## GENERAL WEYLER MAY BE LEADER

TALK OF CABINET CHANGES IN SPAIN CONTINUED.

Premier Sagasta Said to Have Offered Again to Resign-Advised by the Queen Regent to Consult With Other Political Leaders-Re-

port That France Has Been Asked to Intervene to Stop the War-The Paris "Figaro" Warns Us to be Careful of Arousing Europe.

El 27 Barcelona, July 21.-General Polavieja starts for Madrid this evening in response to a sudden summons to the

and London, July 21.—According to a spegasta, the premier, has again offered to resign, and has been counselled by the Queen Regent to advise with other political leaders relative to his future course. It is also reported that Genoffrai Polavieja's return to Madrid is closely connected with a change in the ministry, and that General Weyler will form 3 cabinet, in which General Fodavieja will be minister for war. That sombination, it is further asserted, will support the dynasty, repeat the suspension of constitutional rights and continue the war to the utmost limits.

Another Madrid special announces other telegrams from Barcelona receivmid at the Spanish capital report a serowing movement in favor of the intervention of France, adding that steps are about to be taken formally to invite France to take Catalonia, of which Barcelona is the capital and which ubas an area of more than 12,000 miles, under her protection.

Still another despatch from the capital of Spain asserts that the inhabitagets of the Canary Islands are panicstricken at the prospect of an American attack. The wealthy people have gone into the interior great misery pre-valls, trade is at a standstill, and there is considerable military activity everywhere, especially at Lanzarote and Graciosa Islands, which are expected to be objectives of the American attack. Strong garrisons are re ported to have been installed there and powerful batteries are alleged to have been erected on Risco mountain and on Domenation Island.

FIGARO EXCITED.

Paris, July 21.-The Figure today says: "It is time the powers took extreme measures to prevent Commodore Watson's dispatch to Europe and to end the war. Italy, Austria, Russia and, especially, France have the greatest interest in reminding the United States that they cannot allow America to acquire a footing in Europe. The friendly representations of these four powers at Washington will, it is to be hoped, enable the United States to perceive the dangerous course on which it is embarking."

Bayonne, France, July 21.-A dispatch received here from Madrid deed yes-terday, says the police searched several Carlist houses the previous evening, and adds that the government is their sons." satisfied of the existence of a widespread Carlist plot. Consequently the Carlist newspapers are to be suppressed probably. Continuing, the Madrid dispatch says:

"In spite of the denials of the ministers, everything points to the immi-nence of a crisis. It is believed General Polavieja will become minister of war in a national cabinet, which the condition of affairs seems to call for.

There is an unconfirmed rumor that the government intends to arrest General Weyler. At the last audience which the general had with the queen regent he protested against the calumnies levelled at him, and said: 'Above "all, I am a soldier, and I will valiantly defend the institutions of my country and the royal house.' As General Weyler has immense prestige among the Spanish officers, especially among those returning from Cuba, it is regarded as probable, if a national ministry is formed, that his assistance will

"The government has prohibited the publication of news of the movements of Spanish warships, and therefore the whereabout of Admiral Camara's fleet is not known. It was last reported at Port Mahon."

## OFFICERS ELECTED.

Interesting Proceedings of the Meeting of Confederate Veterans.

Atlanta, Ga., July 21 .- The fight over the place for holding the next gatherof confederate veterans grows warmer with the progress of the reunion. The crowds are much larger than anticipated and last night several churches were thrown open for the accommodation of late arrivals. General John B. Gordon called the

convention of veterans to order in the auditorium at Piedmont park at 11.30 a. m. He said: "We are all Confederate men and

women, but we are also Americans and proud of our country. (Cheers). God blessed us as he has blessed no other nation. It becomes us who have been spared by His providence to sing praises to Him, and I want the men whose shouts have been heard on many battlefields to join in a hymn of praise."

The report of the historial committee was presented by its chairman. General Stephen D. Lee, of Mississippi. The report says in part:

"In the just war in which our country is at present engaged, our comrades now living and the descendants of those who have passed away have nobly used the opportunity to demonstrate to the world their ardor, their patriotism and their readiness to devote their lives in defense of this, our

reunited country." All the aid officers were re-elected as follows: General J. B. Gordon, commander; General Stephen D. Lee, of Miseissippi, commanding the department of Tennessee; General W. L. Cabell, of Texas, trans-Mississippi department; General Wade Hampton, the army of Virginia. Adjourned until tomorrow.

#### IRON AND STEEL MARKET. Nothing New Has Been Developed During This Week.

Philadelphia, Pa., July 21.-The American Manufacturer in its weekly trade review will say tomorrow: "Nothing new has been developed in the iron and steel market during the past week. It seems that about the same conditions prevail at all points and that with the mills and factories situation at all points. In the castern market the pig iron quotations are practically those of a month ago, but some makers hold that business in better shaps. Buyers are still holding off and a lower production has not made higher wages. Forge frons are very dull. Big purchases of Bessemer billets are expected soon. There is a good demand for galvanized sheet iron, and quick shipments are being made. The merchant steel people are getting in a good fall trade. There are good prospects in structural material, and the people and tank trade continues quiet and active Chicago reports that confidence, is be-

ing shown in the trade. The consumption of pig iron is large and southern iron is plenty. Thee is a good demand for foundry irons and consumers who have yearly contracts are away ahead of the time, and still hurrying up deliveries. Bessemer billets are a little firmer, and large sales of galvanized sheets are reported. At Cincinnati there has been no change in the pig iron trade. The call for sheet bars is fair and there is a stronger tone in the pipe and tube trade. Louisville reports the general iron market as being fairly active. In the Wheeling district no material change is seen, as pig iron prices are weak, and less bar iron is now being made than for a long timbe past. Little change in pig

# THE MARKETS.

Wall Street Review.

New York, July 21 .- There was no re sew 10rk, July 21.—There was no re-lief to the undeviating quietude of the stock market today. A few of the indus-trial specialties were pushed up on con-siderations individual to the stock. The strength of these had some sympathetic showed appreciation in price on a very small volume of dealings. Not all of these gains were held but prices at the close showed small net gains as a rule. Rubber, Leather, Metropolitan, Lead and Cotton Oil were all advanced quite materially, and there were a few of the rail-road stocks which rose as much as a and that with the mills and factories point. The hesitation in the wheat mar-generally in operation the market re-mains very dull. This is about the ket, though the fact is now accepted that we are to have a wheat crop of unpre-cedented proportions. The interrupted grain movement already shows signs of hope that present prices will be well maintained and the movement of the new crop continued. The total sales were 122.-100 shares.
