THE SCRANTON TRIBUNE-WEDNESDAY, SEPTEMBER 21, 1898

BROKE A RECORD IN SPRINGER CASE

THREE SESSIONS OCCUPIED IN PRESENTING DEEDS.

Sixty-Eight Exhibits Had Been Recorded at Adjournment and More Were to Come-In the Moscow Water Case the Defense Outlines Its Contentions - Two Verdicts Rendered and Two Others Entered by Agreement-Allegations in the Replogle-Carey Case.

In the matter of exhibits, the case of the Lacoe and Shiffer Coal company against W. M. Springer is a record breaker. At 3 o'clock yesterday afternoon, when adjournment was had, Stenographer Willis D. Coston was engaged in marking for identification 'Plaintiffs' Exhibit No. 68."

This large number of papers entering into the case are the deeds from the time of the commonwealth grant in 1780 until the present, by which the coal company is endeavoring to establish its paper title. All of Monday afternoon and yesterday was taken up with the presentation of these "exhibits" and the last is not yet complete.

It looked for a time yesterday as If a third jury would have to be empanelled in this case. On Monday, it will be remembered, Charles Stoner, of Seranton, one of the first jury drawn, became ill after the case had been opened for the plaintiff, necessitating the drawing of another jury and a repetition of the plaintiffs' opening. Yesterday when court reconvened after the noon recess one of the jurors, Thomas Gordon, of Carbondale, was missing,

GORDON APPEARED.

After a tedious, and on the plaintiffs part, an anxious wait, of nearly an Gordon put in an appearance and took his seat in the box after explaining that he was taken suddenly ill at dinner. The case had proceeded but a short time when Gordon gave signs of being ill again, and not wishing to go on with the case under this condition of affairs, adjournment was agreed upon until this morning. Judge Edwards told Gordon that he had better recover from his illness over night | marched about the central city streets. and be on hand in the morning.

The case of E. J. Ehrgood against the Moscow Water company is still on yachting cap. before Judge Love. The defense was Dunmore, led the procession and played opened during the afternoon by Mr. O'Brien, who said it would be shown as marshal, and after the parade all that the company in no way decreased gathered at Music hall, where a public the flow of the stream that supplied Ehrgood's mill; that for years before the water company tapped the stream the mill was periodically idle because of the lack of water, and that the flag. building of the company's dam made no noticeable change in the flow of the stream or in the operations of the mill. Charles Lancaster, who leased the mill for a year previous and several years subsequent to the building of the company's dam, and a number of other residents of Moscow gave testimony along the line of Mr. O'Brien's state-

In the case of Kane & Timony against Fred DeWitt and others, a claim for plastering work and matertals, the jury found for the plaintiffs car's remarks were very cloquent and in the sum of \$28.50, which is \$10 less elicited much applause. He spoke of than the full amount of the claim.

REPLOGLE CASE.

The only new case called vesterday was that of D. P. Replogle, assigned to David T. Williams, against William about Sept. 20, 1870, when Rome was Taylorville

ant Pellets.' This was in 1897 and now I am in the enjoyment of good health which I attribute to Dr. R. V. Pierce I am so glad of my health that I cannot say too much. I first return my sincere thanks to Almighty God and then to Doctor Pierce." The above is only a specimen case taken at random from thousands.

WHY IT IS SO.

In view of the foregoing facts it is

weak stomach, weak lungs, stubborn, ingering cough, bronchitis, bleeding lungs, or any of these kindred forms of disease which, when neglected or im-properly treated, lead to consumption. WILL NOT INEBRIATE.

There is one important feature about "Golden Medical Discovery" which cannot be too strongly emphasized. It contains no alcohol, or whisky, no plum or narcotics, neither sugar nor syrup which so often disagree with the weak, dyspeptic stomach, Without any of these things it preserves its medicinal qualities perfectly and in any climate. It does not create a craving for injurious stimulants or narcotics.

DON'T BE DECIEVED.

If you are convinced that Dr. Pierce's Golden Medical Discovery is what you need, do not allow any designing dealer to palm off a substitute on you under the specious plea that it is "just as good." If he has no respect for your judgment show him that you have. Any dealer can obtain this great standard remedy for you if you insist upon it. It affords him a fair profit. It is his business to supply what you ask for, and not to urge some substitute on you for the sake of making a larger profit. Your health is of vastly more consequence than his profit. Let any substituting dealer understand that

There are people everywhere who are in ill-health. Medicine has not belped them. They are out of heart and discouraged. Dr. Pierce invites such to write to him, freely and fully, After careful consideration of the case a reply is quickly made containing such instructions and fatherly advice as will prove of a greatest benefit. There is no charge for this consultation by letter.

A GREAT OFFER.

"The People's Common Sense Medical Adviser." Dr. Pierce's great work on the treatment and cure of disease, is a book for patients, a book for the hcusehold. It is packed with information from cover to cover. This great book contains 1008 pages and over 700 illustrations, is sent absolutely free, on receipt of stamps to cover the expense of mailing only. Send 21 cents in onecent stamps for the edition bound in paper, or 31 stamps for the handsome, cloth-bound edition. Address,

Dr. R. V. Pierce, Buffalo, N. Y.

ROBY MAY BE BATTLE GROUND.

Place Secured for Corbett and Mc-Coy.

La Porte, Ind., Sept. 20-Roby, which in past years was the scene of many puglistic battles, may be made the arena for the fight between Corbett and McCoy.

Private advices from Roby give the d-tails of the proposed meeting. Architects have been at work for several days on plans for the conversion of the betting ring at Roby into a fighting arena with a capacity of 10,000.

