TWO CENTS.

MUZZLING THE CORTES

Madrid is Determined to Prevent Publicity

DOWNFALL OF MINISTRY

The Scenes Last Night Would Have Shamed a Bull Ring—Several Duels May Result—The Status of the Spaniards in the Philippines. The Government Isolated on the Question of the Conclusion of Peace—Commercial Union Asks That All Military Schools Be Closed.

Madrid, Sept. 8.—The Spanish cabinet, at its meeting this morning, agreed to take the most stringent measures to prevent the publication of the proceedings of the Cortes and to provide for the censorship of telegraphic despatches. The minister for foreign affairs, Duke Almodovar de Rio, informed his colleagues that, as a result of the negotiations at Washington relative to the Spaniards in the Philippine Islands instructions had been sent to the Spanish consul at Hong Kong in accordance with the agreement reached. The Society for Commercial Union is sending a petition to the Cortes, demanding the closing of all the military schools, the curtailment of retaining pensions, that all officers returning from Cuba be placed in the reserve, and that, in addition, a budget of 1,000,000 pesetas be provided annually for the care of the sick and wounded Spanish soldiers returning from the colonies.

The newspapers assert that the government is greatly astonished and chagrined at the attitude of the conservatives in the chamber, which indicates that the government is isolated on questions of such magnitude as the conclusion of the peace treaty.

DOWNFALL OF MINISTRY

Continuing the Spanish papers express the opinion that it foreshadows the downfall of the ministry. The cabinet will meet, probably this evening, in order to discuss the situation, but the chamber does not meet today, as this is the fête day of the Virgin. It appears that many of the government supporters abstained from voting last night. The fact is commented on.

The disorderly scenes witnessed in the chamber yesterday evening would have shamed a bull ring. Fists and sticks were shaken in the air, and invectives were to be heard on all sides. As a result several duels may be fought. It is understood here that Spain intended to bargain at the Paris peace conference to return some of the Philippine Islands, but the impression seems to prevail now that a republic is to be established there under the protectorate of the United States, Great Britain and Germany.

General Polanco, the former captain general of Cuba and of the Philippine Islands, who has issued a manifesto intimating that he is ready to place himself at the head of a neutral party in politics, it is understood, resulting in a strong party of discontented liberals and others, with the object, it is reported, of "restoring the military preponderance of the government."

YELLOW JACK AT SANTIAGO.

Six Cases in Colonel Sargent's Immune Regiment. Santiago de Cuba, Sept. 8.—Six cases of yellow fever have developed in Colonel Sargent's Fifth immune regiment. The cases have been watched closely for several days and, in the opinion of Colonel Havard, chief surgeon of the military department of Santiago, the diagnosis is unmistakably correct. The victims have been sent to the yellow fever hospital and a strict quarantine has been established against the regiment, which is encamped on the hills along the Morro Road, about two miles south of the city.

There is a great deal of sickness in this regiment, but, in the opinion of surgeons, no more yellow fever. All the other regiments now doing garrison duty are in fairly good health. No uneasiness is felt by General Lawton or General Wood. The four members of the Fifth regiment infantry who were sent to the yellow fever hospital ten days ago, when they disembarked from the transport Knickerbocker from Tampa, are doing well. The battalion is still isolated, but no new cases have developed.

The destitution among the Cubans is still appalling. General Wood issued \$2,000 free rations yesterday. The capacity of the free supply depots is not great enough to meet the demand and a new one is to be established shortly.

Pennsylvania Pensions.

Washington, Sept. 8.—Pension certificates issued August 20. Originals: John I. Willard, Northumberland; Charles Miller, Luzerne; Alexander H. Gill, Montrose; Susquehanna, K. Increase Daniel Watson, Adams; Evans only, 417; James L. Prince, Athens; Bradford, 15 to 8. Original widows, etc.—Anna Duffy, Carbonade, Lackawanna; Abigail Avery, Centremerland, Wyoming; 12; Jacob Hartley, North Mohopany Wyoming, 12.

Johnston Dead.

