AN EXCITING RUNAWAY.

Munn & Avery's Team Dashes Up Belmont Street.

A team of horses hitched to a heavy wagon was left standing in front of Munn & Avery's creamery on Church street yesterday afternoon. The team became scared in some manner and made a sudden lurch forward, breaking the king bolt. They made a dash up Church street with the two front wheels attached and narrowly missed several pedestrians who happened across the street at the time. The team continued its course up Belmont until it came to the corner of Cherry avenue where one of the animals tried to turn down. The other did not turn and as a consequence both fell to the pavement. A small boy grabbed a check of one of the horses and held them till help arrived. The animals were slightly scratched but escaped any other injury. The wagon was not damaged to any extent. The speed which the team attained was tremendous, as is indeed fortunate that no one was hurt.

THE HORSE FELL.

The American House Bus Almost Ran Over Its Horse.

Michael Stone, the driver for the American House bus driving to meet the five o'clock train yesterday afternoon when a curious and somewhat laughable accident occurred. The animal was lurching along at its own gait down Sixth avenue just turning into River street when it stumbled and fell to the ground. The impetus which the bus had gained on coming down Sixth avenue hill drove it over the fallen horse. The animal remained on the earth for a few minutes after which with some help it regained its feet and jogged over to the station. It did not receive any injury whatever.

LETTER FROM THE SOUTH.

Frank Newcomb, who is a volunteer in the Sixty-ninth regiment, New York volunteers, wrote home an interesting letter in which he sent some very interesting souvenirs. He has been stationed at Fernandina, Florida, for some time past but was lately removed to Huntsville, Alabama, where he is now in camp. When his company left Florida he was fortunate enough to be on one of the rear sections of the train and so escaped the wreck which resulted in several deaths. The wreck happened among the cotton fields and Mr. Newcomb took advantage of the delay necessary to secure and he succeeded in securing several bales of cotton from the immediate vicinity of the wreck. He sent them home to his friends at relief. He describes the accident in a graphic manner and incidentally says he likes the country he is in at present. His letter throughout is a most interesting one and is the topic of much conversation.

CARBONDALE BIDDERS.

Messrs. T. C. Robinson, John Nolan and W. A. Reynolds, of this city, were among the bidders who want the contract for the erection of a town hall at Forest City. The council of the borough met in special session last night, but decided not to award the contract until Wednesday night, Sept. 7. This is to allow several local contractors a chance to bid, as they claim they were not acquainted with the plans for the building.

BASEBALL GAME.

The Carbondale base ball team will meet Honesdale's crack aggregation Monday at Farview. A good game is anticipated as the last game which was played at Alumni park resulted in a tie, the score being five to five. Several good players from down the valley will strengthen the locals.

A SIGNAL BELL.

The Erie company have placed a new signal bell at the Simpson crossing. The bell will begin to ring as soon as the train gets a certain distance from the crossing. This should have been placed there some time ago, as it is a very dangerous crossing, with no safeguard whatever.

LOCAL AND PERSONAL.

Chief of Police McAndrew and party, who have been camping at Long Pond, near Winwood, for the past ten days,

When we read of an elephant hunter who has been trampled to death in the wilds of India, we wonder at the foolishness of a man who will travel round the world and endure all manner of hardships in order to court death in a manner equally foolishly.

Thousands of hard working men are daily courting death in a much more certain form, without ever leaving their native villages or cities. They are the men who neglect their health. They are the men who court death from consumption, or some other deadly disease, or from improper or insufficient nourishment. The man who suffers from bilious or nervous disorders, who has a weak stomach and an impaired digestion, who has lost the power to eat or sleep, and who fails to take prompt steps to remedy these conditions, is courting death in the grip of some fatal malarial, throat and laryngeal affection, or lead up to consumption. It soothes the cough, facilitates expectoration and restores the lost appetite. It corrects all disorders of the digestion, makes the assimilation of the life-giving elements of the food perfect. It invigorates the liver and purifies and enriches the blood. It is the great blood-purifier, debilitator, nerve tonic and restorative. It is the best of all known medicines for nervous disorders. Dealers sell it and have nothing else to give you. "I had a bad cough and got so low that I could not sit up," writes Mrs. M. Little Gray, of New London, Conn. "My physician told me to take Dr. Pierce's Golden Medical Discovery and I had pain through my chest and spit up blood. I took your medicine and it cured me."
