THE SCRANTON TRIBUNE-WEDNESDAY, AUGUST 17, 1898.

WILL SOON BE BACK IN PENNSYLVANIA

THIRD BRIGADE MEN SATISFIED THAT THE NEW MOVE IS A GO.

Corps Headquarters Is Striking Camp and Preparing to Change Its Location to Middletown-Inside of Ten Days the Thirteenth Will Be On Its Native Soil-A Base Ball Game That Never Had An Equal-Horn Improving.

Special to the Scranton Tribune.

Camp Alger, Dunn Loring, Va., Aug. 16 .- Owing to past experiences the men of the Second army corps had become sceptical in regard to everything which meant a movement of this body. They had been deceived too often, and, therefore, when it was announced a few days ago that the corps would soon be camped at Middletown, Pa., all waited to see rather than believe. Now, however, all doubt is gone. Last night the Thirteenth was required to send to corps headquarters a detail of men, in heavy marching order, whose duty it will be to remain there till Major General Graham shall have moved.

Corps headquarters are being quickly broken and will be established tomorirow on the soil of Pennsylvania. The Second division at Thoroughfare Gap is now all bustle, and it is expected it will be at Middletown before the end of the present week.

The First division, under Major General Butler will not make any attempt to move till General Graham shall, in person, have gone over and inspected the new grounds. Then the different camps will be mapped out. This done, General Graham will notify General Butler to move at once. This may be delayed for a few days or for a week; and, in fact, when speaking of the matter today, both Colonel Courson and Captain A. Wilson Norris, the adjutant general of the brigade, expressed the opinion that the Third brigade might be here even for ten days to come. This, however, will depend on how speedily the work will be done in placing the different commands at Middletown.

Private Charles Horn, who underont an operation for appendicitis Sunday morning, is now recovering rapidly. He is gaining strength every lay, and it is confidently expected that he will be well in a very short time. His powers of physical endurance, to gother with his powers for resisting the trying effects of the operation, will insure a rapid recovery.

Captain Derman, of A, is officer of the day; Lieutenant Murphy, of C, officer of the guard; I. G. Murphy, of D, sergeant of the guard: Harry Drake, of C; James Shopland, of H, and George Aunger, of E. corporals. Private William Martin, of H, is regimental orderly.

Captain Smith, of E, is brigade officet of the day.

WAR IN THE THIRTEENTH. There was trouble yesterday afternoon in the Thirteenth regiment's camp, and for two hours a pandemonium raged which has never even been equaled in the Second Army corps, and was witnessed by men from five or six of the neighboring regiments, and which-worst of all!-was not only not checked by the officers, but even connived at, and, in many cases, urged on by them-the colonel and the chaplain even being among the chief of-

Green Castle, Pa., were enlisted yes-terday in Company E. an Henry B Olyphant

this respect It was open war, and the noise and tumult could have been heard at a distance of a mile away. Bitter feeling existed between both battalions for some time, and yesterday afternoon it broke out with full violence-and an inter-battalion base ball game took place!

It was a great event, and has not been surpassed since base ball became a recognized form of sport. Nothing in this line since the days when Don O'Leary strutted around the uncrowned king of Scranton could be compared with this. It was dramatic-almost tragic at times, but, to use a phrase much current here, both sides "are resting easily."

The game had been developing for some time. Each battalion boasts of a number of base ball cranks, and this condition of affairs could not exist long without an open rupture. It came yesterday afternoon and came with the roar of the cyclone and with the interest which centers in a country circus. The peanuts and red lemonade were absent, but all the other concomitants were there. Everybody went out to see it.

It would be interesting to detas the preliminaries of this great battle, which has no counterpart in the daily doings of any other regiment in this corps; but it is known that, some time previous to the contest, Captain Robling, representing the "Brownies" of the First battalion, and Major Wood, representing the "Darktowns" of the Second, met behind closed doors and drew up a contract, or protocal, which contained the conditions which should rule. What these conditions were has not transpired, further than that it is known for a positive fact that "the use of firearms on the diamond should be strictly forbidden to both sides; that there should be no profane language used (on account of the presence of the chaplain and of some members of western regiments, who object to swearing); that the life of the umpire should not be threatened or endangered, by either side; that neither side should not make more than twentyfive points in one inning; and that neither score should exceed 113." It is hardly necessary to report that all conditions were religiously kept-except as to the second, the fourth and the fifth.

