THE ATTITUDE OF GENERAL GARCIA

THE CUBAN LEADER PREPAR-ING TO ATTACK HOLGUIN.

He Issues a Proclamation Permitting Those of His Troops Recruited From Farm Lands to Return to Their Homes - His Action Construed by the Americans to Mean an Effort to Disband His Forces. His Men Were to Have Left Santiago Today.

Santiago de Cuba, July 21 (delayed in transmission). - Notwithstanding General Garcia's bitter complaint to General Shafter that he had been ignored and that the restoration of the Epanish civil authority in the city of Santiago was most offensive to him, and that in consequence he had been forced to tender his resignation as a general in the Cuban army, he is going on with his preparations for a contest with the Spanish forces of Holguin and Manzanillo quite as though nothing had happened.

Tomorrow General Garcia will issue a decree authorizing all Cubans who have been driven from their plantations and country homes by the Spanfards and who have taken refuge for safety in the cities and towns, to return to the country and go to work on their farms and plantations, assuring them of protection by his forces. He has added like permission to those in his ranks who were recruited from the farmlands or were employed in the fields at the outbreak of the war. Altogether it must be confessed that General Garcia's attitude is inexplic-

able. His permission to the men in his ranks to go back to work on the farms is construed to mean an effort to disband his forces. But that may not be justified altogether. It is certain a great many of them will continue to fight. The greater part of Garcia's army leaves here at daybreak tomorrow. The French cruiser Rigoult de Go-nouilly arrived here this afternoon

with supplier for the relief of the French citizens of Santiago. A large exodus of Cubans is expected during the next few days, as they are returning to the cultivation of the country, that work being the chief source of the wealth of the island.

OFFICIAL IGNORANCE. Washington, July 22.—The war de-partment is in official ignorance of the reported retirement of Garcia with his army from the American lines at Santiago and the resignation of that Cuban general. It is considered a little singular that General Shafter has not made a report to the department of the case by telegraph, but he has so far shown little disposition to acquaint the department with the state of affairs at

secretary of war. It was not known at the war department officially that General Wood had been created military commander of Santiago although the fact would seem to be one of sufficient importance to justify its mention in a cable dispatch. Regarding General Garcia's defection

Santiago unless called on direct by the

it is noticeable that the officials of the cia has taken or will take some such action as that reported, for all the inpartment up to this time seems to indicate dissatisfaction on the part of the Cuban commander at the attitude assumed by General Shafer. However, as the latter is acting strictly in accordance with the published directions of the president in maintaining the status quo of Santiago, so far as it relates to the municipal administration, the blame for a rupture if one ensues cannot be placed entirely on his shoulders.

Senor Quesada called at the war department today regarding the alleged withdrawal from co-operation with General Shafter. He insisted that there was a misunderstanding at Santlago which would be cleared up as soon as it became known that the Cu bans here and the Washington authorities desired no friction. Senor Quesada did not see Secretary

Alger, but talked briefly with Assistant Secretary Meiklejohn, who said that further information from General Shafter was necessary before anything could be done by the department. It was asserted, however, that there had been no withdrawal of supplies from the Cubans, and that the ships which sailed a day or two ago no doubt were unleading supplies for Gomez which would be delivered to him under the direction of Lieutenant Johnston, who was in command of the troops at Gomez's headquarters.

The town of Jiguari, to which the Cuban army under Garcia has withdrawn, is one of the towns which the Cubans captured independently during the Santiago campaign.

President Palma, who was in Washington yesterday, has returned to New

TROUBLE AT STE. MARIE.

The Citizens Are in Arms Against the Troops at Fort Brady.

Sault Ste Marie, Mich., July 22.-Some of the Eighteenth Pennsylvania volunteer infantry, which troop is stationed at Fort Brady, have aroused the ire of citizens here.

Last night while armed guards were arresting soldiers who were under the influence of liquor, a squad of soldiers attempted to disperse a crowd which Rayonets, it is alleged, were used and one man was wounded. The matter, it is said, will be reported to Secretary Alger.

SPANISH SLOOP CAPTURED.

The Domingo Aurelio Taken by the Maple.

