Our Annual Exhibit

Autumn Dress Fabrics

Opens on Tuesday, Sept. 6th, and Continues During the Balance of the Week.

No event of the entire year is surrounded with so much genuine interest as the first view of a coming season Dress Goods stock, and of course, the interest is enhanced according to the variety and extent of the display. That's why Globe Warehouse "Openings" always attract the fashionable element for miles around, and hold a recognized place above all similar events in North Eastern Pennsylvania.

A Word on Weaves and Shades

Common sense is the leading characteristic in the textile world this season. Generally speaking weaves are plain, and the colorings strictly in keeping with the more sombre days to come. True, there are extreme novelties for those who care for them, and a few striking effects in imported cloths, but the prevailing tendency is decidedly in favor of plain good fabrics, a quiet indistinct mixture which are much better adapted to the latest productions of the worlds leading modistes than any thing else could be.

The New Materials Shown Include

Pelis Suitings, extra a superior covert Kammgarn cloths, Two tone White Cords, exquisite Poplins, Mozcovitae Suitings, English Broadcloths, French Whip Cords Banock brown mix tures, Lansdownes, Plain Serges, Henriettas, and the entire line of staples in new color effects.

Fancy Weaves Are Also Numerous

but are impossible of description here, while the assortment of checks and stripe effects, Novelty Plaids, etc. etc. leaves nothing to be desired.

During This Opening Exhibit

all visitors are welcome. We consider the present week as looking time and nothing more.

The Mountain Lake Coal and Land company were the defendants in an action of assumpsit last night in Alderman Lentes' court. Fred Baldner was the plaintiff. Fourteen months ago Mr. Baldner purchased from the company several lots owned by them near Mountain Lake. Running through the properties bought by Baldner is a railroad. The removal of the track would cause much loss to the coal company and at the time when negotiations were pending for the sale it was verbally agreed between the two parties interested that the track would remain. An amount sufficient to recompense Baldner for the inconvenience of it was deducted from the price of the lots. A few days later Baldner with his attorney called on S. G. Kerr, who was at that time president of the company, and informed him that it was the wish of the purchaser that a stipulated amount be paid as rental for the ground taken up by the track. His proposition was submitted at the next meeting of the board of directors and voted upon favorably. With Baidner an agreement that \$60 a year, to be paid monthly, was to be given him. The contract was signed by president

Kerr and C. C. Ferber then, and now president of the company, and Baldner. The first monthly payment was remitted but treasurer Ferber has refused to make any further payments Baldner alleges, hence his action to recover \$65 due him. At the hearing Attorney Roscoe Dale appeared for the coal company. Louis Siebecker, the present president of the company, testified that Baldner was to receive but \$5 a year The contract agreeing to pay that amount per month was offered in evidense for the plaintiff. The defense objected to its admission as evidence, it not having the seal of that corpor ation stamped on the back of it. The objection was over-ruled. Mr Siebecker further stated that Mr. Kerr made the error in the contract, as it was supposed at the meeting of the directors that the amount was to be for one year and not one month as the contract reads. Mr. Kerr being in Colorado adwhen the defense will ask to have Mr Kerr's testimony taken. The request

was granted, Michael Duffy and his son, Joseph were arraigned before Alder- David Nicholas, John Raine man Ruddy last night on the charges of assault and battery and threatening to kill preferred by Ann Duffy, wife and mother respectively of the defendants. It is Just as Important that you enrich and purify your blood

in the Fall as in the Spring. At this time, owing to decaying vegetation, a low water level, and other causes, there are disease germs all about us, and a weak and debilitated system quickly yields to attacks of malaria, fevers, etc. By purifying and enriching your blood with Hood's Sarsaparilla you may build up your system to resist these dangers, as well as coughs, colds, pneumonia and the grip which come with colder weather. To be on the safe side, take Hood's Sarsaparilla now, and always be sure it is Hood's and not something else represented to be "just as good."

A bell of rock yesterday crushed out the life of Evan J. Thomas in the Storr's mine. Mr. Thomas was a miner and had almost completed his day's work when the accident happened. NEIGHBORS AT WAR. The clerks in the dry goods department of Chappell's store were surprised yesterday morning when a woman entered the store, struck a woman that was making some purchases and grabbed a purse she had in her hand. The woman struck was Mrs. Bridget Naughton, ber assailant was Mrs. Ann Gallagher. They are neighbors.

Previous to the episode that occurred in the store Mrs. Gallagher had a warrant issued for the arrest of Mrs. Naughton, charging her with larceny. After the assault in the store yesterday Mrs. Naughton had a warrant issued for the arrest of Mrs. Gallagher on the charges of assault and battery and larceny. The purse contained \$9 she said.

Last night's hearing was a lively one. The alderman was at wits end in striving to stay the force of Mrs. Gallagher's tongue. Mrs. Naughton had the clerks of the store to testify in her case. Bail in the sum of \$600 was asked for from Mrs. Gallagher, but up to a late hour had not been furnished.
