E. P. Mucklow, of the firm of Boyle & Mucklow; Miss Sadie Mucklow, of this city; G. H. Mucklow and Mrs. J. R. Mucklow, of Greenwood; Miss Sarah Nicholson and Mrs. L. L. Van Rieck, of Detroit, Mich., leave this morning for a visit at Mauch Chunk.

Miss Hannah Deacon returned this week from Greenville, Mass., where she was hastily called by the alarming illness of her nephew, James Cook, whose letters with regard to the battle at Santiago have been read with interest in The Tribune. The young man arrived at Mauch Chunk while suffering with typhoid fever and through the efforts of public spirited residents of Greenville, was with his sick comrades allowed to go home for care.

NEW RULES FOR FIRE DEPARTMENT ARE NOW AWAITING THE APPROVAL OF COUNCILS.

Regulations for the Government of the Department Are Provided in Considerable Detail—A Noticeable Feature Is the Power Given the Chief and the Joint Fire Department Committee to Enforce Discipline—Rules that Are to Be Observed by Permanent Men.

There is now awaiting the approval of councils a new set of rules and regulations of the fire department. They are voluminous and characterized by the power given the chief of the department and the joint fire department committee to enforce discipline.

The chief engineer shall devote his whole time to the performance of the duties of his office, he shall examine the conditions of the apparatus, houses and everything pertaining to his department and report same to the fire committee with such suggestions or recommendations as he may deem necessary for the interest and welfare of the department.

After every fire he shall prepare a report to the fire committee of the causes of fires, of companies, of officers, members, or employees, if any there may be delinquent in the performance of the duties assigned them.

The chief engineer is required to enforce all the rules and regulations established and provided by the board of engineers and board of fire committees of councils. He is vested with the power to suspend any employee, officer, or member of the department who neglects to perform the respective duties assigned them, or refuse to comply with the rules, regulations and requirements of the fire committee and secretary thereof.

It shall be the duty of the foreman of the several companies to visit the companies' quarters daily to see that the apparatus, the several buildings in which the same are deposited and all articles in or about them to the same are kept neat and clean and in order for immediate use.

LIVELY SKIRMISH ON PAVEMENT REPAIRS SELECT COUNCIL PASSES THE ORDINANCE ONE READING.

Meeting Was the Most Spirited of the Year—Committee Reports Favorably on Ordinance for the Expenditure of Not Over \$70,000. Long Wrangle Follows a Point of Order Raised by President Chittenden—Decision of Temporary Chairman Williams Overruled—Legal Opinion Awaited.

An ordinance providing for the expenditure of not over \$70,000 in resurfacing over three miles of asphalt pavement passed one reading in select council last night. This action was not taken, however, until after the most spirited meeting of the year.

The meeting was featured by considerable debate and by parliamentary fencing between Mr. Roche and Mr. Chittenden, who left the chair to combat the measure.

It was a special meeting called for the purpose of hearing the report of a special committee appointed at the last regular meeting to consider the question of repaving the city's asphalt pavements.

After the call had been read, Mr. Roche, chairman of the special committee, presented its report as follows: To the Select Council. Gentlemen: Your special committee to whom was referred the resolution regarding repairs to our asphalt paved streets respectfully reports:

That the repairs this year were confined to a superficial area of about 60,000 yards square of about \$125,000, a sum totally inadequate to put the pave in proper condition. We find the pave in worse condition today than before repairs were made.

We are of the opinion that about \$500,000 should be set aside for the purpose of repaving the city's asphalt pavement in first class repair for ten years. We have no estimate of the cost of this work, but since it has been done in other cities at a cost of about \$1 per square yard, this would lessen the cost of repair in about ten years on this amount of pavement.

A representative of an asphalt paving company attended our meetings by invitation and after deliberating expressed the opinion that arrangements could be made for resurfacing this year and paving made later.

Your committee, therefore, recommends the passage of the accompanying ordinance, which is respectfully submitted. All of which is respectfully submitted. Scranton, Pa., Sept. 7, 1898.

IS IT CURABLE. A Question Often Asked by Those Afflicted with Piles.

Is a strained joint curable? Is local inflammation curable? Of course, if properly treated. So is piles. People become afflicted with piles and ask some old "chronic" who has always persisted in the wrong treatment and naturally he discourages them by telling them that their case is hopeless.

They in turn discourage others, and thus a disease that can in every case be cured by careful and skillful handling is allowed to sap the energy of thousands who might free themselves of the trouble in a few days.

Pyramid Pile Cure will cure the most aggravated case of hemorrhoids in an astonishingly short time. It relieves the congested parts, reduces the tumors instantly no matter how large, allays the inflammation and stops the itching or itching at once.

Thousands who have resorted to expensive surgical treatment have been cured by the Pyramid Pile Cure—in a number of instances persons who had spent months in an hospital under a pile specialist.

It is a remedy that none need fear to apply even to the most aggravated, swollen and inflamed hemorrhoidal tumors.

If you are afflicted with this stubborn disease you can master it and master it quickly. This remedy is no longer an experiment but a medical certainty. It is manufactured by the Pyramid Pile Company, of Marshall, Mich.

Druggists sell it at 50 cents per box. It is becoming the most popular pile cure the country has ever known and druggists everywhere are ordering it for their customers.

one. If there was any serious question as to its legality we were willing to refer the ordinance after first reading to the best counsel obtainable for an opinion, along with an opinion of the city solicitor.

The ordinance then passed first reading on a city by a vote of 12 to 10. After further argument, in which several members had a part, Willard, Warren & Knapp was the counsel selected to give an opinion in conjunction with the city solicitor.

CONTRIBUTIONS TO ICE FUND. Those Who Sent in Their Subscriptions Yesterday.

The following contributions to the fund to buy ice for the Thirtieth regiment were received yesterday: F. D. Watts \$1.00 C. C. Ferber 1.00 Previously acknowledged \$2.29 Total \$4.29

The following letter from F. D. Watts, of this city, which was received yesterday, shows the urgent need of a fund by means of which the regiment can be supplied with ice and delicacies: Editor of The Tribune.

The camp of the Thirtieth regiment at Camp Meade on Saturday last and was very forcibly impressed upon me by the urgent need of a fund for the purchase of ice and delicacies for the purchase of other necessities and comforts for the men.

After seeing the discomforts of our boys I wished the entire fund had been raised for the purpose of buying ice and delicacies for the purchase of other necessities and comforts for the men.
