# A GREAT CRASH.

# Eight Cars Fall Through No. 1 Trestling.

A short time ago Delaware and Hudson officials decided to stop hoisting cars at No. 3 breaker, and by so doing gave considerable more work to

hands employed at No. 1. The change necessitated the drawing of eight cars from the mine at one trip, while formerly but five made up a trip. This morning, shortly after 9 o'clock eight loaded cars were being drawn up when the trestling gave way, letting the cars drop to the ground, about twenty feet below. The roadway runs under the trestle work some little distance from the point where the break occurred. A farmer driving a team happened by just as the cars dropped, and the animals became so scared that it required the assistance of a pedestrian to stop them. Luckily, no one was on the coal cars when the accident occurred, as generally some of the miners ride from the foot to the head on the mine cars. The employee at the head were scared somewhat, but no one was injured. One man was standing on the plane a few feet above the trip and saw the cars precipitated to the earth, and was considerably shaken up.

The company's carpenters were at work yesterday afternoon repairing the damage and work will be resumed this morning. There is some talk of building a new trestle as the woodwork on the one now standing is so rotten as to be entirely inadequate to stand the strain placed upon it.

# ASSAULTED.

Joseph Smith was complainant in ; case before AldermanLoftus yesterday afternoon. He alleges that one Matthew Mattes struck him on the head and otherwise abused him at a Jewish carousal on Gordon avenue. The defendant says they were having a little fun and Smith got ugly and a tilt followed in which the complainant got the worst of the argument. The case was amicably settled.

# A NEW PAPER.

There is considerable talk about the city of a new afternoon paper being started. However, when a Tribune man made inquiries he could find nothing to verify the stories extant. The names of several prominent financiers were connected with the stories and it was also rumored that W. D. Frank who managed the Anthracite will look after its business department.

## BAND CONCERTS.

The Mozart band delighted a large number of people at Crystal lake on Tuesday night. About two hundred from this city were in attendance. They will give another concert tonight from the balcony of Hotel American when several new pieces will be rendered. The Carbondale people always appreciate good music and a large crowd will be in attendance at tonight's entertainment.

# CONTINUOUS SERVICE.

# MRS. HAGEN BURIED.

The funeral services over the remains of the late Mrs. Chales Hagen were held at St. Rose church yesterday morning. The funeral was largely attended by the many friends of the de-ceased and many beautiful floral offerings were made. A number of people from out of town attended the services.

# HURT WHILE AT WORK.

John Potter and Charles Cavanaugh. wo employes in the Delaware and Hudson car shops, were injured by a runaway car bumping into the one on which they were working. The first named received a severe scalp wound, while the latter was badly squeezed and bruised so that he will be laid up for some little time.

ye business men, for the flood is surely THE STORMS AND SIGNS. The great electrical storms that bom-

parded the states of Pennsylvania, New York and New Jersey last month were all foretold in our August predictions. Only partial breaks appeared in the great sea of gaseous matter passing over the sun, during last month, and we have reasons to believe that the meteorological conditions during the current month will be very much the

same as last month, excepting a great down pouring of rain, that will cause destructive floods in many sections of the country. The old country will be terribly storm swept.
