

CARBONDALE.

[The Carbondale correspondence of The Tribune has been placed in the hands of Mr. C. R. Munn, Salem avenue and Church street, to whom news items may be addressed. All complaints as to irregular delivery, etc., should be made to Roberts & Reynolds, news agents.]

COUNCILS HALTED.

Mayor O'Neill Voted Their Paving and Hydrant Contracts.

Chief interest connected with last evening's action of council meeting centered in the mayor's veto of the paving and fire hydrant contracts awarded a week before by select and common councils in joint session. Following is the communication of the city's chief executive:

"The act of assembly governing cities of the third class provides that all kinds of work to be done for the city shall be performed under contract to be given to whom news items may be addressed. All complaints as to irregular delivery, etc., should be made to Roberts & Reynolds, news agents."

"Whereas, Complaint has been made by some of the abutting property owners on the line of the proposed improvement that they will be compelled to pay a larger sum of money than they should have been required to pay if the bid of a lower and equally responsible party had been accepted, I feel compelled to return the within resolution without my approval."

"Respectfully yours, James J. O'Neill, Mayor, August 1, 1898."

Lindsay & Coon were the lowest bidders on this work which includes the paving of River street, South Main, Sixth avenue and Park place.

Regarding the resolution awarding the contract for hydrants to the Eddy Valve company, the mayor had this to say:

"I herewith return without my approval the within resolution for the reason that it is not in accordance with the terms and conditions of the advertisement."

The advertisement called for frost cases and on those John O'Hara of Scranton, was the lowest bidder. Another dealer persuaded councils to accept hydrants without frost cases.

Chairman Switzer referred these vetoes to a joint session of councils which has been called for Friday evening.

A resolution was adopted authorizing the city clerk to purchase a flag not larger than 12x18 feet to be erected on the city building, the joint building committee and city engineer to have a pole placed for it.

The city controller's request to have \$200 transferred from the street repairs appropriation to that for legal costs, was referred to the finance committee.

RAN AWAY AGAIN.

That Horse of Tucker & Maxey's Injured Two Young Men.

The horse of Tucker & Maxey that ran away Saturday and injured a couple of children, made another mad dash yesterday afternoon at 5 o'clock and caused a smash-up in which two young men were painfully hurt.

The wagon, groceries and contents of the vehicle were left in confused heap on Washington street in front of P. E. Dennis' residence. The horse was caught several blocks from there.

Driver Bryden had his hand lacerated and his head and his companion, a young man named Casey, suffered shock. He was carried into the Seaman home. His complete recovery is looked for in a few days.

CARBONDALE TALENT TO HELP.

Professor Albert Rumsby, of this city, went to Ithaca, N. Y., yesterday to practice with the band of that place for a big competition concert which will occur on Thursday of this week.

The Ithacans are determined to win if possible, and have collected some of the best talent in the two states to help them to the prize. The fact that they sent a couple of hundred notes for one talented bandmaster is a compliment to the city as well as to Professor Rumsby. It shows how the fame of our celebrated Mozarts has spread throughout this entire section of the country.

CUT OFF HIS FINGER.

John Bailey, bookbinder for Professor A. P. Thomas, accidentally cut off the tip of his second and third digits of his right hand Saturday night. He was showing a friend the fine points of a thirty-inch paper-cutter when the knife unexpectedly fell and effected a quick amputation. Mr. Bailey will be incapacitated several weeks.

SURRENDERED TO NEARY.

Antonio Karitz assaulted Antonio Gerite at the Edgerton mine on July 27.

There is too little preaching of the gospel of health, and any thing that anyone thinks of teaching, either to a man, child or woman.

It is one of the most important branches of an education. A man will be a business and a woman a social failure.

When the body of either man or woman is properly nourished, the result is the enjoyment of good health. Almost all health is due to improper or insufficient nourishment. If the stomach is tight and the liver is right, the blood will receive its normal supply of the life-giving elements of the food and the body will be properly nourished.

Dr. Pierce's Pleasant Medical Discovery acts directly upon the stomach and liver. It purifies and enriches the blood. It is the great blood-maker, flesh-builder, nerve tonic and restorative. It promotes the natural activity of the entire nutritive organism. It puts an end to the slow starved condition of the body. It does not make fatty fat like cod liver oil, but firm, muscular tissues. It does not make corpulent people more corpulent but builds up the system to the normal standard.

"I was run down with nervous prostration and female weakness and kidney trouble. My whole system was wrecked. My friends thought I would die. I had read of Dr. Pierce's Medical Discovery and sent for a bottle. I took it in two weeks I could get up on my feet. I had had that I had to be helped in aid of bed. I have taken four bottles of Golden Medical Discovery and two of Favorite Prescription and am in better health than I have been for years."

Constipation is the father of all manner of maladies. If it did not exist, or was not all cases promptly relieved, the majority of medical books could be safely destroyed. It is the easiest sickness to neglect and the simplest to cure. Dr. Pierce's Pleasant Pellets cure constipation every time. They cure it promptly, completely and permanently. They never grip. They don't get you out to nights. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists keep nothing else "just as good."

25. Gerite swore out a warrant before Alderman Jones, and Constable Neary went to Edgerton to serve it. He went three times before finding his man. The successful trip was made yesterday morning. Karitz saw the officer coming and tried to escape. He led the constable a pretty chase for a long distance. The officer finally drew his revolver and, firing a shot in the air, frightened Karitz into a standstill. Karitz was taken to the county jail.

DIED YESTERDAY NOON.

Patrick Conlin, an aged resident, who resided at the home of his daughter, Mrs. Daniel Deane, on Fort-second street, died yesterday noon after a brief illness. Deceased was a native of Ireland and was about eighty-five years of age. For many years he was engaged in the coal business and was well known in Carbondale. He is survived by one son and one daughter, Mrs. Daniel Devine and Patrick Conlin, Jr. Funeral announcement will be made tomorrow.

ARCHBOLD.

The council met in regular session last evening with all members present, except Mr. Scanlon. After the reading of the minutes of the last regular meeting, Mr. Belie objected, stating that Mr. Jones' motion giving the burgess the power to appoint a policeman was not referred to in the minutes. After considerable discussion the minutes were adopted. The minutes of the last special meeting were also objected to by Mr. Belie, because, as he said, some of the councilmen were not notified that a meeting was to be held. After considerable wrangling on this matter the minutes were adopted. The following bills were then ordered paid: Archibald Citizen, \$1; pathmaster's time, \$27.65; Adams Express company, \$6.75; David Roache, 50 cents; Edward O'Boyle, 45; Delaware and Hudson, \$1.95; F. J. O'Boyle, \$4.20; Charles Klappner, \$5; Crescent Electric company, \$2.00; board of health, \$22.50; Henry Revels, \$14.90; Daniel Atkinson, \$48. The bills of J. O. Frosts com, any special bill of the Crescent Electric Light company and the Jackson Wood Manufacturing company were laid over for investigation. A petition was laid over indefinitely. At this point a communication from Burgess Langan was read notifying the council that James Philbin had resigned as policeman and that he had appointed M. J. McNeil in his stead. Mr. Dean then made a motion to let the work of placing hydrants out by contract. The motion was adopted. The police commis-

tee then reported that they had agreed upon John R. McHale as policeman and fixed his salary at \$40 per month; the report was received. The council fixed his hours of duty from 3 p. m. to 3 a. m. The meeting then adjourned. As matters now stand there are two policemen in the borough.

Miss Bessie Murphy, of Scranton, was a caller in town Sunday.

Miss Katie Harrington, of Providence, was visiting friends in town last week.
