Mysoro hands commenced with a burning on my fingers. When I rubbed them you could see little white pimples, and I felt like twisting them out of their sockets. I had high fever and coid chills, nights I had to waik the floor until I felt select. My hands peeled like an onion, the finger nails get loose, the water ran out, and there the burning fire was. My hands suffed up worse than a tood, the water ran through the bandage on to the floor. I went to a doctor for a year. I got Curicura Resolvant and Curicura Rose. The nails hardened up, peeled of, and my hands are now cured.

### **NEW COMMANDER** TO BE APPOINTED

GENERAL YOUNG TO HAVE CHARGE OF FIRST DIVISION.

Furloughs Are Being Issued Again After a Much Re tetted Interruption-Twelfth Pennsylvania Getting Ready to Leave for Home. Colonel Ripple Back from Camp Thomas-Only Twenty Pennsylvanians Sick in the Hospital

Special to the Screnton Tribune.

Camp Meade, Middletown, Pa., Sept. 11.-Your correspondent was informed today by a member of the staff of the first division headquarters that a new commander for that division will soon be appointed, General B. M. Young, the United States cavalry officer. The appointment may be made soon.

The regular furloughs, which for a time were interrupted, are now being issued again and several of the men are taking advantage of the privilege. The 159th Indiana left for home this evening at 8 o'clock and the 12th Pennsylvania are in readiness to leave the camp of the Third brigade in the morning. General Gobin has returned

Colonel Ripple was in camp this afternoon to see Colonel Coursen. He will report to the governor tomorrow at Harrisburg as to the results of his trip to Camp Thomas. He says there are only twenty Pennsylvanians now in the hospital at that place and all are doing well. They will be sent home as soon as they are well enough to travel unattended.

It is remembered in the Thirteenth that it was just one year ago today that the regiment pitched tents at Lat-

### HAVE LEFT CAMP MEADE.

Two Regiments Go Home to Be Mustered Out.

Camp Meade, Middletown, Penn., Sept. 11.-Two regiments left camp today for their homes to be mustered out, They are the Eighteenth Pennsylvania and One Hundred and Fifty-ninth. The Third New York and the Second Signal Corps company will go tomorrow. The signal company goes to Montauk Point to prepare for service in Porto Rico The Sixteenth Pennsylvania battalion is scheduled to leave Tuesday evening for New York, and will start on the Berlin for Porto Rico, The battalion will be fully armed and equipped before starting and will probably be away two years. There will be a heavy movement of troops this week to camp. The first to arrive will be the Two Hundred and Second and Two Hundred and Third New York from Camp Black and after them will come the Fourth New Jersey and Fifth Massachusetts.

Colonel E. T. Casteel, of the Second West Virginia, has been assigned to temporary command of the First brigade of the Second division. General Sheaf commands this brigade and has gone home on a forty days' furlough. When General Young reports to General Graham he will be placed in com mand of the First division. The division is now commanded by General J. P. S. Gobin, who will return to his bri gade, composed of the Eighth, Twelfth and Thirteenth regiments. Colonel W. J. Glenn, of Pittsburg, has been placed in temporary command of the brigade composed of the Fourteenth Pennsyl vania, Fifth Massachusetts and First Rhode Island.

General Graham has issued an orde that company commanders who neglect to furnish a description of patients sent from their commands to the division hospitals will be placed under arrest for neglect of duty. Major Parke has been relieved of duty as chief surgeon of the Second division hospital and placed under arrest for neglect to furnish a descriptive list of patients forwarded to Philadelphia hospitals. Genwelfare of the patients which have been sent from time to time from Camp Meade to Philadelphia hospitals and has ordered Major Payton, assistant chief surgeon of the Second corps, to look after these invalids and issue furloughs to them as soon as they are able to leave the hospitals and travel alone.

## PITTSBURG CELEBRATES.

The 18th Regiment Welcomed Home. Sousa's Band in the Parade.

