FUNERAL OF THE LATE MICHAEL MAMAMON.

Attended by a Large Number of Friends and Relatives—Robert Burchell Painfully Injured in the West Ridge Colliery by Being Kicked by a Mule—Three Women Arrested for Using Profane, Obscene and Vulgar Language. Lawn Social on Friday Night.

The remains of Michael Mamamon were consigned to their last resting place in Hyde Park Catholic cemetery yesterday afternoon. Preceding the burial a large concourse of friends and relatives viewed the deceased at his late home on Oak street, after which they were conveyed to the Holy Rosary church, where Rev. J. J. O'Toole conducted services in the presence of a vast assemblage.

The funeral procession, which was of great length, testified to the esteem the departed was held in. The pallbearers were: Michael Purcell, John Timlin, Michael McNish, Martin Cannon, Thomas Gallagher and Richard McHale.

KICKED BY A MULE.

Robert Burchell, employed as a runner in the West Ridge colliery, received painful injuries yesterday morning by being kicked by a mule. Burchell had occasion to pass the animal while following his duties, when it kicked viciously. One of the iron-shod hoofs caught him on the left side of the face, sending him to the ground insensible.

August Has Come

And brought with it the last month of summer proper. People's ideas are changing, however, and in place of recognizing four seasons as formerly, i. e., Spring, Summer, Autumn and Winter, many people content themselves with preparing for two, viz.: Summer and Winter, and for the short periods that intervene content themselves with one or two inexpensive trifles in dress that come in handy at any season of the year, when the temperature is moderate. It is to such that we especially address ourselves now, although the same reasoning ought to be applicable to ladies who contemplate traveling or sojourning by the seaside or the mountain lakes.

CROSS SUITS. Her name is Editha Bartley and his is Austin Muffey. She had been arrested on a charge of assault and battery. The warrant was issued by Alderman Davies. He had her arrested on a charge of larceny. This warrant was issued by Alderman Kellow. His hearing came first and he's next. They agreed to withdraw each other's charges. She did. He did not. Well, because he persuaded her to withdraw her charge first and then he made conditions. These conditions were that he wanted her to get out, go away, and nevermore call him Austin, or "Muff" for short. She willingly agreed, and he will give her a week. He pays the costs. Two years ago they began living together and a child was born to them. They made their home with his sister, Mrs. Taylor, on Fairview avenue. Yesterday morning a fracas occurred in which he worsted her by kicking her. She had the marks with her, and offered them in evidence. One big bruise is on the calf of the left leg, the other on the right thigh. The arrest followed his assault. He then charged her with taking things out of his trunk. Her arrest followed. She claims he refuses to give her her things and a further arrest may follow.

HONORED HER NIECE. Mr. and Mrs. John T. Richards, of 112 Tenth street, entertained last evening in honor of Miss Ella Doud, of Hazleton, a niece of Mrs. Richards, who is her guest. After a season of pleasurable diversions, including dancing, a dainty collation was served to the guests by Mrs. Richards, assisted by Miss Margaret Gibbs. Rice, Edward Clark, Thompson, Peirson, Edward Jones and Tudor Williams.

ENTERTAINED THEIR FRIENDS.

MINOR NEWS NOTES.

The Young Ladies Bible class of St. Mark's Lutheran Sunday school will give an ice cream social on the church lawn next Wednesday. The funeral services of the infant son of Mr. and Mrs. George Eynon was held yesterday afternoon from the parental residence, at 521 North Bromley avenue. Many friends of the bereft parents were in attendance, and Rev.

J. P. Moffatt, pastor of the Washburn Street Presbyterian church, officiated. Interment was made at the Washburn street cemetery. The examining board for the Second Anthracite district, comprising J. W. Reese, Rowland Thomas and Enos Webber, met as usual yesterday at Alderman John's office. Eight candidates were examined. The board meets regularly on the first Monday of each month. Word was received here yesterday by Mr. and Mrs. John E. Jones, of Oxford street, that their daughter, Mrs. Hopkin Maddocks, of Hartford, Conn., was the proud mother of a ten-pound baby girl. Mr. and Mrs. John Hurst, of Luzerne street, are receiving congratulations on account of a recent arrival in their family.

