TWO YOUTHFUL PRISONERS.

Charged with Theft Before Alderman Millar Yesterday.

Andrew Hudock, age 9 years, and Mike Berza, age 10, were before Alderman Millar yesterday charged with the theft of bones, rags and iron from Marcus Freedman, who runs a junk shop on River street. The boys live in that vicinity, and from the stories they told yesterday to Alderman Millar are rapidly becoming hardened in

They said that with a number of companions they have for some time made a practice of stealing such port able articles as they could lay their hands on. They would steal Freedman's stock and sell it to another dealer and occasionally make a visit to the business part of the city and appropri

ate whatever they could. One member of the gang stole a bicycle and another a pig which escaped after being in captivity for a few

The mothers of the two boys were present at the hearing and besought the alderman to discharge their offspring, assuring him they would take radical steps to prevent a repetition of the offenses the boys admitted havng committed.

After a reprimand the alderman allowed the youthful prisoners to go.

HELD UP ON THE BOULEVARD. Unpleasant Experience of William Langan, of Dickson City.

William Langan, a Dickson City livery keeper, had an exciting experience early yesterday morning on the Throop boulevard. He had been to Pittston with a coach and team and was on his home when he was held up by several men who dragged him from the seat of the carriage and gave him a terrible beating.

When Langan was pulled from the seat of the coach the horses moved on and were found early in morning wandering around the streets of Peckville. During the afternoon the outfit was re-

turned to Langan.

He is unable to give a very accurate description of the men who assaulted him or give a cause for their action.

funeral of Rev. John Davy, the venerable Methodist Episcopal preacher, was held yesterday afternoon at his late residence, 810 Myrtle street, at 2 o'clock. The services were private. Many friends of the family viewed the remains during the morning.

Despite the announcement that the funeral would not be public it was attended by quite a large number of persons who were not relatives but who had been privileged to have a close acquaintance with the deceased. The simple service was conducted by Rev. William Edgar. He was assisted by Rev. Dr. A. J. Van Cleft and Rev. F. P. Doty. Three hymns were sung by the assembled company.

Dr. Van Cleft and Mr. Doty conducted the service at the grave in Dunmore cemetery.

IDLE FOR WANT OF ORE. Blast Furnace is Expected to Re-

sume Work Soon. Large orders for iron ore placed by the Lackawanna Iron and Steel company at the Tilly Foster and Lake Superior mines are expected to be filled in the near future and that the blast furnace, which has been shut down for the want of ore, will then resume. That the company expects an early

filling of ore order is evidenced by the fact that while the works are completely shut down the fires have not been extinguished, but simply banked. There is a report to the effect that the North mill will resume with big contracts when the furnaces start up again.

PROVIDENCE PAVE WILL BE HELD UP

ATTORNEYS FOR PROPERTY HOLDERS VERY CONFIDENT.

The Bill in Equity Attacking the Validity of the Ordinance and the Contract W.ll Be Filed Today. The Improvement Was Affirmed by Only Fifteen Votes in Common Council When It Should Have Received a Three-Fourths Vote of the Members Elected.

Today Attorneys I. H. Burns and

Brien and Kelly will file the bill in quity in the Providence pave case. Charles S. Lowrey is the protesting property holder who will appear of reord as the plaintiff and the city of Scranton and Contractor George Mc-Donald are named as the defendants. The bill goes on to recite that the plaintiff owns a property on the corner of North Main avenue and Jones street on the line of the contemplated im-provement; that the city of Scranton by ordinance of June 9, 1898, directed that Providence road from Court street to North Main avenue and North Main avenue from Bulls Head to the city line be asphalted; that an assessmen has been made by the city engineer against the abutting properties, which assessment is to be entered against DeF. Johnson, chaplain of the Ninth them as a lien; that the contract for regiment. The pall-bearers and flowerthe paving has been let to George Mctearers were chosen from the friends Donald and that he is about to enter upon the work.

The plaintiff then alleges that the passing of the ordinance and letting of the contract was entirely illegal and void and gives the following as his reasons for the contention:

REASONS ADVANCED. (a) No petition of the owners of prop erry fronting and abutting on said street was ever presented to the said councils of the said city requesting that the said streets be paved as provided by law.

(b) The alleged ordinance providing for the paving of said streets was not passed in both branches of the council by a three-fourths vote of all the members elected to each branch of said councils, in that but fifteen votes were cast in favor of said ordinance on its final passage in the common council, although the whole number of councilmen elected to said common council is twenty-one. (c) The alleged ordinance above mer pavement was not advertised for thirty days from the date of its introduction and copies thereof published for ten con-

secutive days immediately following its introduction as provided by law. (d) Before the passage of the said dinance it became the duty of the city of Scranton to submit to the property owners along the line of this improve-ment, the question as to what kind of pavement they preferred. A paper was presented to the councils purporting to be the choice of said property owners and in favor of vitrified brick, but said paper was utterly fraudulent and void as your orator is informed and verily believes, for the reason that the said paper was never submitted to the property owners themselves, but was manufactured by

parties interested.

CAUSE TROUBLE AND EXPENSE. Further it is alleged by the plaintiff in his bill: "That if the city of Scrantor is allowed to levy and assess against the property of your orator and to cause a lien to be filed against the property of your orator for the collection thereof, without authority of law, it will have the effect of causing your orator as well as other property owners similarly affected. such illegal assessment and lien will be a cloud upon the title of your orator in the said real estate, and in the collection of said lien and other liens of a similar nature a multiplicity of suits will neces sarily be required to be brought. That the said George McDonald, as your orator tion demonstrate that single men send is informed and verily believes, proposes to enter upon said street in front of your orator's premises, dig up and obstruct the same in preparing the same for paving and in the laying of said pavement, which obstruction would interfere with your orators use of said street and would obstruct his irgress and egress to his said ot and would constitute a public nuis-

ince, said obstruction being unlawful and llegal as above set forth. Wherefore, your orator prays: First-That an injunction be issued restraining the said defendants from filing liens against your orator's property or in any manner proceeding under the authority of the ordinance above set forth to collect from your orator any sum of money in payment for the improvement as above et forth, and to restrain the said contractor, George McDonald, from digging up, obstructing or in any manner interfering with the street in front of your ora-tor's property. Second.—After proper hearing and determination a decree be made declaring the said ordinance and proceedings thereunder null and void Third-For such other and further relies

as to the court may seem just and proper THEY ARE CONFIDENT. The plaintiff's attorneys are confident of being able to defeat the paving project. Any one of reasons given, they say, would be sufficient to annul the contract but they place their greatest reliance for victory upon their ability

to show that the ordinance on final passage in common council received only 15 votes while the law demands that it can only become operative after receiving the affirmative vote of threefourths of the members of each branch

of councils. The act of May 22, 1895, reads as fol-

All cities in this commonwealth shall have power, without petition of property owners, to grade, pave, curb, macadamize or otherwise improve any public street or alley or part thereof * * * provided the ordinance or ordinances authorizing and directing such improve-ments shall be adopted and enacted by the affirmative vote of three-fourths of the members-elect composing the councils of the said cities.

Under the act of 1889 a two-thirds vote was sufficient to authorize a street improvement without petition. The act of 1895, however, provides that it shall be a three-fourths vote and that it is intended as a substitute for "twothirds" clause of the act of 1889 is indicated by its third and final section, which says; "The manner of making assessments, collecting costs, etc., shall remain as now provided by law. is clearly, by implication, at is held, supplement to the act of 1889 and that in ignoring supplementary act the or-