Key West, Fla., July 22.-The Spanish sloop Domingo Aurelio of about 20 tone was captured by the United States auxiliary gunboat Maple last Sunday and was brought here today. When taken the sloop was leaving Sagua de Tanamo, province of Santiago de Cuba, bound, according to her papers, for Gibara with a cargo of tobacco, a case of cloth and some provisions. She had a crew of three men on board.

The New Orleans sent two shots across her bows and brought her to. She has twenty-three cabin and fourteen steerage passengers on board and a cargo of coffee and tobacco. She is held at quarantine.

KENNEY JURY OUT. Careful Review of the Case by Judge Bradford.

Wilmington, Del., July 22 .-- Judge Bradford in the United States district court today charged the jury in the case of United States Senator Kenney, who is charged with aiding and abetting William N. Boggs, the defaulting teller of the First National bank of Dover, in the misapplication of funds of the institution.

The judge reviewed the trial at considerable length.

He cautioned the jury to carefully consider the testimony of Boggs. He said: "Although Boggs appeared in the character of an accomplice, yet he was a competent witness, and his statements should be considered in connection with the other evidence, documentary or otherwise." The jury retired at 12.45

DUN'S REVIEW OF TRADE.

The State of War Does Not Disturb Business-Unusual Midsum-

New York, July 22.-R. G. Dun & Co. in their Weekly Review of Trade, will

A state of war does not disturb business. But reaction after a phenomenal movement of grain causes relative loss, which many mistake for decrease in the volume of trade. So much grain has been required and shipped during the past twelve months that a decrease was inevitable, and granger and Pacific roads show a loss in earnings, even compared with 1892, though not much yet compared with last year. In the stagnant midsummer season with business larger than ever before, the great manufactures nearly all share the gaim. Once before in 1885 the shipments of boots a shoes was larger than this year, but in no other year have shipments in three weeks of July as large. Print cloth works at Fall River have in part combined to curtail production, but in other branches of the cotton goods trade no such heroic measures appear necessary. There is an increased demand for woolen goods, and the number of

establishments at work increases. The iron manufacture seems to be at the verge of another revolution, since Bessemer pig is held by curtailment of production in the Shenango and Ma-honing valleys at \$19.25 at Pittsburg and yet some steel works have made enormous sales of billets, 100,000 tons to the great wire association at prices unknown, 20,000 tons to various parties at Chicago at \$10.75 and 20,000 tons at Pittsburg at \$14.75. The demand for structural forms keeps all the work busy and includes for the week 3,500 tons at Chicago in three contracts, and 7,800 at Pittsburg in four others, while the plate mills are everywhere crowded, sheets and bars are both in better demand than heretofore, and the prolonged weakness in cast pine, which usually requires nearly 700 tons of pig in a year, may presently be cured. Heavy sales of lake copper have fixed war department are anxious over the outlook. It is not doubted that Gar-

a shade weaker. With abatement of foreign needs and foreign countries, wheat has declined during the week three cents in price. notwithstanding exports from Atlantic ports amounting to 1,937,092 bushels, flour included, against 1.516.997 last year, and from Pacific ports 577,755 bushels against 89,523 last year. Total exports for three weeks have been 7,-399,259 bushels, flour included, against 5,194,488 last year. Corn still goes abroad in astonishing quantity, price has not changed in spite of the decline in wheat.

Failures for the week have been 207 resignation of General Garcia and his in the United States against 227 last year and 17 in Canada against 28 last year.

THE MARKETS.

Wall Street Review.

New York, July 22.—The stock market continued in the hands of the small room raders today who dealt almost entirely n the industrial specialties. They ad-ranced the prices of these early and this held but the standard railroad stocks. Realizing in the specialties later in the day caused a sympathetic decline in the ratiroads carrying prices in many cases alightly below yesterday's close. Except where stocks were influenced by indi where stocks were influenced by his vidual causes the total range in prices was narrow and without significance. The duliness may quite equally be intermediately a disinclination to preted as indicating a disinclination to buy at the present level or as an unwil-linguess to sell. The total sales were 131,400 shares.