The details for the meeting of the giadiators is in the hands of Stuart. Considine and John Condon, of race track fame, and a secret meeting held at Mount Clemens, Michigan, resulted in Roby being selected as the battle ground of the two heavyweigths.

it is the evident purpose to keep both Corbett and McCoy in training without giving the exact location of the fight and the advices revealing the arrangements in progress of consummation have caused a great sensation in sporting circles.

CASE DROPPED

Alfred W. Jones, of Milton, Will Not Be Tried.

Dover, N. H. Sept. 20 .-. The state authorities today dropped the case against Alfred W. Jones, of Milton, who was tried at the last term of supreme court here on the charge of murdering his mother, Sally W. Jones, by poisoning.

case was a noted one and was first called to the attention of the public by the efforts of Alfred W. Jones and his sisters to have the body of their mother exhumed, on the ground that the woman's husband was respon-

THE CRY OF CORRUPTION.

When It Is Simmered Down It Means Nothing.

Colonel W. A. Stone, at Williams' Grove. Our critics claim that the administration of the Republican party in Pennsylvania is corrupt. Wherein and in what particular is it corrupt? In what particular has the Republican party teen unmindful of the rights of the people of Pennsylvania? They took a bankrupt state, forty million dollars in debt. They now exhibit it to you with that indebtedness reduced to very little more than a million dollars, and with the state disbursing more than half the money received from corporations among the counties of the state, thus lifting the burdens of the people. And in addition to that it has taken off your taxes.

This state has not been entirely under Democratic control since we came into possession in 1861. If the Republican party is to be charged with all the mistakes and wrongs of individ-uals, let our critics be fair, let them be manly, let them be honest and give the party credit for the good it has done. But you hear no mention made of the wise legislation enacted by the Republican party in Pennsylvania. Not a dollar has been lost to the state in all these years. Not a dollar collected from lands of the state. Not a dollar collected from trades, occupations, professions. Not a dollar collected from horses and cattle; but collected almost entirely from corporations, and more than half returned to the counties of the state. These wise laws, so beneficial to the people of our state, are entirely incompatible with the purposes of any man influencing or controlling the party to loot the state and

organs of the body. ach is not in a state of healthy activ- | ical Discovery" is the best blood puriity, Nature does her best, but the various dependent organs of the body are put on short rations. There is not nourishment enough to supply them properly.

WHAT HAPPENS THEN? A weakened stomach. A stomach incapable of performing its functions

fully. The liver and blood-making glands at work. glands work imperfectly. The natural Weak lungs are cured on the same result is that the food is imperfectly principle. Weak lungs are inseparable from a weak stomach. A weak stom ach does not always mean weak lungs and stopped by waste and putrescent but weak lungs always means a weak stomach. The weak stomach mean trouble is. They locate it in the stomlack of sufficient nutrition, or the in ach, because they have pain there after capacity of the stomach to digest the food and distribute the nutriment to or an appetite that eating does not repair the waste and loss of the body

There is heaviness after a The whole medical profession recognizes this fact. Their great prescriphard to breathe, there is such a stuffy tion for weak lungs and consumption feeling about the chest. There may be is a fattening food, condensed and as palpitation or irregular action of the similable-which takes the form of cod

heart and the sufferer imagines he has liver oil, either in all its original nastiheart disease. Perhaps the stomach ness, or with its offensiveness modified in some emulsive preparation. sours, and there are bitter risings, and belchings. These symptoms mark vatheory is sound enough. What the rious forms and stages of "weak stombody needs is nourishment. If you could nourish the body up to the point every case or in the earlier stages of of aggression against disease it would the disease. Any one of these sympprotect itself. Somehow cod liver oll toms locates the trouble in the stomand its preparations never seem to get

ach and the digestive and nutritive functions, which are disturbed. Quite often there is no apparent conhealing. Let the lungs alone. If you

nection between the stomach and the can cure the stomach, invigorate the symptoms of the disease. The victim thinks it "liver trouble," heart failliver and set the blood making glands to manufacturing, and start the curure, or lung disease. There is a duil rent of rich, red blood, throughout the pain, perhaps in the back or the side. system, Nature will take care that it The spine aches, sometimes "in spots' does its work of building up the body. and sometimes through its whole That is the basis of Dr. Pierce's cure length. There may be a sharp stitch for weak lungs, the condition which or pain occasionally. Exercise makes by neglect or bad treatment becomes the limbs tremble and the heart beat consumption. violently. Perhaps to some of these symptoms there is added an obstinate, How does the treatment work in

stubborn cough.

WHAT IS THE MATTER NOW? It is another case of weak stomach. But, that is not where the pain is Very likely not. But that is where the trouble is. The stomach has not been able to properly feed the organs dependent upon it. They are starving, they are weak, and they show their weakness in the aches and pains that afflict the various parts of the body. What will set the stomach right? There is one remedy practically infallible in its results and that one remedy is Dr. Pierce's Golden Medical Discovery. It cures because it is made to cure just the conditions of the stomach which give rise to disease.

A COMMON SENSE VIEW.

If so many diseases begin in the icines I have ever taken." stomach and nutritive system, why should not some one remedy be compounded, which by healing the stomach would necessarily cure the diseases of the organs dependent on it? This was the great question which Dr. R. V. Pierce set himself to answer. followed a period of profound Then study of the value of alterative and tonic medicines. The result was Dr. Pierce's Golden

tion, hectic flush, labored breathing and great weakness. Call the disease Medical Discovery, a medicine for the what you please, "Golden Medical Disstomach and the whole digestive and nutritive system.