The teams lined up as follows:

Brownies (First Battalion)- Captain Robling, of C, captain and pitcher; Lieu-Labraghamilier, of C. caltenin and pitcher; Lieu-tenant Murphy, of C. catcher; Sergeant Lathrop (staff), first base; Lieutenant Johnson, of A. second base; Captain Kambeck, of B, third base; Captain Gil-man, of D, shortstop; Lieutenant Inglis, of D, right field; Lieutenant Roberts, of B, center field; Lieutenant Roberts, of A E. center field; Lieutenant Keith, of A. left field.

Darktowns (Second Battalion)-Captain Darktowns (Second Hattalion)-Captain Fellows, of F. captain and pitcher; Lisu-tonant Decker, of F. catcher; Captain Smith, of E. first base; Major Surgeon Keller (staff), secci d base; Major Wood, third base; Private Phillips, of F. short-stop; Lieutenant Harrington, of G, right field; Lieuterant Benjamin, of H, center field; Lieuterant Benjamin, of H, center field; Lieuterant Dodge, of E, left field.

Colonel Coursen acted as official scorer and Lieutenant Colonel Matter was umpire. It was noted that the chapiain was there, and also, by a singular but appropriate coincidence, Hospital Stewards Clark and Kissler, and an ambulance from the division hospital. It was a strange combination and may not have been entirely accidental.

It was a great game from start to

morning at Division hospital, where he went to visit and to cheer the members of his command who are sick. He remained with them several hours. Two companies of the First New

Jersey acted as division fatigue yesterday. The health of the Thirteenth continues to be good. Richard J. Bourke.

MIDDLETOWN CAMP.

Sixteen Thousand Troops Will Soon Arrive.

Moore, assistant quarter-master general of the United States army, is here personally directing the arrangements for the camp. General Superintendent Frank L. Sheppard and Frank P. Abercromble, superintendent of the Bedford division of the Pennsylvania railroad, are also on the ground pushing the work.

A train load of three hundred mules from Thoroughfare Gap reached the camp this morning. An hour later a long train containing wagons and other quartermaster stores pulled into the camp. Among the first troops to arrive will be the First Delaware, Second West Virginia, Tenth Ohio and Third battalion of the Sixteenth Pennsylvania regiment

Receives Good Advice from Fellow Workmen

The Whole Story Told by His Wife-It May Help You. "When my little boy was six years old he had an attack of the measles, and after

recovering he was restless at night, had no appetite, and was cross and fretful. Later on, large blotches and sores broke out on his face and limbs. We were told they would heal in a few days; but these few days grew into months. One day my husband, who is a well-known railroad man, was advised by some of his fellow workmen to give the boy Hood's Sarsaparilla. We concluded to do so, and after he had taken the first bottle we

noticed some improvement. We kept on giving him this medicine until he had taken three bottlas, when he was com-pletely cured, and he has been well ever since." MRS. E. J. MILLER, Bennett, Pa. Hood's Sarsaparilla Is the best-in fact the One True Blood Purifier.

FORCED HER TO TAKE POISON. Charges Brought Against a Chicago

Preacher by His Wife.

Chicago, Aug. 16 .- The alternative of poison or a revolver, with which to end her life, was offered by the Rev. Flavius J. Brobst. a preacher and lecturer, to his wife, Mrs. Julie E. Brobst, according to a bill for divorce filed in the Superior court by Mrs. Brobst. The wife alleges in her bill that she chose laudanum as the means with which to commit suicide, and that her life was only saved after she had swallowed the drug by the circumstances of her having consumed a quantity of milk, which ameliorated its effects. During the time Mrs. Brobst was unconscious from the effect of the drug, a period of about twenty-one hours, as

set forth in the bill, Mrs. Brobst alleges that her husband, according to what he later told her, preached two sermons. She also charges her husband with squandering her property.
