A MINE CAVE.

Extensive Settling of the Roadway Near the White Bridge.

An extensive mine cave in occurred on Pike street last night about ten o'clock. The disturbed area embraced about 600 square feet and the surface settled to a depth of eight feet. When the settling occurred a rumbling sound was heard and the houses in the neighborhood were shaken as if by an earthquake. The cave is in the north of White Bridge, and extends across the street from one fence line to another. Street Superintendent Killen went to the scene last night and barricaded the dangerous hole, putting up signal lamps to warn travellers. The department is at work making the road passable.

Oh, what a warm welcome the first little traveler whom Heaven guides to the door of a woman's heart receives from the happy mother. Every thought and every wish is for the comfort and well being of the new comer after it has entered into the portals of life as taken its place at the family bedside. Yet during the time when baby is expected few women do all they should to insure the little one's constitutional strength and vigor. No mother wants to have a puny, weakly, sickly baby yet unless she herself is entirely healthy in the special delicate structure which makes motherhood possible, the baby is certain to suffer in some way for her weakness or neglect. The surest way to avoid this is for the mother to reinforce her own strength by the use of Dr. Pierce's Favorite Prescription during the time of anticipation. It will make her perfectly healthy. It will lighten and brighten the time of waiting. It will make the ordeal of motherhood absolutely safe and comparatively free from pain and will insure a strong, healthy constitution for the baby. Mrs. Nannie J. Taylor, of Lovelace, Hill Co., Texas, says: "I am the mother of eight children. I suffered from female weakness. I tried physicians with no avail. When I last became with child I saw the advertisement of Dr. Pierce's Favorite Prescription. I bought two bottles and took according to directions. My baby was born in a very easy time and has not suffered one hour since, from female weakness. Baby is as fat and healthy as can be."

Prospective mothers should send to the World's Dispensary Medical Association, Buffalo, N. Y., for a copy of Dr. Pierce's Common Sense Medical Adviser, which will be sent free on receipt of at one-cent stamps to pay the cost of mailing only, or 31 stamps for cloth-bound copy.

After the minister left the cloakroom one of the members said: "Did you ever talk to the minister when his mind has been occupied with business?" and without waiting for a reply the member continued: "I did, I met him soon after his return from Mexico, and after we shook hands he said: 'How is your sister, Frank?' 'She is well,' I said. 'The minister's mind then returned to some business for five minutes and then he said: 'How is your sister, Frank?' and, as before, I replied that she was well. Five minutes later he raised his eyes from some papers and remarked: 'Oh, Frank, how is your sister? I thought the conversation was becoming rather monotonous, and to change it I answered that she is very ill. 'Bless me, you don't say so; I am sorry to hear it, Frank.' 'He turned to his papers again for another five minutes, and then he said: 'I didn't turn around and say: 'Frank, how is your sister?' At first I thought he was giving me, but, looking at him sharply I realized that he had forgotten the conversation and I answered sadly, 'She is dead.' 'Why, man, you don't mean it!' he exclaimed, jumping from his seat and extending his hand in a most sympathetic manner, adding, 'That is dreadful. When did it happen? Tell me all about it.' 'Why,' I replied, 'I killed her just now. When I came into your office I told you she was very ill; then I told you she was very ill and that didn't impress you. So for your benefit I have just killed her.' 'The old man looked at me for a moment and then replied: 'You must pardon me, Frank. I was thinking about these papers.'"
