervision of John English. John T. Mooney is the superintendent. The first train of cars run to the new breaker yesterday was in charge of William H. Kennedy. Charles Griffin was engineer and William Clark, fireman.

Mr. and Mrs. J. H. Hull and family leave today to spend a few weeks at Atlantic City

The borough council will meet this evening. John Brown, of Carbondale, has accepted a position as baggage master

this place. Mrs. Anthony Gillespie is very ill at her home on Delaware street.

Miss Kate Gordon, of Scranton, visited friends here Tuesday. Mys. Crans, of Owego, N. Y., is visit-ing her son, Dr. A. F. Crans, of Lack-

M. F. Walsh, of Williow street, is seriously ill. Leo and Joseph McDonald, of Binghamton, are spending a few weeks

with relatives here. Mrs. W. Haitinger and daughter, Mrs. Hitosh, have returned from a visit to Chicago. W. J. Thomas left yesterday for At-

lantic City, where he has accepted a position. Miss Cora Matthews has returned from a visit with relatives at Carbon-

Ivor Thomas, of Hyde Park, was a caller in town yesterday. Miss Annie Probert has returned from her trip to Atlantic City. Mr. and Mrs. George Powell, of North

Scranton, who have been visiting at the home of Mr. and Mrs. John Powell, have returned home. Miss Neilie Kelly, of Archbald, is the guest of Miss May Wahl.

JERMYN AND MAYFIELD.

The old Wildcat road leading from Jermyn to Montdale is a direct outlet for a large scope of farming country west of the mountains, but the road is, and has for a long time been impassable for teams. If it were to be worked and put in condition for travel, it would be of great benefit to the business people of Jermyn and Archbald, as it would bring to those towns a large number of farmers with their produce who now are obliged to go elsewhere, because they cannot get over that road, even with a light wag-Some of the road is in Jermyn, but the larger part of it is in Archbald and measures should at once be taken by the borough authorities to have the read put in good condition so that we may have the benefit of the fall trade of the farmers from over the mountain, and they may have the benefit of disposing of their produce in a good market near home. Let the council at their next meeting take this matter up and push it along. Miss Annie Partyn, of Forest City, s visiting Mr. and Mrs. J. J. Miller. Miss Maud Bell, of Pittston, is visit-

ing her uncle, William Bell, on Third Michael Ereen has moved from the powder mills to one of J. D. Stockton's

nouses on Main street. OLD FORGE.

Mr. Archie Tinklepaugh has acceptd a position at Harding, Pa. Mrs. D. C. Reed spent Sunday with her son in Dunmore.

Mr. L. B. Brodhead is spending a ew days in Philadelphia. Mrs. John Faraday, jr., is visiting with friends at Harvey's Lake. The Ladies' Home Missionary society will meet on Thursday afternoon at

the home of Mrs. J. H. Breymier.

There will be an ice cream festival held at the new Methodist Episcopal church Wednesday evening. Everybody should hold in mind the nsolidated excursion of the Methodist and Presbyterlan churches of this place to go to Harvey's Lake Tuesday, July 26. Everything is being done to make it a day of pleasure for those who attend. Fare for adults, sixty cents; 35 cents for children.

SPANIARD'S VIEWS ON PRESENT WAR

BELIEVES POSITION OF AMERI-CA IS NOT A JUST ONE.

Has Secretly Abetted Rebellions in Cuba and Assisted in Bringing About the Condition of Affairs that Eventually Led to Intervention-Spain Will Fight to the Last -That Is the Opinion of Edward Serantes of West Scranton, Who was Born in Spain.

The views of Edward Scrantes, probably the only Spanish-born citizen of Scranton, will be of interest at this time. Mr. Serantes is a tailor by occupation and conducts his business at his residence, 1513 Washburn street. He is a quiet, unassuming gentleman, well read, and has travelled in many lands. He is finely educated and speaks several languages, including English, fluently.

He is a naturalized citizen of this country, having resided here over nine years, the last four in Scranton. He has kept thoroughly posted in current affairs and though proud to be an American citizen, he declares that he is convinced that his adopted country is in the wrong in this war. So strongly is he set in this opinion that he declares that he is perfectly willing to meet any person in argument and feels sure that he can prove his opinion to be the correct one.

To a Tribune reporter, he gave a summary of Spain's rule and control in Cuba, both as recorded in history and since the first revolt in 1868. The continuance of that revolt, in fact its very conception was due to the fact that the instigators resided in and worked from this country, he says, and the same can be said of this last rebellion which led to the interference of America in Spain's affairs.

SHOULD INTERFERE.

He thinks that the European coun tries ought to be ashamed of themselves to stand idly by and see Spain deprived of her colonial possessions on the premise of its being done in the cause of humanity. country would stand it themselves and if France or Germany had owned Cuba we would not have gone to war with them. It is terrible to think of this war, and it is not just to Spain," he continued.