SOUTH SCRANTON.

Kate Davis, of Fig street, went before Alderman Ruddy yesterday and gave information for warrants for the arrests of Mrs. Minnie Melberger and her daughter, Maggie, charging the mother with being a common scold and the latter with assault and battery. The mother and daughter were arraigned for a hearing last night. Miss Melberger was discharged, and Mrs. Melberger was required to furnish \$200 bail, which she did. John J. Griffen went to Alderman Ruddy's court yesterday and asked that a warrant be issued for the arrest of his nephew, Martin Pfaff on the charge of pointing firearms and threatening to kill. Special Officer James Ruane brought Pfaff in for a hearing at 8 o'clock last night. He waived a hearing and entered bail in the amount of \$500 for both charges. Fred Paule was taken ill while in swimming at the Roaring Brook dam Sunday. He was seized with cramps. Paule's strength gave away in an instant, and he went down under water. A companion reached him and took him to the shore. Later it was ascertained that his head struck a stone while in the stream. Dr. Kolb was engaged to treat him. It is not expected that the injury will result seriously. The marriage of Miss Margaret Lahey to Thomas O'Boyle, took place at St. Peter's cathedral tomorrow morning. Mrs. Jacob Christophel, of Maple street, returned from Pittston last evening where she attended the funeral of her son, George, of 1337 Morris court, died yesterday morning after a short illness. Funeral announcement later.

WESTERN POINT OF VIEW.

Coal Trade as it Appears to the Black Diamond. According to the Bureau of Coal Statistics compiled in the offices of the Black Diamond, of Chicago, receipts of anthracite coal by lake at Chicago show a very large increase during the first ten days of July as compared with the corresponding period last year. Receipts of bituminous coal from Pennsylvania at Chicago shows a slight increase, but those from Ohio and West Virginia have decreased. Illinois coal receipts from the southern, central and eastern fields have fallen off heavily, but from the northern district there is quite a little increase from July 1 to July 10. Indiana block has increased for the same period, while bituminous coal has decreased. Receipts of coke show a large increase. In shipments there is a decrease in anthracite, a slight increase in bituminous coal and a large increase in coke for the first ten days in July. Comfort, Speed, Economy. Travelers making the trip to California would do well to consider the merits of the Lake Shore and Michigan Southern railway before buying their tickets. This line excels all others in point of train service, speed, and the many comforts which are furnished on their trains but which are lacking on most other systems. The slight difference between rates on the Lake Shore and those of differential or so-called cheaper lines, is more than made up by added comforts and faster time. In every respect it is the best route between eastern points and Chicago or St. Louis. HOW WAR AFFECTS COAL. During the recent voyage of the United States battleship Oregon from Puget Sound on the Pacific to Jupiter inlet the consumed 2,800 tons of coal. It is 35-600 miles between the two points. Two steamships, the Norwegian Marie and the British Burton, each carrying coal for the Spaniards, have been lying at Pointe-a-Petre, Gaudouche, for the last twelve days. When these vessels entered port it was announced they would stop here for repairs. The announcement was coincidental with the appearance of their captains at the Spanish consulate. Searchlight can be seen every night outside the harbor, and American vessels are believed to be waiting to seize these two colliers if they attempt to leave. The gunboat Froquois, formerly the tug Fearless of San Francisco, Cal., is about to make the longest tow ever under-

The feature of the contest was Callory's phenomenal twirling. Score 5-2. The Taylor Water company is making preparations to enlarge the main on Stafford street. The patrons of the company who reside on this street petitioned the officials some time ago to make concessions in the rates or to remedy the matter. The latter plan is the most feasible one and the company will set about as soon as possible to grant the request. The home team administered a defeat to the Pittston Reds on Coyne's ground yesterday. The game was remarkable for long plays. Hayes' superb pitching is deserving of special mention, as the opposing batsmen only solved his delivery twelve. Score, 9-8. E. A. O'Donnell, of Jermyn, called on Main street friends last evening. The Simpson silk works were forced to suspend operations yesterday, owing to the scarcity of water.