Pittsburg, Sept. 11.-The Eighteenth regiment, Pennsylvania volunteers, arrived home tonight at about 9 o'clock and were accorded a reception such as has seldom, if ever, been given any body of men in this city.

The arrangements for the reception were under the supervision of the Eighteenth regiment veteran corps, who acted as escort to the returning soldiers from the train to the armory, headed by the famous Sousa band. The band is filling a week's engagement at the Pittsburg exposition and tendered its services through the exposition management.

From the train, which unloaded at the foot of Liberty street to the armory of the regiment on Ress street, one solid mass of cheering humanity lined the streets giving the returning soldiers a most enthusiastic welcome. The welcome home was remarkable in that at least 15,000 people along the Pennsylvania road from Wilmerding into Wilkinsburg lines the track on each side burning red fire and cheering as the train passed through them on its way to the city. No accidents occurred on the trip from Camp Meade. and but two of the regiment are reported sick.

AFFAIRS AT MONTAUK.

Saratoga Arrives-Col. Roosevelt's Riders Will Be Mustered Out.

Montauk Point, N. Y., Sept. 11.— The transport Saratoga arrived from Santiago this morning with about six-ty members of the signal corps, in ommand of Lieutenant Colonel Frank Green. Half of them were volunteers from Maine, under Captain G. W. Buter, and the others were regulars under Lieutenant G. C. Burnell. The Saratoga also brought 250 negro laborers, who were sent to Santiago several months ago to act as teamsters, driv-ers, stevedorers, etc. Two of the negroes died of malarial fever on the voyage. Twelve were sick when the steamer reached here, and were taken to the detention hospital. None of the cases are considered serious.

Colonel Roosevelt expects to have his regiment of Rough Riders mustered out on Thursday and the men will then leave camp and go to their homes. The officers and men of the regiment are preparing to present to Colonel Roosevelt a testimonial of their regard in the form of a small bronze statue designed by Frederick Remingon, the artist. It is called the "Broncho Buster," and represents a cowboy on the back of a bucking mustang. The testimonial will cost \$250, and it is the intention to have every officer and man in the regiment subscribe something to its purchase.

The general belief in Camp Wikoff today is that great changes will be seen here before the present week is over. Reports are circulating freely that General Miles had assumed the active diection of the affairs of the camp, and hat he intends to have all regular troops removed from here as soon as possible and sent to regular army posts, where they can live in regular army barracks and be more comfortable in every way than they can be living in tents on the castern end of Long Island, for when the weather becomes much colder than it is now the troops will undoubtedly suffer here. General Bates, who is now in command of Camp Wikoff, admitted today that new orders had been received from Washington in regard to the disposition of the soldiers here, and the general understanding is that they will all be removed away as rapidly as possible.

LI HUNG CHANG'S DISMISSAL.

Curt Note from the Emperor Removes Him from the Foreign Office-Russia May Object.

Peking, Sept. 8, (delayed in transmision.)-An imperial edict announcing that the emperor has no further need of Li Hung Chang's services as miniser of Tsung-li-Yamen, was promulgated today. It is a short, curt dismissal for which no reasons are given. The news of Li Hung Chang's dismissal was not unexepected. A growing distrust of the great Chinese statesman has been observable for some time past among his colleagues. It will be great blow to Russia, which country Li Hung Chang has faithfully served for months past. Whenever the Tsung li Yamen received the British minister, Sir Claude M. McDonald in audience, Li immediately went to the Russian minister and reported the whole proceedings to him. Lately there have been indications that Li Hung Chang and on Saturday last, in the presence of the Tsung-li-Yamen, Sir Claude M. MacDonald reproached Li Hung Chang all who attend. for his conduct, and his dismissal from the foreign office was probably the immediate consequence

where he was the only minister prepared to vigorously answer harsh, foreign demands

A panicky feeling pervades officialdom here. The emperor is daily giving out dismissals or promotions without apparent cause. A new edict, just issued, requires the viceroys to send to the capital lists of men capable of bearings arms. This is looked upon as organizing of a militia on the European model.