He welcomes the fact that Cuba is being freed and admits that it is right, as he often declared when residing in Spain. It is too far away for Spain to manage, and so long as politicians in this country secretly support a rebellion Spain could never put down the rebels. She should have sold Cuba long ago.

The Spanish people will benefit by the loss and Cuba, by annexation to this country, which is sure to come, will be benefitted. So also Porto Rico and the Philippines.

But no war ought to have occurred and lives lost. Peaceable means should have brought this about. Spain will never ask for peace, because the government is afraid of the people. After this was is over Spain will be a republic and Senor Castelar, if he lives, be the president. The people will then settle down to home development. High-priced officials, etc., will be cut off and only a small army and navy retained. As for Don Carlos. amounts to nothing.

RESIDED IN CUBA.

All the above and much more was stated by Mr. Serantes. He resided in Cuba continuously from 1878 to 1886 and several times off and on for short-er periods until 1888. He lived in Santiago, Cienfuegos, Matanzas, Pinar Del Rio, Havana and other towns. His father was a captain of a steamship plying between Spain, Spanish colonies and Central American ports.

Mr. Serantes enthusiastically portrayed the possibilities that were opening out for American young men in Cuba, Porto Rico and the Philippines. Cuba, he said, was the only real Klon-Everywhere it was easy to live and grow rich if one was soher and industrious. Why taxation under Spain was only between \$2 and \$3 per capita. It was just and right that this great country should develope this beautiful island, but not to get them as she is

HONESDALE.

Rev. C. A. Benjamin was shaking hands with Honesdale friends on Monday. Mrs. Dr. S. A. Kelley and son have

taken rooms with Mrs. W. F. Briggs, on Tenth street. County Superintendent D. L. Hower s visiting at his home in Saliadas-

burg, Pa. Miss Emma Clark returned yester day to her home in Clark's Green after an extended visit with Honesdale

That portion of Honesdale in the vicinity of the armory is a busy part of the town, with the plant of the Electric Light company, the Honesdale Foundry, Machinery and Elevator works, the Blakney Paper Box factory, the Kimble Woodworking factory, the machine and repair shop of Charlesworth & Cannavan, and soon to be adde to the above will be the glasscutting shop of Krantz & Smith.

Yesterday a large number of upper Third street neighbors enjoyed a picnic to Farview. It would be a difficult matter to find

better kept and more healthful place of the size than Honesdale. Contagious diseases are scarcely known. The last interment made in Glen Dyberry was on May 3. Much credit is due the managers of the Ladies' Improvement association and street commissioner for the sanitary condition, but in time of peace prepare for war. There is a growing need for a public sewerage; the increase in population demands it. Now is the time to act in this matter. August 3 the annual picnic of the Wayne county Odd Fellows will be held at Lake Ariel.

PRICEBURG.

The employes of the Johnson's Coal ompany mines received their wages

esterday. The congregation of the Priceburg Primitive Methodist church have made arrangements to hold a picnic in the grove near the Delaware and Hudson depot on Saturday, July 23. A fine programme of sacred song is being arranged by the committee. It is expected that a number of singers from out of town will take part. The Citizens band under the direction of William Roberts, has kindly consented to be present for the evening. The grove will be illuminated with lamps, ed to the church by the Eagle Hose company. Refreshments of all kinds will be sold on the grounds.

No work at Johnson's mines today

DALTON.

Those present were Miss Mary Linen, Miss Alice Churchill, Miss Caroline Bennell, Miss Katherine Scranton, Miss Caroline McKnight, Miss Marie Jadwin, Miss Charlotte Jadwin, Frank Linen, Everett Craw-ford, Harold Watres, Frank Janeway, Halstead Little, Thomas Smith and Mr. and Mrs. Hovey Storrs.

The Spaniards are After You-Here is an Escape.

You can't bathe in the Atlantic Ocean for the Spaniards will catch ou, but the same delightful salt water bathing is obtainable at Salt Lake City in the waters of the Great Salt Lake. It is a novelty to bathe in salt water, a mile above sea level. Moreover, the summer climate of Salt Lake City is incomparable. The attractions in and about this quaint and picturesque city -now familiarly termed the "Zion of the New World"-include within a radius of a few miles. Hot Springs, Warm Sulphur Springs, Sea bathing at the magnificent resort known as Saltair, Parks, Drives and Canyons as well as the historic edifices of the Mormon Church-the far-famed Tabernacle and the Great Temple. Salt Lake City is the social and commercial conter of the inter-mountain district and also the diverging point for the great gold, silver and copper mines of Utah, Mor tana and Nevada. It is a delightful stopping place for those en route to the Coast. The only trans-continental line passing directly through Salt Lake City is the Rio Grande Western Rallway. It offers choice of three distinct routes through the Rockies and the most magnificent scenery in the world. Write to F. A. Wadleigh, General Passenger Agent, Salt Lake City, for copies of litera-