Johnston, Pa., Sept. 8.—The Republican congressional conference of the Twentieth district are still in a deadlock. At three sessions today little change was apparent in the voting. Throg's men broke away for the first time this afternoon and voted for Kooser, of Somerset, but the others refused to budge. Tonight Hicks complimented Evans only, and the latter returned it, but it was only an incident.

SILVER REPUBLICANS.

They Are Organized in Interest of the Metal.

Colorado Springs, Colo., Sept. 8.—Four state conventions representing the Democratic, Populist and fusion anti-silver Republicans assembled in this city today, each in separate hall. Further conflict over the possession of the opera house between the warring factions of the silver Republican party was averted by an agreement which was reached by the leaders to hold separate conventions in other halls.

The Teller silver Republicans met in Durkee hall. In calling to order, Chairman Hood said: "There is no doubt that the people of Colorado are with Henry M. Teller in this fight." The delegates rose en masse waving hats and cheering. The demonstration continued five minutes. Senator Teller was then elected temporary chairman. He made a speech in which he reiterated his well known views on the silver question and added: "I believe we could best serve the cause of silver by organizing this party."

It was for the purpose of carrying on education of the people of the country. We have assembled at various places to cast our votes where it would do the most good for silver but this question is a paramount one. I have no apology to offer for calling Mr. Bryan (cheers). I will say I would gladly support him in 1900 again (cheers). When people said they could not see how I could break away from the old party, I answered I did not see how I could stay."

Senator Teller declared President McKinley was an enemy of silver. He advocated retention of the Philippines. The senator characterized ex-Chairman Broad's statement that a band of thugs and been passed in a opera house as an "infamous lie." He characterized the party that seized the theater by assault yesterday as "a gang of murderers."

The anti-Teller silver Republicans met in Coburn hall with Judge Dixon, of Pueblo, in the chair. Nothing was done this morning in either convention except the appointment of committees. The Democratic convention assembled in Temple theater, Charles E. Hessington, of Denver, being elected temporary chairman.

The Populist state convention was called to order at 2 o'clock this afternoon at the Blind Institute. T. M. Henry was temporary chairman.

Senator Walcott came to town today and has been in conference with some of the anti-Teller silver Republican leaders.

This faction will declare for the "Free and unlimited coinage of silver at the ratio of 16 to 1," omitting the words "without waiting for the aid or consent of any other nation." The resolution will commend President McKinley's war policy. This convention will nominate Simon Guggenheimer for governor by acclamation.

St. Louis Man Attempts to Secure Money Due in Chicago.

Chicago, Sept. 8.—William R. McFarland, of the Horse commission firm of McFarland and Evans, of East St. Louis, today walked into the office of Lewis Negass, a telephone repairman, pointing a revolver at the head of Lewis Negass, the junior member of the firm, commanded him to send for his cashier, Frank Moseley. Upon the appearance of Moseley McFarland drew another revolver and ordered the cashier to draw a check in his favor for \$10,416 which he claimed the firm owed him. When the cashier had finished drawing out the check McFarland calmly instructed Negass, at the same time giving a menacing flourish to his weapons, to affix his signature to the paper. That done the man from East St. Louis lined the two frightened men up against the wall of the office and with all the solemnity a judge at the bar, administered an oath to them to the effect that they would not attempt to follow him nor raise an outcry. He then departed, stowing his revolvers and the check in his pocket. As soon as the visitor had left the office, however, Moseley and Negass telephoned to police headquarters what had happened. The check was drawn on the National Live Stock bank and Police Captain Lyvin immediately dispatched two detectives to the bank. McFarland was standing at the bank's entrance with the check in his hand when the officers entered. He was so intent upon exchanging the paper for currency that he failed to notice the two detectives until they closed one at each elbow and seized him. McFarland was taken to the station house and a few minutes later was behind the bars of a cell at the station house. According to McFarland the \$10,416 was due him.

Pittsburg, Sept. 8.—The delegates to the Republican state league finished their work at 10 o'clock this afternoon and adjourned at noon after referring the question of time and place for the next annual convention to the executive committee. President Sobel called the convention to order at 10:30 o'clock and after the usual opening exercises the committee on resolutions presented the following, which were unanimously adopted:

We again endorse and ratify the platform adopted by the Republican national convention at St. Louis in 1888, and congratulate the Republican party in its honest endeavor to carry out every pledge therein made.