THROWN FROM A WINDOW.

Center Street Woman Tells a Story to the Police.

Lou Guise, proprietor of an estabshment on Center street, in the rear of the White House saloon, was thrown from a second story window of her house last night by "Jack" Thomas, an warded to Philadelphia hospitals. Gen-eral Graham is very anxious about the story told to the police by the woman. She was not badly injured. Thomas was not arrested.

The woman first told Patrolman Karius of the case. At that time she was crying and excited and told by the patrolman who doubted her statement, to make her complaint at the Center street police station.

She was limping when she reached

## Poisoned Blood

Disagreeable Itching Spread All Over His Body - Sleep Disturbed -Hoed's Sarsaparilla Drove Out the Poison and Cured.

"I have been poisoned every summer for years. Last summer the poison came out on me worse than ever before. I would frequently be awakened during the night by the itching. I would scratch myself, but instead of being relieved the trouble spread to different parts of my body. I tried various remedies which people recommended to me, but none of them ever helped me. I made up my mind the poison could not be cured until my blood was pure and then I decided to take Hood's Sarsaparilla. While taking the first bottle I felt relieved from the itching. I kept on taking the medicine and it has entirely cured me. I am now on my fourth bottle and I can sleep soundly at night." WILLIAM RAN, 3126 Westmont Street, Philadelphia, Pa.

DUNMORE.

Mr. and Mrs. David Seine and daugher, Mrs. James Hastle, of Avoca, are the guests of Mr. and Mrs. David Turnbull, of Grove street. Dr. and Mrs. Van Doren, of Arch-

bald, spent Sunday with Professor and Mrs. R. N. Davis, of North Blakely Mr. and Mrs. E. W. Bishop and Miss Ruby Yost, who have been attending

the factory inspector's convention at Boston, Mass., the past week, have returned. Mr. and Mrs. Thomas Jeffrey and sister, Miss Kate Jeffrey, left on Fri-day for Scotland, Mr. Jeffrey's physician ordering him abroad for the bene-

fit of his health. Michael Murphy, of Sport Hill, was arrested Saturday afternoon, charged with disorderly conduct. It seems that Murphy, while intoxicated, boarded an electric car. While on the car he rec-ognized a man by the name of Hennigan, who was accompanied by a woman, and immediately began to blackguard him. Hennigan warned him to se quiet several times, until finally, his patience being exhausted, he proceeded o chastise Murphy. During the scuffle one of the windows in the car broken. About this time, the car having been stopped, Officer Beaver ap-

and he was released. Murphy was taken to jail. At the hearing before Burgess Powell yesterday, neither the Railway company or Mr. Hennigan appearing against him, the charge was made "disorderly conduct" and he was fined \$5 and costs.

JERMYN AND MAYFIELD.

"Colonel" Hunter was a well known figure on Main street and acknowledged by all to be the handsomest St. Bernard in this section. Last Saturday morning Mr. Thomas Hunter, his owner, went out as usual to see his dog, and "Colonel" lay on the grass as though he were asleep. Mr. Hunter spoke to him, but "Colonel" did not move. Mr. Hunter knew at once that tigation found that his dog was dead. Mr. Hunter and J. D. Stocker live on a plot of ground with no fence between them and "Colonel" used to guard Mr. Stocker's property as well as he did his own home, and the supposition is that "Colonel" was preventing somebody from committing some sort of a depredation, and that the dog has been poisoned to get him out of the way.

On the fifteenth of this month the farmers of Scott and the Lackawanna valley will hold their fifth annual clam bake at Lake Chapman. Yesterday morning about seven

o'clock Patrick Connors, of the East Side, was found alongside the Delaware and Hudson railroad track with his hip fractured. He had been there in that condition since about four o'clock. He was taken to his home and Doctors Davis and Manley called and they decided it was best to take him to the emergency hospital at Carbondale. The ambulance was called and he was removed to the hospital.