Second—We heartily and earnestly endorse the wise, honest and patriotic administration of our noble president, William McKinley, who has stood manfully by the principles of the Republican party, and whose sagacity, integrity, statesmanship and untiring perseverance has brought to a successful close the war with Spain with so small loss of life and treasure.

Third—To the noble and brave men of our army and navy we send greetings and assure them of their gallant conduct will be a grateful remembrance and especially do we desire on behalf of this assembly to assure the soldiers and sailors of Pennsylvania that the old Keystone state is justly proud of her boys who have shown themselves to be as true heroes as history has ever recorded.

Fourth—Knowing that our standard bearer, Colonel William A. Stone, is true and manly; that his record both as a soldier and as a citizen, is without blemish, and that his great natural ability, this state he will bring additional glory and renown to this grand old Commonwealth, as well as add laurels to his own record as a great patriot, we earnestly ask in his behalf the support of all the citizens, regardless of party, who desire the best interests of our state; the upholding of integrity, and the betterment of all good citizens, and we ask that every effort be put forth that the whole ticket may be elected by our usual overwhelming majority, and thus show to the people of this great nation, Pennsylvania now, as in 1888, is in favor of protection to the home industries and labor, and ever will stand for fair play and good wages, which will be paid in money as good as gold.

Sixth—Representing a great volunteer Republican force, this league recognizes the right of any Republican to be a candidate for office before any Republican convention, but it strongly condemns as unwarranted and unwelcome the nomination in a regular Republican convention, refuses to abide by the action of the convention.

Seventh—The league further recognizes the great value of leadership and the rightful maintenance of a party or organization, but it denounces the unwarranted or pretended leadership which tends to encourage factionalism or create dissensions within the party.

SECRETARY WANTS AN INVESTIGATION

He is Joined by Adjutant General Corbin in the Request for Search of the War Department.

Washington, Sept. 8.—Secretary Alger has requested the president to order a thorough and searching investigation of the war department. In this request the secretary has been joined by Adjutant General Corbin.

No decision has yet been reached by the president as to what course he will pursue. He has the request of Secretary Alger under consideration, but has not yet determined whether he will grant it or not.

Secretary Alger had a long conference with the president tonight before leaving the city and impressed upon him his earnest desire that an investigation such as he had requested be ordered. The question was very thoroughly discussed in all of its phases. Secretary Wilson participated in the conference and General Corbin was present during the greater part of the time. It seems now unlikely that the investigation will be ordered. But it is the wish of the president to further consider the matter before announcing a definite policy.

The question will probably receive consideration at the cabinet meeting tomorrow.

ADMIRATION FOR AMERICA

Ambassador Hay Receives an Address of Congratulation

ANGLO-AMERICAN LEAGUE

Gives Evidence of the Good Feeling Entertained for American Citizens by Our English Cousins—Col. Hay Believes that a Friendly Understanding Between the Two Nations is a Necessity of Civilization.

OUR BOUNDLESS ENERGY.

Washington, Sept. 8.—The remarks which he made upon the occasion, dwelt upon the "admiration for the splendid and boundless energy of the people of the United States and the sympathy with the principles of their constitution," which have been quietly ripening among the British people and which this year found a sudden and hearty expression.

Colonel Hay, in reply, referred to the gratification he experienced in hearing such words from men so qualified by experience and character to speak for the British with certainty. He added: "My voice has no sensation as yours; but I give it for what it is worth, to assure you that your sentiments of kinship and amity are reciprocated to the utmost in my country."

On both sides of the ocean the conviction is almost universal that a clear, stable and friendly understanding between Great Britain and the United States is a necessity of civilization. I shall hold myself most fortunate if I am able to do anything to combine and strengthen the relations or fraternal amity between our two nations.

The 2:40 pace was a smash-up. Hal C. breaking her hobble at the upper turn and tripping, John Payne, driving Emma M. over the rail, fell sulky and horse, and was thrown into the air ten feet, landing on his neck and shoulders. He was picked up unconscious and taken to his hotel, where he was still suffering from contusions on the shoulders and from a slight concussion of the brain.
